Mārg ,1993 Theatre Theory and Performance Siddhartha Biswas, 2017-08-21 Over the last few centuries the world as we know it has seen remarkable change and the arts including theatre have faced new challenges Theatre is now no longer a simple point of entertainment laced with instruction or dissent but is perceived as a more collaborative idea that looks at ever changing paradigms All over the world theatre now is a dynamic process that simultaneously retains tradition and delves into extreme experimentations This book represents a starting point for a much needed critical interrogation It looks at the constant features of European theatre and brings in some Indian elements positing both in their respective locations as well as looking at the symbiosis that has been functioning for some time

Bonding with the Lord ,2021-12-30 Few other Hindu gods guide a regional consciousness pervade walks of everyday life and define a collective psyche the way Lord Jagannath does in Odisha and its contiguous areas Jagannath is metonymic of Odisha and the Odia way of life arguably much more than any other god for a particular geography or its peoples While not derecognising the historical and the spiritual aspects of Jagannath Bonding with the Lord attempts to look at the deployment of Jagannath in contemporary cultural practices involving the sensorium in the widest sense The project of a cultural Jagannath not only materialises him in people's everyday practices but also democratises scholarship on him The expansion of the scope of research on Jagannath to cultural expressions in a more encompassing way rather than confining to elitist religious literary sources makes him an everyday presence and significantly enhances his sphere of influence Jagannath's tribal origin his association with Buddhism and Jainism and his avatari status make him an all encompassing multilayered symbol and a treasure trove for multiple interpretations
