Rape And The Legal Process Modern Legal Studies:

The History and Theory of Legal Practice in China Philip C.C. Huang, Kathryn Bernhardt, 2014-09-03 The History and Theory of Legal Practice in China Toward a Historical Social Jurisprudence goes beyond the either/or dichotomy of Chinese vs Western law tradition vs modernity and the substantive/practical vs the formal. It does so by proceeding not from abstract legal texts but from the realities of legal practice. Whatever the declared intent of a law, it must in actual application adapt to social realities. It is the two dimensions of representation and practice and law and society that together make up the entirety of a legal system. The assembled articles by the editors and a new generation of Chinese scholars illustrate a new historical social jurisprudence and explore the possible conceptual underpinnings of a modern Chinese legal system that would both accommodate and integrate the unavoidable paradoxes of contemporary China. **Lacey, Wells and Quick**

MULTIDISCIPLINARY PERSPECTIVE- VOLUME 3: CRIMINAL JUSTICE, FORENSICS, AND EMERGING LEGAL

PARADIGMS Dr. Anuj Kumar Sinha, Dr. Meenakshi, Garima Dharamshaktu, Pooja Dharamshaktu, 2025-07-22 *Exploring the 'Legal' in Socio-Legal Studies* David Cowan, Daniel Wincott, 2019-03-01 Socio-legal studies have had an ambivalent relationship with the legal, one of its defining aspects but at the same time one that the discipline has sought to transcend or even leave behind. While socio-legal studies benefit hugely from the insights, methods and theories of other social science and humanity disciplines, the contributions to *Exploring the Legal in Socio-Legal Studies* illustrate the value of a focus on the legal. The chapters in this book combine traditional legal materials and analyses with other ways of engaging empirically with the legal. They illustrate the rich potential of the legal as a site both for theoretical and methodological reflection and for case study analysis. Taken as a whole, this volume demonstrates that methodological discussion is most helpful when rooted in empirical cases and that the best case studies also help us to develop our methodologies. Bringing methodology and empirical

analysis together offers an opportunity to reflect on socio legal studies and develop the discipline in productive new directions

[Access to Justice in Magistrates' Courts](#) Lucy Welsh, 2022-01-27 This book examines access to justice in summary criminal proceedings by considering the ability of defendants to play an active and effective role in the process Access to justice refers not just to the availability of legally aided representation but also to the ability of defendants to understand and effectively participate in summary criminal proceedings more generally It remains a vital principle of justice that justice should not only be done but should also be seen to be done by all participants in the process The book is based on socio legal research The study is ethnographic based on observation conducted in four magistrates courts in South East England and interviews with both defence lawyers and Crown prosecutors Setting out an argument that defendants have always been marginalised through particular features of magistrates court proceedings such as courtroom layout and patterns of behaviour among the professional workgroups in court the political climate in relation to defendants and access to justice that has persisted since 2010 has further undermined the ability of defendants to play an active role in the process Ultimately this book argues that recent governments have demanded ever more efficiency and cost saving in criminal justice In that context principles that contribute to access to justice for defendants have been seriously undermined
