**Folk Gothic** Dawn Keetley, 2024-02-01 *Folk Gothic* begins with the assertion that a significant part of what has been

categorised as folk horror is more accurately and usefully labelled as Folk Gothic Through the modifier folk Folk Gothic obviously shares with folk horror its deployment and frequent fabrication of diegetic folklore Folk Gothic does not share however folk horror's incarnate monsters its forward impetus across spatial and ontological boundaries and the shock and repulsion elicited through its bodily violence The author argues that the Folk Gothic as a literary televisual and cinematic formation is defined by particular temporal and spatial structures that serve to forge distinctly nonhuman stories In emphasising these temporal and spatial structures not literal folk and monsters the Folk Gothic tells stories that foreground land and things consequently loosening the grip of anthropocentrism
