Abrahm, 2015-01-01 This highly regarded handbook provides clinicians with the information they need to treat their cancer patients effectively and compassionately This comprehensive guide to managing pain and other symptoms for people with cancer has helped tens of thousands of patients and families Designed for busy practicing clinicians A Physician's Guide to Pain and Symptom Management in Cancer Patients provides primary care physicians advanced practice nurses internists and oncologists with detailed information and advice for alleviating the stress and pain of patients and family members alike Drawing on the work of experts who have developed revolutionary approaches to symptom management and palliative care as well as on the lessons learned from patients and their families during her thirty years as a teacher and clinician Dr Janet L Abrahm shows how physicians and other caregivers can help patients and families heal emotionally even as the disease progresses The third edition includes updates to medications and clinical stories and features two new chapters Working with Patients Families and Sexuality Intimacy and Cancer New lessons from

palliative care and hospice care can help patients their professional caregivers and their families support each other every step of the way Pain and Palliative Care in the Developing World and Marginalized Populations M.r.

Rajagapol,2004-03-31 Essential information for anyone involved in palliative care programs for deprived patients In this comprehensive resource leading healthcare professionals describe pioneering work on the front lines of pain and palliative care service planning and implementation for underserved populations Pain and Palliative Care in the Developing World and Marginalized Populations A Global Challenge explores the challenges and barriers preventing satisfactory pain management for patients who urgently need it This book provides you with true accounts of palliative care programs from around the world to help you meet the needs of disadvantaged clients This essential volume includes a Foreword written by a world leader in palliative care Jan Stjernsward Former Chief of the Cancer and Palliative Care Program of the World Health Organization and currently International Director of the Oxford International Centre for Palliative Care in the United Kingdom Pain and Palliative Care in the Developing World and Marginalized Populations A Global Challenge addresses issues of vital importance for the global health care community such as Why do so many people in the developing world suffer excruciating pain for months and years when simple inexpensive medication could make them comfortable They get MRI scans why don t they have access to palliative care Why do some palliative care programs fail to reach the needy How could a palliative care delivery system be adapted to local needs Why are medical and nursing students not taught the fundamentals of pain management What direction should palliative care education take Could health care resources be channeled to deliver care in a more just and equitable manner This book chronicles the efforts of ambitious pain management care professionals to confront these questions working toward an end to needless preventable pain and suffering It examines their programs and acknowledges their successes and failures to date with commentaries by international experts This indispensable manual discusses palliative care programs in developing countries such as India Chile Argentina Saudi Arabia Thailand Hong Kong Malaysia and others Pain and Palliative Care in the Developing World and Marginalized Populations also offers an important look at pain management programs geared toward several specific underserved populations in both developing and developed countries including Native Americans and inmates in a New Zealand prison Illustrated with figures graphs and tables this book is essential for practitioners and officials in both palliative and public health care All proceeds from sales of this book will be used to support the growth of palliative care programs in India *A Liberal Catholic Bioethics* James F. Drane,2010 A Liberal Catholic Bioethics opens a new dialogue between Christian reasoning and belief and secular positions in bioethics The well documented book covers in detail internal and external debates and positions of Roman Catholic theology and hierarchy issues of contraception and abortion palliative care and euthanasia caring humanely for the demented the use and abuse of modern technology in medicine The doctrine of Papal infallibility is identified as a main reason in hindering and suppressing a dialogue within the church with the faithful and with other religious and humanist

positions Were the Borgia Popes infalliable was Pope Urban infalliabe when he condemned Gallileo the author asks He thus carries the debate far beyond specific bioethics issues towards a more humane medicine and culture

A Good Dying Joan K. Harrold, Joanne Lynn, 1998 A Good Dying Shaping Health Care for the Last Months of Life examines the critical issues of improving the quality of health care for end of life patients You ll gain valuable suggestions and ideas for creating and maintaining policies that pertain to individuals with various diagnoses family structures and personal needs A Good Dying provides methods and examples that will help managers of health care focus on the needs of patients and make their last days as comfortable as possible Emphasizing the need for further education of health care professionals and the need for additional research A Good Dying offers possible solutions to the many barriers of improving conditions for the dying You will be able to directly apply the information in this book to fulfill and understand the needs of dying patients Specific topics covered include portraying death and dying through art and using examples that show how death can be perceived as either noble or dehumanizing emphasizing the benefits and conditions of life in hospice care educating physicians on the topics of pain management and making patients aware of pain relief treatments examining challenges to pain management evaluating the adequacy and completeness of individual health care measuring quality of life at the end of life by examining the physical and emotional pain of the patient financial and emotional effects on the patient s family provider continuity and advanced care planning With contributions from physicians patients families nurses chaplains and insurers the chapters in A Good Dying offer you several different perspectives on strategies and policies needed to enhance the quality of life for the dying You ll receive innovative ideas program models and strategies for evaluating policies designed to help patients enabling you to offer better patient care Complete with current data an

Death and Dying John F. Szabo, 2009-11-02 While it can be traced to the 1700s the term thanatology has gained traction in recent decades to refer to the study of death Because of the breadth of the published material and the challenges of discovery in large bibliographic databases and catalogs finding and identifying monographic material on death dying grief and bereavement can be extremely challenging Although there have been several bibliographical resources published on thanatology those titles were incomplete limited in scope or leaned heavily toward one area of the field In Death and Dying An Annotated Bibliography of the Thanatological Literature John F Szabo provides more than 2 200 citations of monographs on the science and study of death and dying Among the areas this volume addresses are the psychological philosophical and attitudinal aspects coping and dealing with the burdens of caregiving and working in the helping professions instructional and educational topics for practitioners primarily health care providers cultural differences in bereavement rituals and grief mourning and loss In addition notable titles on or relating to death and dying in popular culture death themes in literature methods of death or specific ethical policy or public issues are also included when they contribute important information to subject areas on which the book focuses This book will be helpful to students researchers academics caregivers health care professionals psychologists social workers and anyone with

an interest in death dying bereavement or the care of the terminally ill

Nutrition And Hydration In Hospice Care Needs Strategies Ethics Book Review: Unveiling the Magic of Language
