### **Backyard Meat Rabbits**

Boyd Craven,2013-11-10 The Urban Rabbit Project Volume 1 Backyard Meat Rabbits This is the first in a series called The Urban Rabbit Project that will share all of our different experiences with rabbits Each Future Volume will build on the prior Volumes but could be read as a stand alone book The idea is to allow the reader greater flexibility in choosing what interests them and what they find helpful to them For example this one is aimed obviously at those considering the idea of starting a small backyard herd of meat rabbits but does NOT actually get into any aspects of harming any It stops short of that So if one can overlook references to meat rabbits it could be helpful to those interested in having outdoor pet rabbits too There are many books about raising rabbits I find most very general including information on keeping rabbits as pets raising rabbits for show and breeding rabbits to sell to processors for profit This book will focus specifically on and only on sharing with the reader our personal experiences and

methods of raising meat rabbits on our 120 x120 city lot in Michigan as self sufficient meat for our family It stops short of the actual harvesting process I m often on my soapbox in support of the argument that it s easier for a family to need less than to spend more money to buy quality food Done our way rabbit meat can cost close to zero after the initial setup is paid for There are no taxes to pay no middleman no anything It s just like we ve added a meat section to our garden Then just like we do with our extra tomatoes zucchini and cucumbers from our garden we can share or trade with our neighbors who don t have any It s that simple Backyard Meat Rabbits can benefit every family on the planet in my humble opinion Next in the series The Urban Rabbit Project Volume 2 Beyond The Pellet Feeding Rabbits Naturally In Volume 2 I am joined by a gentleman with over 30 years of knowledge and experience in feeding meat rabbits Mr Rick Worden owner of Rise And Shine Rabbitry and RiseAndShineRabbitry com will share with us his take on going Beyond The Pellet Like myself Rick has worked extensively at moving away from commercial feed and towards natural feed for our rabbits We write this together aimed at a more advanced audience of Rabbiteers looking to take control of what their rabbits eat what their feed costs are and ultimately what they eat
