Rat & the Devil Francis Otto Matthiessen, Russell Cheney, 1988 Inheritance in Psychoanalysis Joel Goldbach, James A. Godley, 2018-02-01 Anthology of recent cutting edge work in psychoanalysis and philosophy on the concept of inheritance In contrast to the way inheritance is understood in scientific discourse and culture more broadly inheritance in psychoanalysis is a paradox Although it s impossible strictly speaking for the unconscious to be inherited this volume demonstrates how the concept of inheritance can occasion a rich reassessment and reinvention of psychoanalytic theory and practice The collection enacts a critical traversal of inheritance for psychoanalysis from the most basic assumptions of natural or biological inheritance such as innateness heredity evolution and ontogenesis to analysis of the ways cultural traditions can be challenged and transformed and finally to the reinvention of psychoanalytic practice in which the ethics of inheritance is fully realized as the individual s responsibility to transform the social bond Featuring strong interdisciplinary analysis rooted in both psychoanalysis and philosophy this volume further engages science politics and cultural studies and addresses contemporary political challenges such as autism and transgenderism Life in and Against the Odds Heidi Hoechst, 2015-10-15 Somehow people continue to imagine a world of justice against the odds of a deck that has been stacked against them In her urgent and perceptive book Life in and against the Odds Hoechst focuses on the particular circumstances and conditions of different phases of speculative expansion in the United States She traces the roots of the nation state to nineteenth century land markets and slave exchanges Hoechst also chronicles how these racial foundations extend through corporate capitalism from the 1920s and 30s to the present era of financialized capitalism and the recent housing bubble Life in and against the Odds identifies where and how speculative nationalism creates roadblocks to freedom Hoechst retells the history of the United States with a perspective on how human lives are made destroyed reconfigured and claimed under the systemic violence of a nation that is rooted in the racializing futurity of speculative capitalism The **Letters of T.
