Memoirs Of Senator James C Douglas 1887-1954 Concerned Citizen:

Memoirs of Senator James G. Douglas (1887-1954), Concerned Citizen James Green Douglas, 1998 Senator James G Douglas a Dublin businessman and Quaker was an Irish nationalist active in the Irish White Cross 1920-22 He was appointed by Michael Collins to the committee which prepared drafts for the first Irish constitution in 1922 He was a Member of Seanad Eireann 1922-36 1938-43 and 1944-54 These previously unpublished memoirs were written in the late 1940s and relate his involvement in the events of 1916 to 1926 He casts fresh light on some of these events revealing for example his secret meetings with de Valera in the closing stages of the Civil War **America and the Making of an Independent Ireland** Francis M. Carroll, 2021-01-05 Examines how the Irish American community the American public and the American government played a crucial role in the making of a sovereign independent Ireland On Easter Day 1916 more than a thousand Irishmen stormed Dublin city center seizing the General Post Office building and reading the Proclamation for an independent Irish Republic The British declared martial law shortly afterward and the rebellion was violently quashed by the military In a ten day period after the event fourteen leaders of the uprising were executed by firing squad In New York news of the uprising spread quickly among the substantial Irish American population Initially the media blamed German interference but eventually news of British propagated atrocities came to light and Irish Americans were quick to respond **America and the Making of an Independent Ireland** centres on the diplomatic relationship between Ireland and the United States at the time of Irish Independence and World War I Beginning with the Rising of 1916 Francis M Carroll chronicles how Irish Americans responded to the movement for Irish independence and pressuring the US government to intervene on the side of Ireland Carroll's in depth analysis demonstrates that Irish Americans after World War I raised funds for the Dail Eireann government and for war relief while shaping public opinion in favor of an independent nation The book illustrates how the US government was the first power to extend diplomatic recognition to Ireland and welcome it into the international community Overall Carroll argues that the existence of the state of Ireland is owed to considerable effort and intervention by Irish Americans and the American public at large **Everyday Violence in the Irish Civil War** Gemma Clark, 2014-04-21 **Everyday Violence in the Irish Civil War** presents an innovative study of violence perpetrated by and against non combatants during the Irish Civil War 1922-3 Drawing from victim accounts of wartime injury as recorded in compensation claims Dr Gemma Clark sheds new light on hundreds of previously neglected episodes of violence and intimidation ranging from arson boycott and animal maiming to assault murder and sexual violence that transpired amongst soldiers civilians and revolutionaries throughout the period of conflict The author shows us how these micro level acts particularly in the counties of Limerick Tipperary and Waterford served as an attempt to persecute and purge religious and political minorities and to force redistribution of land Clark also assesses the international significance of the war comparing the cruel yet arguably restrained violence that occurred in Ireland with the brutality unleashed in other European conflict zones **Drafting the**

Irish Free State Constitution Laura Cahillane, 2016-07-01 This book provides an account of the drafting of the Irish Free Constitution of 1922 analysing the document in its historical context and exploring the reasons for its lack of success
