to cat s meow Even though cats are fairly hearty and healthy they do require some basic care This includes looking after their emotional health as well as their physical wellbeing With just a little bit of practice caring for your cat can be enjoyable as well as rewarding If you re thinking about adopting a pet and considering your new family member to be a cat you need to know the basics of how to take care of a cat People who have busy lifestyles might prefer a cat rather than a dog because they require less attention than dogs However all animals need a certain amount of proper care to be healthy and happy and before you bring your new kitten home you must learn what the cat will need Cats are good pets to keep at home as they are not as messy as some pets People find cats more adorable than dogs as they do not have that distinct smell of canines and they are smaller in nature Although taking care of cats is quite similar to dogs cat care methods might be a little complicated in some terms and these minute details make all the difference In comparison to dogs cats are quite fussy when it comes to food This is because unlike dogs their digestive systems have limitations aside from having smaller stomachs These felines have a great tendency to have allergic reactions to foods such as beef and dairy products eggs and sometimes vitamin supplements Cat owners need to begin to train their kittens as soon as you bring them home The earlier you begin to train your pet the better it will be for your household
