Men Behind Bars Wayne S. Wooden, 2012-12-06 Barry is a seventeen year old single white male. He has blond hair and blue eyes weighs 150 pounds and is five feet eleven inches tall. He was arrested in California at age sixteen for assault and robbery. Because he was underage he was initially segregated in a one man cell while in county jail. Then upon admission to a state prison reception and classification facility he was housed in a special dormitory for young inexperienced inmates who would be at risk within the general population. Upon completion of his screening Barry's counselor recommended that he be sent to a penal institution reserved for the younger, more violence prone and hard core inmates. Barry said that he felt he would have problems at the recommended facility but his counselor replied "You won't have any problems." Once he arrived Barry was double celled with a nineteen year old inmate who beat and anally raped him during his first night in the admission unit. Barry's cellmate continued to assault him sexually during the two weeks they were housed together.

through the eyes of a native son this is the tale of one a distinguished historian who lived through some of it and heard about much of it from friends and relatives In this hundred year journey the town was profoundly impacted by the establishment of Fort Bragg 10 miles to its west Throughout this hundred year history murder seems to be the scarlet thread that stitched the town into infamy The book demonstrates that Fayetteville was by no means innocent prior to the coming of Fort Bragg Nor did all of the crime and evil emanate from Fort Bragg after 1918 As for murder there was an abundance of killing that had no connection with Fort Bragg but the most sensational murder case of the century involved Jeffrey MacDonald a Green Beret Army captain and physician who received three life terms in federal prison for killing his pregnant wife and two daughters While many other Fort Bragg soldiers were involved with murders along the Cape Fear murders were also committed by transient civilians and local citizens like the famous inventor of the M 1 carbine Marshall Carbine Williams and Velma Barfield who poisoned her mother and three other people In all about two dozen murder cases some highly publicized and some not are woven into this story about a North Carolina town in the twentieth century Engagingly told this book is a wonderful blend of history lore and murder

Prison and Social Death Joshua M. Price, 2015-07-01 The United States imprisons more of its citizens than any other nation in the world To be sentenced to prison is to face systematic violence humiliation and perhaps worst of all separation from family and community It is to borrow Orlando Patterson's term for the utter isolation of slavery to suffer social death In *Prison and Social Death* Joshua Price exposes the unexamined cost that prisoners pay while incarcerated and after release drawing upon hundreds of often harrowing interviews conducted with people in prison parolees and their families Price argues that the prison separates prisoners from desperately needed communities of support from parents spouses and children Moreover this isolation of

people in prison renders them highly vulnerable to other forms of violence including sexual violence Price stresses that the violence they face goes beyond physical abuse by prison guards and it involves institutionalized forms of mistreatment ranging from abysmally poor health care to routine practices that are arguably abusive such as pat downs cavity searches and the shackling of pregnant women And social death does not end with prison The condition is permanent following people after they are released from prison Finding housing employment receiving social welfare benefits and regaining voting rights are all hindered by various legal and other hurdles The mechanisms of social death Price shows are also informal and cultural Ex prisoners face numerous forms of distrust and are permanently stigmatized by other citizens around them A compelling blend of solidarity civil rights activism and social research Prison and Social Death offers a unique look at the American prison and the excessive and unnecessary damage it inflicts on prisoners and parolees *Unbelievable Crimes Volume Thirteen* Daniela Airlie,2024-10-27 Come with me to investigate some truly terrifying yet relatively unknown true crimes in Unbelievable Crimes Volume Thirteen In this installment of this series I ll recount some of the most heinous crimes in recent history The first is the story of a young woman who was lured to her death by a nefarious couple using a dating app The victim thought she was going on a date but ended up entangled in a twisted lovers killer plot Then I cover the heartbreaking case of a young woman whose car broke down in a desolate area Two men stopped to help She would be dead before the night was over I also explore the crimes of a lesser known serial killer who preyed on the young and vulnerable Learn about these crimes and other lesser known cases in Unbelievable Crimes Volume Thirteen **The Bermondsey Murder** Angela Buckley,2024-09-30 When Patrick O Connor went missing in August 1849 his friends were suspicious The London dock worker was last seen in the company of Swiss born Maria Manning and her husband in Bermondsey By the time police officers discovered his remains under the kitchen floor the couple had fled This shocking crime sparked a race against time to bring these cold blooded killers to justice After almost a decade of unsolved murders in the capital could Scotland Yard detectives find the murderous pair and restore public confidence in their sleuthing skills The search for the Mannings spread beyond England and was closely followed by the Victorian public including prominent writers such as Charles Dickens who was haunted by the case and later immortalised some of the key characters in Bleak House which was published just four years later To this day the Bermondsey Murder remains a legendary crime in the history of Scotland Yard and mid nineteenth century London Using primary source material this book delves into the background of the Mannings including Maria s link with royalty and Frederick s previous criminal activities It also offers a full biography of the victim Patrick O Connor and his shady past as well as presenting the original court documents which shed further light on the case and the Mannings relationship The Crime Book DK,2021-02-02 Investigate 100 of the world s most notorious crimes including the Great Train Robbery the Lindbergh kidnapping and the murders of serial killer Jeffrey Dahmer Were the perpetrators delusional opportunist or truly evil Find out what really happened and how the cases were solved Discover conmen with sheer verve
