A MUPPET Family Christmas ,2003 **Jim Henson** Brian Jay Jones,2016-05-10 NEW YORK TIMES BESTSELLER For the first time ever a comprehensive biography of one of the twentieth century s most innovative creative artists the incomparable irreplaceable Jim Henson He was a gentle dreamer whose genial bearded visage was recognized around the world but most people got to know him only through the iconic characters born of his fertile imagination Kermit the Frog Bert and Ernie Miss Piggy Big Bird The Muppets made Jim Henson a household name but they were just part of his remarkable story This extraordinary biography written with the generous cooperation of the Henson family covers the full arc of Henson s all too brief life from his childhood in Leland Mississippi through the years of burgeoning fame in America to the decade of international celebrity that preceded his untimely death at age fifty three Drawing on hundreds of hours of new interviews with Henson s family friends and closest collaborators as well as unprecedented access to private family and company archives Brian Jay Jones explores the creation of the Muppets Henson s contributions to Sesame Street and Saturday Night Live and his nearly ten year campaign to bring The Muppet Show to television Jones provides the imaginative

context for Henson's non Muppet projects including the richly imagined worlds of *The Dark Crystal* and *Labyrinth* as well as fascinating misfires like Henson's dream of opening an inflatable psychedelic nightclub. An uncommonly intimate portrait, Jim Henson captures all the facets of this American original: the master craftsman who revolutionized the presentation of puppets on television; the savvy businessman whose dealmaking prowess won him a reputation as the new Walt Disney; and the creative team leader whose collaborative ethos earned him the undying loyalty of everyone who worked for him. Here also is insight into Henson's intensely private personal life: his Christian Science upbringing; his love of fast cars and expensive art; and his weakness for women. Though an optimist by nature, Henson was haunted by the notion that he would not have time to do all the things he wanted to do in life, a fear that his heartbreaking final hours would prove all too well founded. An up-close look at the charmed life of a legend, Jim Henson gives the full measure to a man whose joyful genius transcended age, language, geography, and culture and continues to beguile audiences worldwide.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BOOKPAGE Jim Henson vibrantly delves into the magnificent man and his Muppet methods. It's an absolute must-read. Neil Patrick Harris. An exhaustive work that is never exhausting, a credit both to Jones's brisk style and to Henson's exceptional life. *The New York Times*. A sweeping portrait that is a mix of humor, mirth, and poignancy. Washington Independent Review of Books. A meticulously researched tome chock full of gems about the Muppets and the most thorough portrait of their creator ever crafted. Associated Press.

Emily Ever After Anne Dayton, May Vanderbilt, 2005-06-07. A young woman heads to the city for her dream job as New York editor in this contemporary retelling of the story of Esther. When Emily Hinton, a quirky and quick-witted Southern California girl, lands a job at the world-famous publishing house Morrow Sons, she decides that she is moving to New York to find love. And Louis Vuitton, no matter what her friends and family think. Once in the city, however, Emily finds that in the highly secular world of a young Manhattanite, it's anything but easy to balance her passion for New York's glitz and glamour with her determination to live out her faith. Eventually, the crisis comes to a head when Emily takes a stand for her faith, risking in the process her beloved job. Readers of CBA fiction as well as general audience readers of contemporary women's fiction like *Bridget Jones's Diary* will enjoy watching Emily trade in her Nikes for Prada in this funny and fabulous modern retelling of the story of Esther.

Summary of Elizabeth Hyde Stevens's Make Art Make Money Everest Media,2022-05-22T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Art wants quality while business wants profit Great artists fight for quality expenditures while successful businessmen fight against them 2 The Gift explains why artists don t make money because art is a gift and anything that is not a gift in some sense is not art In the market economy profits start to demand giving less and charging more 3 The art of the genius is not rewarded by capitalism The art of the entrepreneur is not appreciated by society The art of the artisan is not appreciated by society and yet it is the only way to make a living as an artist 4 The artist who sells his own creations must develop a more subjective feel for the two economies and his own rituals for keeping them apart and bringing them together He must be able to disengage from the work and think of it as a commodity while also remembering that it is worth more

than just money *Retcon Game* Andrew J. Friedenthal,2017-04-03 The superhero Wolverine time travels and changes storylines On Torchwood there s a pill popped to alter memories of the past The narrative technique of retroactive continuity seems rife lately given all the world building in comics Andrew J Friedenthal deems retroactive continuity or retconning as a force with many implications for how Americans view history and culture Friedenthal examines this phenomenon in a range of media from its beginnings in comic books and now its widespread shift into television film and digital media Retconning has reached its present form as a result of the complicated workings of superhero comics In comic books and other narratives retconning often seems utilized to literally rewrite some aspect of a character s past either to keep that character more contemporary to erase stories from continuity that no longer fit or to create future story potential From comics retconning has spread extensively to long form continuity rich dramas on television such as Buffy the Vampire Slayer Lost and beyond Friedenthal explains that in a culture saturated by editable media where interest groups argue over Wikipedia pages and politicians can immediately delete questionable tweets the retcon serves as a perfect metaphor for the ways in which history and our access to information overall has become endlessly malleable In the first book to focus on this subject Friedenthal regards the editable Internet hyperlink rather than the stable printed footnote as the de facto source of information in America today To embrace retroactive continuity in fictional media means accepting that the past itself is not a stable element but rather something constantly in contentious flux Due to retconning s ubiquity within our media we have grown familiar with narratives as inherently unstable a realization that deeply affects how we understand the world

Garlen, Anissa M. Graham, 2014-01-10

By the end of its five year run on television The Muppet Show had transformed its motley cast from fistfuls of felt to multi media celebrities Sophisticated and highly individuated each of the Muppets embodied a conventional character type from classic television comedy Kermit functioned as straight man to the majority of the show's jokes Miss Piggy the resident diva evolved from first season chorus girl to full fledged megastar A Costello to Kermit's Abbot Fozzie peddled his vaudevillian shtick to a tough audience but his genuine sweetness made him lovable even when his jokes were lame These essays represent the work and ideas of a global community of scholars and Muppet enthusiasts providing a unique perspective on just how Kermit and the rest of the frogs dogs bears and chickens became cultural icons with influences reaching far beyond the world of 1970s television comedy **Fright Xmas** Alan-Bertaneisson Jones, 2010
