Multilingual Identities In A Global City London Stories:

Multilingual Identities in a Global City D. Block, 2005-11-22 Opening with a discussion of the key issues of globalization migration multiculturalism multilingualism and global cities David Block then turns to four detailed case studies East Asian students living and working in London foreign language teachers from France London's growing Latino community and second generation South Asian university students Via these case studies the book explores the ambivalent and multi layered identities of individuals who have crossed geographical and psychological borders during the course of their lifetimes and settled in London the quintessential global city

The Routledge Handbook of Spanish in the Global City Andrew Lynch, 2019-07-11 The Routledge Handbook of Spanish in the Global City brings together contributions from an international team of scholars of language in society to offer a conceptual and empirical perspective on Spanish within the context of 15 major cosmopolitan cities from around the world With a unique focus on Spanish as an international language each chapter questions the traditional and modern notions of language place and identity in the urban context of globalization This collection of new perspectives on the sociology of Spanish provides an insightful and invaluable resource for students and researchers seeking to explore lesser known areas of sociolinguistic research

Discourse, Identity, and China's Internal Migration Dong Jie, 2011 Migrant workers are the crucial to China's fast growing economy yet little is known about their identities This ethnographic study of the language use and identity construction of the children of internal migrants is innovative both in the context it studies and the scalar structure of discursive identity construction used to present its data

Learning Languages, Being Social Susanne Mohr, Lindsay Ferrara, 2024-08-05 This book addresses increasingly diverse language learning trajectories in a modern globalized world specifically outside of formal classroom situations and with respect to second and additional language practices This includes but is not restricted to intersections of formal and informal learning computer mediated contexts as well as family contexts and language learning in multilingual contexts The book provides a current and specifically anthropological view on the second and additional language acquisition in non school settings through various studies It is unique in its focus and scope and is relevant to anthropologists and linguists who are interested in the intersection of language and culture

Contemporary Applied Linguistics Volume 1 Li Wei, Vivian Cook, 2009-08-23 A comprehensive survey of the ways in which linguistics is being used by researchers in a wide range of interdisciplinary areas

Contemporary Applied Linguistics Volume 1 Vivian Cook, Li Wei, 2009-06-23 Written by internationally renowned academics this volume provides a snapshot of the field of applied linguistics and illustrates how linguistics is informing and engaging with neighbouring disciplines The contributors present new research in the traditional areas of applied linguistics including multilingualism language education teacher learner relationships and assessment It represents the best of current practice in applied linguistics and will be invaluable to students and researchers looking for an overview of the field

Beyond Language Boundaries Marta Fernández-Villanueva, Konstanze

Jungbluth, 2016-08-22 The way speakers in multilingual contexts develop own varieties in their interactions sheds light on code switching and multimodal dynamic co constructions of grammar in use This volume explores the intersection of multimodality and language use of multilingual speakers Firstly theoretical frames are discussed and empirical studies involving Catalan German and Spanish as L1 L2 or FL are presented interconnecting verbal and gestural modalities into grammar description or exploring actions as sources for gestures which may nonverbally represent the argument in German dynamic motion verbs Other chapters focus on positionings in interviews lexical access searches or proxemics in greetings and farewells The contributions secondly focus on verbal features of language use in multilingual contexts related to self representation and co construction of identity through code switching deixis or argumentative reasoning in different communicative events based on multilingual data of languages including Croatian English Italian Brazilian Portuguese and Polish The findings call for a reviewed conception of grammar description with implications also for the conceptualization of deixis for L2 foreign language acquisition and language teaching policies *Language Across Disciplinary Boundaries*

Miguel Mantero, Paul Chamness Miller, John L Watzke, 2022-01-01 The International Society for Language Studies ISLS inaugurates its first volume in the series Readings in Language Studies with *Language Across Disciplinary Boundaries* a text that represents international perspectives on language and identity critical pedagogy language and power perspectives on second language acquisition and teacher education Founded in 2002 ISLS is a world wide organization of volunteers scholars and practitioners committed to critical interdisciplinary and emergent approaches to language studies **Migrant Women's Voices**

Linda McDowell, 2016-02-25 Between 1945 and the new century millions of women including mothers and migrants joined the labour force These changes are brought to life through the stories of migrant women working in factories and hospitals banks care homes shops and universities over a period of 60 years *Migrant Women's Voices* is an autobiography of the post war period as Britain became a multi cultural society and waged work the norm for most women McDowell illustrates the shift in migration patterns as post imperial migrants to the UK replaced the immediate post war pattern of migrants from war torn Europe and who were then themselves joined by migrants from an increasingly diverse range of countries as the 20th century drew to a close **Language Teaching in the Linguistic Landscape**

David Malinowski, Hiram H. Maxim, Sébastien Dubreil, 2021-02-04 This book builds upon the growing field of Linguistic Landscape in order to demonstrate the power of a spatialized approach to language culture and literacy education as it opens classrooms and cultivates new competencies The chapters develop major themes including re imagining language curricula language classrooms and schools in dialogue with the heteroglossic discourses of the local developing L2 learners symbolic translingual competencies through engagement with situated multimodal texts fostering critical social awareness through language study in the linguistic landscape expanding opportunities for situated L2 reading and writing and cultivating language students capacities for engaged scholarship and research in out of class contexts By exploring the

pedagogical possibilities of place based approaches to literacy development this volume contributes to the reimagining of language education through the linguistic landscape *Identity Revisited and Reimagined* Sangeeta Bagga-Gupta,Aase Lyngv  r Hansen,Julie Feilberg,2017-07-06 In contrast to other studies on identity this book takes its point of departure in the complexities that characterize and shape both individuals and societies past and present Its chapters challenge demarcated fields of study and conceptions of identity as gender identity as functional disability identity as race and identity as or based upon language groupings The contributions take a social practices perspective in their exploration of the performance living and doing of identity positions across time and space Many of the contributions take an intersectional stance and the majority report upon empirically driven studies that examine the ways in which micro level analyses of naturally occurring human communication contribute to our understanding of identification processes Specifically they study the ways in which more recent dialogical and social theoretical analytical frameworks allow for attending to the complexity and dynamics of identity processes the ways in which institutional settings media settings community of practices and affinity spaces provide affordances and obstacles for different types of identity positions and the ways in which shifts in identity positions can be traced across time and space *Neoliberalism and Applied Linguistics* David Block,John Gray,Marnie Holborow,2013-03-01 This book explores neoliberalism a view of the world that puts the market at its centre from the perspective of applied linguistics Neoliberalism and Applied Linguistics argues that while applied linguistics has become more interdisciplinary in orientation it has ignored or downplayed the role of political economy namely the way in which social political and economic factors relate to one another within the context of a capitalist economy The authors take the view that engagement with political economy is central to any fully rounded analysis of language and language related issues in the world today and their collaboration in this volume represents an initial attempt to redress what they perceive to be an imbalance in the field The book begins with a discussion of neoliberalism and an analysis of the ways in which neoliberal ideology impacts on language This is followed by a discussion of how globalization and identity have been conceptualised in applied linguistics in ways which have ignored the political centrality of class a concept which the authors see as integral to their perspective The book concludes with an analysis of the ways in which neoliberal ideology plays out in two key areas of applied linguistics language teaching and language teacher education Neoliberalism and Applied Linguistics is essential reading for advanced undergraduates postgraduates and researchers in applied linguistics *Social Dynamics in Second Language Accent* John M. Levis,Alene Moyer,2014-04-01 This volume offers a definitive source for understanding social influences in L2 pronunciation demonstrating the importance of empirical findings from a number of research perspectives and outlining the directions that future work can take The aim is to present a coherent argument for the significance of social factors and how they contribute to phonological acquisition ***Sociolinguistics in Wales*** Mercedes Durham,Jonathan Morris,2017-01-20 This volume showcases recent sociolinguistic research about Wales and offers contributions from scholars

working on Welsh English and other languages spoken in the country The chapters present a range of frameworks and methodologies used in sociolinguistics and apply them to the Welsh linguistic context This context is very distinctive compared to the rest of the UK and represents a prime ground to observe different aspects of the interplay between language and society The structure of the volume reflects the linguistic diversity of the country and is divided into three sections The first section examines recent research on Welsh the second section focuses on English and the third section deals with research on Welsh and English together as well as research on other languages spoken in Wales The book will be useful to those wanting to discover more about language and society in Wales as well as to those already working in the field as it offers new perspectives and insights

Researching Second Language Learning and Teaching from a Psycholinguistic Perspective Dagmara Gałajda, Paweł Zakrajewski, Mirosław Pawlak, 2016-04-20 This edited collection explores the processes of second language learning and teaching from a psycholinguistic perspective Authored by leading experts in the field the book includes studies focusing on theoretical empirical and practical aspects of second and foreign language education Part One offers contributions devoted to a range of learner related factors dealing with affective and cognitive variables the process of reading and the acquisition of lexis Part Two brings together papers related to teacher awareness of second language instruction that focus on conversational styles fostering intercultural pragmatics teacher job satisfaction the development of instructional materials and challenges of teacher training in different contexts It is of interest to researchers as well as graduate and postgraduate students seeking fresh inspirations for their own empirical investigations of the ways in which second and foreign languages are taught and learned

The Routledge Handbook of Second Language Acquisition and Individual Differences Shaofeng Li, Phil Hiver, Mostafa Papi, 2022-05-30 The Routledge Handbook of Second Language Acquisition and Individual Differences provides a thorough in depth discussion of the theory research and pedagogy pertaining to the role individual difference ID factors play in second language acquisition SLA It goes beyond the traditional repertoire and includes 32 chapters covering a full spectrum of topics on learners cognitive conative affective and demographic sociocultural variation The volume examines IDs from two perspectives one is how each ID variable is associated with learning behaviors processes and outcomes the other is how each domain of SLA such as vocabulary or reading is affected by clusters of ID variables The volume also includes a section on the common methods used in ID research including data elicitation instruments such as surveys interviews and psychometric testing as well as methods of data analysis such as structural equation modeling The book is a must read for any second language researcher or applied linguist interested in investigating the effects of IDs on language learning and for any educator interested in taking account of learners individual differences to maximize the effects of second language instruction

Verbal/visual Narrative Texts in Higher Education Martin Solly, Michelangelo Conoscenti, Sandra Campagna, 2008 This series promotes specialist language studies both in the fields of linguistic theory and applied linguistics by publishing volumes that focus on specific aspects of

language use and provide valuable insights into language and communication research A cross disciplinary approach is favoured and most European languages are accepted **Identity and Pragmatic Language Use** Yoko Nogami,2020-06-22 ELF English as a lingua franca research counters the monocentric view of English based on norms of native speakers of English and supports any usages reflecting sociopragmatic and pragmalinguistic reality of ELF communication Such an approach empowers any speakers of English to contemplate their own varieties of English as legitimate providing them greater options for positive self identification Based on qualitative and interpretive methodology this book illustrates how Japanese L2 English users establish identities related to L2 English as part of their multiple identities and how they explore new identity options through ELF Moreover the author demonstrates how power relations relating to English language are constructed through the participants experiences in ELF interactions Also analysis of the data reveals that to what degree the Japanese L2 English users wish to affiliate with particular groups in ELF interactions with people from diverse cultural background Because of the multidisciplinary nature of the study this book will appeal to a broad audience such as scholars and students who are interested in further understanding of identity and sociocultural issues involved in intercultural communication *The Discourse of Culture and Identity in National and Transnational Contexts* Christopher J. Jenks,Jackie Lou,Aditi Bhatia,2017-10-02 This collection examines and uses discourse to promote a better understanding of culture and identity with the primary goal of advancing an understanding of how discourse can be used to examine social and linguistic issues Many of the contributions explore how the formation of culture and identity is shaped by national and transnational issues such as migration immigration technology and language policy The collection contributes to a better understanding of the process of intercultural communication research as each author takes a different theoretical or methodological approach to examining discourse Although different aspects of discourse are analyzed in this collection each contribution examines issues and concepts that are central to understanding and carrying out intercultural communication research e g structure and agency static and dynamic cultural constructs sociolinguistic scales power and discourse othering and alienness native and non native This book was originally published as a special issue of Language and Intercultural Communication
