Nudes, 1986-1991 Ron Turner, 1991 *Photography of the Nude* Frank H. Wallis, 1993 **The Female Nude** Lynda Nead, 2024-05-01 The history of Western art is saturated with images of the female body Lynda Nead's *The Female Nude* was the first book to critically examine this phenomenon from a feminist perspective and ask how and why did the female nude acquire this status In a deft and engaging manner Lynda Nead explores the ways in which acceptable and unacceptable images of the female body are produced issues which have been reignited by current controversies around the patriarchy objectification and pornography Nead brilliantly illustrates the two opposing poles occupied by the female nude in the history of art at one extreme the visual culmination of enlightenment aesthetics at the other spilling over into the degraded and the obscene What both have in common however is the aim of containing the female body Drawing on examples of art and artists from the classical period to the 1980s *The Female Nude* paints a devastating picture of the depiction of the female body and remains as fresh and invigorating today as it was at the time of its first publication This Routledge Classics edition includes a new Preface by the author **Camerawork**, 1992 **Publishers Directory**, 1994 *Forthcoming Books* Rose Arny, 1992
