Nudism in Modern Life Maurice Parmelee,1952 **The New Gymnosophy** Maurice Parmelee,1927 *Nudity in Modern Life* Maurice Parmelee,1929 **Nudism in Modern Life** Maurice Parmelee,2012-05-01 **Nudism in Modern Life** Maurice Parmelee,1942 **Nudism in Modern Life** Maurice Parmelee,2013-05-31

Nudism in Modern Life written by Dr Maurice Parmelee Professor of sociology City College of New York who was the honorary President of the American Gymnosophical Association The reader accompanies Dr Parmelee through his discussion of this subject and holds in mind all the various factors of this large question will reach a more serious conclusion *Seekers of the Naked Truth* Paul LeValley,2018-01-01

Why would I spend a good portion of my time over the last 35 years gathering information on the Gymnosophists The story begins even earlier As an undergraduate student in the Flint College of the University of Michigan I pursued an English major with a strong history minor always looking for something between the two and rarely finding it Then in my practice teaching I happened into one of the early experimental high school courses in Interdisciplinary Humanities With the exciting interrelationships between art literature music philosophy and history I said YES this was what I had been looking for So I pioneered in teaching high school Humanities for the next few years Interdisciplinary Humanities was a bottom up movement Gradually colleges began offering Masters programs to give teachers the rich background they needed I decided I was not tied to Michigan where it was cold I would find the best Masters program in Humanities anywhere in the world and go there Well it turned out that the best Masters program in the world was at Wayne State University in Detroit of all places Unlike other programs that were really just double majors Wayne offered truly interdisciplinary classes Moreover they offered an Eastern track and a Western track Knowing that I would never find that Eastern track anywhere else I studied interdisciplinary courses in the cultures of India China Japan and Egypt The middle eastern professor was on sabbatical when I was there I especially liked India perhaps because I had already travelled around the world and India impressed me the most **The Dressed Society** Peter Corrigan,2008-01-16

It was traditionally said that clothes maketh the man But what codes and meanings are associated with dress in a society that consists of divisions between class race gender family status and religion Is social and cultural life still fundamentally themed by the clothes that we wear If so how should we read these codes and themes in order to decipher their relation to power and meaning This exhaustive book demonstrates how dress shapes and is shaped by social processes and phenomena such as beauty time the body the gift exchange class gender and religion It does this through an analysis of topics like the Islamic clothing controversy in state schools the multitude of identities associated with dress the Dress Reform movement the construction of the body in fashion magazines and the role of the internet in fashion What emerges is a trenchant sharply observed account of the place of dress in contemporary society The book will be of interest to students and researchers in Sociology Cultural Studies Women s Studies Gender Studies Anthropology and Fashion Studies *Naked* Brian Hoffman,2015-05-01

In 1929 a

small group of men and women threw off their clothes and began to exercise in a New York City gymnasium marking the start of the American nudist movement While countless Americans had long enjoyed the pleasures of skinny dipping or nude sunbathing nudists were the first to organize a movement around the idea that exposing the body corrected the ills of modern society and produced profound benefits for the body as well as the mind Despite hostility and skepticism American nudists enlisted the support of health enthusiasts homemakers sex radicals and even ministers and in the process redefined what could be seen experienced and consumed in twentieth century America *Naked* gives a vibrant detailed account of the American nudist movement and the larger cultural phenomenon of public nudity in the United States Brian S Hoffman reflects on the idea of nakedness itself in the context of a culture that wrestles with an inherent sense of shame and conflicting moral attitudes about the body In exploring the social and legal history of nudism Hoffman reveals how anxieties about gender race sexuality and age inform our conceptions of nakedness The book traces the debates about distinguishing deviant sexualities from morally acceptable display the legal processes that helped bring about the dramatic changes in sexuality in the 1960s and 1970s as well as the explosion in eroticism that has increasingly defined the modern American consumer economy Drawing on a colorful collection of nudist materials films and magazines *Naked* exposes the social cultural and moral assumptions about nakedness and the body normally hidden from view and behind closed doors
