It explores the limits of criminal law for achieving rape justice and highlights possibilities for expanding how we think about justice in the aftermath of sexual violence. ***Sexual Assault in Canada*** Elizabeth A. Sheehy, 2012-09-29. *Sexual Assault in Canada* is the first English language book in almost two decades to assess the state of sexual assault law and legal practice in Canada. Gathering together feminist scholars, lawyers, activists and policy makers, it presents a picture of the difficult issues that Canadian women face when reporting and prosecuting sexual violence. The volume addresses many themes including the systematic undermining of women who have been sexually assaulted, the experiences of marginalized women and the role of women's activism. It explores sexual assault in various contexts including professional sports, the doctor-patient relationship and residential schools. And it highlights the influence of certain players in the reporting and litigation of sexual violence including health care providers, social workers, police, lawyers and judges. *Sexual Assault in Canada* provides both a multi-faceted assessment of the progress of feminist reforms to Canadian sexual assault law and practice and articulates a myriad of new ideas, proposed changes to law and inspired activist strategies. This book was created to celebrate the tenth anniversary of Jane Doe's remarkable legal victory against the Toronto police for sex discrimination in the policing of rape and for negligence in failing to warn her of a serial rapist. The case made legal history and motivated a new generation of feminist activists. This book honours her pioneering work by reflecting on how law, legal practice and activism have evolved over the past decade and where feminist research and reform should lead in the years to come. Published in English. ***The American Court System*** Marilyn McShane, 2020-10-28. Depending on whom one talks to, today's criminal courts are either the savior or the demon of our social order. While everyone seems to have an answer about what needs to be done, the solutions are neither simple nor within our current allocation of resources. Media hype and political posturing emotionally dilute the reality of what motivates crime and what constitutes effective punishment. The essays and research in this anthology give the reader a realistic view of complex problems affecting our juvenile and adult courts and consequently the rest of the criminal justice system. Topics include sentencing disparity, sentencing reform and wrongful convictions. Some traditionally controversial
