Poetry and Prose of Passion and Compassion William Hairston, 2002 A collection of poems and prose to delight amuse and touch the hearts and minds of all readers from nine to ninety **Suburban-Ghetto** William Hairston, 2010 SUBURBAN GHETTO A NOVEL OF PROSE AND POETRY Moses Brown an ethnic and lower class civil rights advocate was employed by a small USA city to help the advancement of its Ethnic and Lower class citizens His ambitious labor and ever growing success stirred much dissatisfaction among top public and political Officials who impeded civil and economic progress and Moses Brown's personal life and wedding affairs *Alone Together* Henry Berlin, 2021-07-05 Alone Together reinterprets the explosion of sentimental poetry and prose in fifteenth century Iberia English Critical Essays (sixteenth, Seventeenth, and Eighteenth Centuries) Selected and Ed. by Edmund D. Jones Edmund David Jones, 1922 **Twelve Centuries of English Poetry and Prose** Alphonso Gerald Newcomer, Alice Ebba Andrews, 1910 The Sublime Andrew Ashfield, Peter de Bolla, 1996-08-15 This collection of texts on the Sublime provides the historical context for the foundation and discussion of one of the most important aesthetic debates of the Enlightenment The significance of the Sublime in the eighteenth century ranged across a number of fields literary criticism empirical psychology political economy connoisseurship landscape design and aesthetics painting and the fine arts and moral philosophy and has continued to animate aesthetic and theoretical debates to this day However the unavailability of many of the crucial texts of the founding tradition has resulted in a conception of the Sublime often limited to the definitions of its most famous theorist Edmund Burke Andrew Ashfield and Peter de Bolla's anthology which includes an introduction and notes to each entry offers students and scholars ready access to a much deeper and more complex tradition of writings on the Sublime many of them never before printed in modern editions Contemporary Verse Howard S. Graham, 1926 **Passion and Language in Eighteenth-Century Literature** Earla Wilputte, 2014-09-04 Providing imaginatively contextualized close readings this study focuses on three key eighteenth century writers Haywood Hill and Fowke Wilputte traces the development of the passionate language of these writers whose lives writing careers and interests intersected from 1720 to 1724 in the Hillarian coterie **The casquet of literature, a selection in poetry and prose, ed. with notes by C. Gibbon** Casket, 1873 The Public Mind and the Politics of Postmillennial U.S.-American Writing Jolene Mathieson, Marius Henderson, Julia Lange, 2022-08-22 In the last twenty years how has U S American writing and the reading public responded to the complexity of an American culture resolutely situated in a larger highly politicized globalized world undergoing radical change The 20th century modes of realism and postmodernism have been succeeded by writerly practices that are that are invested in the idea of embodied authenticity and that are relatable to neorealism whether it be via outright affirmation or critical experimentation and appropriation The individual case studies mark the ways in which postmillennial U S American writing is marked by an ongoing awareness toward complexity and the entanglement of writers and the reading public with pressing political concerns and at times

oppressive social and economic discursive and structural formations These contributions further attest to how narrative and structural complexity grammatical and lexical sophistication and social nuance endure as the main literary modes of confronting 21st century political life This volume is thus of interest for both the study of U S American political culture and U S American literature

The Casquet of Literature: Being a Selection in Poetry and Prose from the Works of the Most Admired Authors Charles Gibbon,1882 [The Athenaeum](#) ,1883 **Contemporary Verse** ,1927 [Transpersonal Research Methods for the Social Sciences](#) William Braud,Rosemarie Anderson,1998-04-29 There is no shortage of research methods that are easily applied to the study of everyday human experience How though does one attempt to study extraordinary human experiences ultimate values and meanings peak experiences transcendence and heightened awareness among others Authors William Braud and Rosemarie Anderson introduce a series of transpersonal research methods that are intended to help researchers develop new ways of knowing and methods of inquiry While these methods will be of particular interest to researchers in transpersonal psychology humanistic psychology or transpersonal studies applied to traditional fields the authors argue that these approaches with their emphasis on developing intuition empathy self awareness can benefit anyone involved in the research enterprise With its solid grounding in transpersonal studies and extensive coverage of qualitative approaches without ignoring quantitative approaches *Transpersonal Research Methods for the Social Sciences* will be an invaluable addition to the libraries of researchers across many disciplines as well as a supplement in research methods courses
