Rapides Parish Sue L. Eakin, 1987 *In the Heart of Louisiana* Chad Partain, 2011 An illustrated history of Rapides Parish Louisiana paired with histories of the local companies **Louisiana Almanac**, 2006 *An illustrated history of the great republic* Jas. D. McCabe, 2023-03-16 Reprint of the original first published in 1871 The publishing house Anatioposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost *Forest Hill, Louisiana* Chéré Dastugue Coen, 2014-09-30 Forest Hill boasts one of the largest nursery industries in the country despite its tiny population In the early days the community was a summer retreat for plantation owners The lumber industry rolled into town with the railroad which eased the transportation of virgin timber By 1901 the nurseries had emerged after Samuel Stokes began selling a variety of plants from his woods Today more than two hundred nurseries are in operation many by the families who founded them Author Chere Dastugue Coen reveals the deep roots of this horticultural hub *Lethal Imagination* Michael A. Bellesiles, 1999-03 Examining the role of violence in America's past this collection of essays explores its history and development from slave patrols in the colonial South to gun ownership in the 20th century The contributors focus not only on individual acts such as domestic violence murder duelling frontier vigilantism and rape but also on group and state led acts such as lynchings slave uprisings the establishment of rifle clubs legal sanctions of heterosexual aggression and invasive medical experiments on women's bodies *An Illustrated History of Central Oregon*, 1905 **Louisiana Voyages** Martha Reinhard Smallwood Field, 2006 Toward the end of the 19th century journalist Field traveled by boat and buggy around Louisiana writing columns under the name of Catharine Cole for the New Orleans Daily Picayune Her work spread to other papers and she was read widely throughout the South This collection details her journeys around the state in the 1890s With evocative and adjective filled prose she describes the beauty as well as the practical aspects of Louisiana life including shrimp drying levee building and the cost of land Field conjures up vivid images of the places she visits such as the town that lifts its comb of roof and gray gable and soft colored adobe chimneys from out the clumps and clouds of the chinaberry tree The editors both retired professors of English at Clemson University add brief introductions to each piece Although Field's travel adventures depict a time without modern convenience when women were not expected to journey alone her enjoyment of travel for its own sake resonates with readers today Recommended for Louisiana libraries and for academic libraries with a Southern history collection Janet Clapp Athens Clarke Cty Lib Athens GA Copyright 2006 Reed Business Information Library Jour *Composing Selves* Arthur W. Bergeron, Jr., 1993-04-01 **The Merchants' Capital** Scott P. Marler, 2013-04-29 As cotton production shifted toward the southwestern states during the first half of the nineteenth century New Orleans became increasingly important to the South's plantation economy Handling the city's wide ranging commerce was a globally oriented business community that represented a qualitatively unique form of wealth accumulation

merchant capital that was based on the extraction of profit from exchange processes. However, like the slave-based mode of production with which they were allied, New Orleans merchants faced growing pressures during the antebellum era. Their complacent failure to improve the port's infrastructure or invest in manufacturing left them vulnerable to competition from the fast-developing industrial economy of the North. Weaknesses that were fatally exposed during the Civil War and Reconstruction. Changes to regional and national economic structures after the Union victory prevented New Orleans from recovering its commercial dominance, and the former first-rank American city quickly devolved into a notorious site of political corruption and endemic poverty. **Louisiana History**, 2001 **Reinventing the American Thoroughbred**

Gary A. O'Dell, 2025-06-10. Most equine authorities consider Alexander Keene Richards (1827-1881) one of the nineteenth century's most significant Thoroughbred importers and breeders. Born in Georgetown, Kentucky, and orphaned as a toddler, Richards was adopted by his grandfather, from whom he inherited not only the family farm in Georgetown but also Transylvania, a cotton plantation in East Carroll Parish, Louisiana. Horses fascinated Richards from an early age, and as his passion deepened, he became convinced that the key to improving the stamina of the Thoroughbred in an era when American racing consisted of grueling long-distance competitions was to crossbreed American horses with the magnificent steeds of the Middle East. As *Reinventing the American Thoroughbred* recounts, Richards traveled thousands of miles on expeditions into the heart of Syria to obtain Arabian stock of the purest blood. He became the first American, indeed the first Westerner, to venture into the desert to bargain directly with nomadic tribesmen for their horses. Richards transported the animals back to his grandfather's farm near Georgetown, which he transformed into a premier breeding establishment called Blue Grass Park. He also used his Transylvania plantation in Louisiana for similar purposes. Richards relied on Ansel Williamson, an enslaved horse trainer, to prepare his Thoroughbreds for racing. Williamson developed a reputation as one of the best handlers in the nation. The Civil War interrupted Richards's equine breeding experiment. Dependent on southern cotton produced by enslaved labor for his wealth, Richards sided with the Confederacy and was appointed volunteer aide de camp by General John C. Breckinridge. During his brief military career, he served at Vicksburg and later in the attack on Baton Rouge. In late 1862, he received Breckinridge's permission to travel to England to purchase artillery for the general's Kentucky brigade. Richards remained in London for the remainder of the war, returning to the United States after receiving amnesty. Bankrupt, he spent the rest of his life attempting to rebuild Blue Grass Park as a nationally recognized Thoroughbred facility. Richards's life story, chronicled here for the first time by Gary A. O'Dell, is an epic tale of adventure, experimentation, and devastation that illuminates the grand history of the American Thoroughbred industry in fresh and fascinating ways. *The Other American Dilemma*. Rubén Donato, Jarrod Hanson, 2021-07-01. In *The Other American Dilemma*, Rubén Donato and Jarrod Hanson examine the experiences of Mexican immigrants, Mexican Americans, and Hispanos as in their schools and communities between 1912 and 1953. Drawing from the Mexican Archives located in Mexico City and by venturing outside of the

Southwest their examinations of specific communities in Arkansas California Colorado Kansas Louisiana and Texas shed new light on Mexicans social and educational experiences Donato and Hanson maintain that Mexicans whether recent immigrants American citizens or Hispanos as with deep roots in the United States were not seen as true Americans and were subject to unofficial school segregation and Jim Crow The book highlights similarities and differences between the ways the Mexican origin population and African Americans were treated Because of their mestizo heritage the Mexican origin population was seen as racially mixed and kept on the margins of community and school life by people in power **Fractured Freedoms** David T. Ballantyne, 2025-02-04 David T Ballantyne s *Fractured Freedoms* is a riveting history of central Louisiana from the 1860s to the 1890s focusing on majority Black Rapides Parish during Reconstruction Using the region as a case study Ballantyne reveals what is in part a rural Reconstruction success story emphasizing the resilience of Black politics and the persistence of significant divisions among white residents that allowed the Republican Party to gain and maintain power there It was only with the collapse of state level Republican power in 1877 that Democratic forces in the parish were able to dismantle local Republican political control and gradually constrict Black freedoms Louisiana Almanac, 1997-98 Milburn Calhoun, 1997 Known for its politics its natural resources and its colorful history the Pelican State is one of the most interesting states in America For more than forty five years Louisiana Almanac has been the authoritative guide to a million facts about Louisiana and this painstakingly updated fifteenth edition consists of hundreds of useful pages of information for ready reference The wealth of maps charts tables and graphs make the data and statistics easily accessible as well No Louisiana business classroom or library should be without a current copy **An Illustrated History of the Great Republic: Being a Full and Complete History of the American Union, from Its Earliest Settlement Down to the Present Time ... Including Also Complete ... Descriptions ... of Each State and Territory ... Embellished ... by Over Two Hundred ...
