Rat Bohemia:

Rat Bohemia (Large Print 16pt) Sarah Schulman, 2010-07 First published in 1995 this award winning novel written from the epicentre of the AIDS crisis is a bold achingly honest story set in the rat bohemia of New York City whose huddled masses include gay men and lesbians who bond with one another

Queer Constellations Dianne Chisholm, *Queer Constellations* investigates the dreams and catastrophes of recent urban history viewed through new queer narratives of inner city life The gay village gay mecca gai Paris the lesbian flaneur the lesbian bohème these and other urban phantasmagoria feature paradoxically in this volume as figures of revolutionary utopia and commodity spectacle as fossilized archetypes of social transformation and ruins of haunting cultural potential Dianne Chisholm introduces readers to new practices of walking seeing citing and remembering the city in works by Neil Bartlett Samuel Delany Robert Gluck Alan Hollinghurst Gary Indiana Eileen Myles Sarah Schulman Edmund White and David Wojnarowicz Reading these authors with reference to the history sociology geography and philosophy of space particularly to the everyday avant garde production and practice of urban space Chisholm reveals how and how effectively queer narrative documentary resembles and reassembles Walter Benjamin's constellations of Paris capital of the nineteenth century Considering experimental queer writing in critical conjunction with Benjamin's city writing the book shows how a queer perspective on inner city reality exposes contradictions otherwise obscured by mythic narratives of progress If Benjamin regards the Paris arcade as a microcosm of high capitalism wherein the unmaking of industrial society is perceived retrospectively in contemporary queer narrative we see the sexually charged and commodity entranced space of the gay bathhouse as a microcosm of late capitalism and as an exemplary site for excavating the contradictions of mass sex In Chisholm's book we discover how looking back on the ruins of queer mecca queer authors return to Benjamin to advance his dialectics of seeing how they cruise the paradoxes of market capital blasting a queer era out of the homogeneous course of history

Rat Bohemia Sarah Schulman, 2008 *Queer Jewish Strangers in American Popular Culture* Amy Tziporah Karp, 2023-12-19 *Queer Jewish Strangers in American Popular Culture* Life Between Assimilation and Otherness explores LGBTQIA Jewish American identity in the United States and the queer Jewish stranger figures who live in between incorporation and estrangement Amy Tziporah Karp establishes that despite the near ubiquitous portrayal of Jewish American assimilation as a finished project completed in the wake of World War II in academic disciplines and throughout popular culture many LGBTQIA Jewish figures in contemporary popular culture inhabit stranger positionalities In these stranger spaces characters are forced to either perpetually attempt to assimilate or inhabit this interstitial stranger identity that is often viewed as a nowhere or homeless space Those who pursue assimilating endlessly try to fit in to no avail such as Jenny Schecter from Showtime's popular *The L Word* who is ultimately killed off on the show possibly murdered by her LGBTQIA community of friends Karp shows that those who attempt to make a home in a stranger positionality align themselves with other estranged and othered peoples such as characters throughout Sarah Schulman's

novels and that this constitutes an ethical stance against the ways in which assimilation often inadvertently supports the workings of violent hegemonies in the United States **The Advocate** ,1995-10-31 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Sissy!** Harry Thomas,2017-09-26 An innovative exploration of postwar representations of effeminate men and boys

American Identities Robert Pack,Jay Parini,1994 Contemporary commentators have observed that postmodern America is less a melting pot than a buffet table In American Identities people of diverse ethnic religious social gender and sexual backgrounds refuse to merge but insist on a multiplicity of well maintained identities editors Robert Pack and Jay Parini explain This sixth volume in the popular Bread Loaf Anthology series gathers more than three dozen voices who testify that there is no single American Experience but instead a multiplicity of experiences These poems stories and essays describe in occasionally stark sometimes humorous and often moving terms what it means to be black and American or gay and American or Latino and American or Jewish and American within this society *AIDS and American Apocalypticism* Thomas Lawrence Long,2012-02-01 Since public discourse about AIDS began in 1981 it has characterized AIDS as an apocalyptic plague a punishment for sin and a sign of the end of the world Christian fundamentalists had already configured the gay male population most visibly affected by AIDS as apocalyptic signifiers or signs of the end times Their discourse grew out of a centuries old American apocalypticism that included images of crisis destruction and ultimate renewal In this book Thomas L Long examines the ways in which gay and AIDS activists artists writers scientists and journalists appropriated this apocalyptic rhetoric in order to mobilize attention to the medical crisis prevent the spread of the disease and treat the HIV infected Using the analytical tools of literary analysis cultural studies performance theory and social semiotics AIDS and American Apocalypticism examines many kinds of discourse including fiction drama performance art demonstration graphics and brochures biomedical publications and journalism and shows that while initially useful the effects of apocalyptic rhetoric in the long term are dangerous Among the important figures in AIDS activism and the arts discussed are David Drake Tim Miller Sarah Schulman and Tony Kushner as well as the organizations ACT UP and Lesbian Avengers **Creative Activism** Rachel Lee Rubin,2018-05-17 This collection brings together interviews with a compelling range of musicians artists and activists from around the globe What does it mean for an artist to be political Moving away from a narrow idea about politics that is organized around elections advocacy groups or concrete manifestos the subjects of Creative Activism do their work through song poetry painting and other arts The interviews take us from Oakland to London to Johannesburg and from the Occupy movement to the coal mines of Appalachia to the fantasy worlds created by some of our most fascinating writers of spectacular fiction Listening to the important cultural workers of our time challenges any idea that some other time was the golden age of political art Creative Activism gives us a front row seat to the thrilling artistic activism of our own moment

States of Plague Alice Kaplan,Laura Marris,2024-05-31 States of Plague examines Albert Camus s novel as a palimpsest of pandemic life an uncannily relevant account of the psychology and politics of a public health crisis As one of the most discussed books of the COVID 19 crisis Albert Camus s classic novel The Plague has become a new kind of literary touchstone Surrounded by terror and uncertainty often separated from loved ones or unable to travel readers sought answers within the pages of Camus s 1947 tale about an Algerian city gripped by an epidemic Many found in it a story about their own lives a book to shed light on a global health crisis In thirteen linked chapters told in alternating voices Alice Kaplan and Laura Marris hold the past and present of The Plague in conversation discovering how the novel has reached people in their current moment Kaplan s chapters explore the book s tangled and vivid history while Marris s are drawn to the ecology of landscape and language Through these pages they find that their sense of Camus evolves under the force of a new reality alongside the pressures of illness recovery concern and care in their own lives Along the way Kaplan and Marris examine how the novel s original allegory might resonate with a new generation of readers who have experienced a global pandemic They describe how they learned to contemplate the skies of a plague spring to examine the body politic and the politics of immunity Both personal and eloquently written States of Plague uncovers for us the mysterious way a novel can imagine the world during a crisis and draw back the veil on other possible futures

Queer Kinship in Sarah Schulman's AIDS Novels Jarosław Milewski,2024-02-29 Queer Kinship in Sarah Schulman s AIDS Novels is the first book to extensively discuss the works of Sarah Schulman a journalist activist and globally recognized novelist This research monograph juxtaposes the works about the AIDS epidemic which were well received by the mainstream America with Schulman s own output as a bard of AIDS burnout in the words of Edmund White In contrast with the prevailing representations of the epidemic her works emphasize the importance of queer kinship chosen families and AIDS activist groups that fall outside of the heteronorm Bearing witness to these voluntary collectivities means also surviving the traumatizing experience of ongoing repeated death and refusing the idea of an easy solution to the crisis The monograph tracks the tension between the dominant narratives about the epidemic and those articulated from the excluded positions arguing that Schulman reformulates queer kinship as the locus of social change
