fascinating piece of social history Watson sheds new light on a macabre yet frequently misunderstood subject *Life Below Stairs: The Real Lives of Servants, 1939 to the Present* Pamela Horn, 2014-03-15 The real lives of servants in the second half of the twentieth century *In the Service of Empire* Fae Dussart, 2022-01-27 Despite recent research the 19th century history of domestic service in empire and its wider implications is underexplored This book sheds new light on servants and their masters in the British Empire and in doing so offers new discourses on the colonial home imperial society identities and colonial culture Using a wide range of source material from private papers to newspaper articles official papers and court records Dussart explores the strategic nature of the relationship the connection between imperialism domesticity and a master servant paradigm that was deployed in different ways by varied actors often neglected in the historical record Positioned outside the family but inside the private place of the home the domestic servant was often the foil against which 19th century contemporaries worked out class race and gender identities across metropole and colony creating those places in the process The role of domestic servants in empire thus lay not only in the labour they undertook but also in the way the servant master relationship constituted ground that helped other power relations to be imagined and contested Dussart explores the domestic service relationship in 19th century Britain and India considering how ideas about servants and their masters and or mistresses spanned imperial space and shaped peoples and places within it *Labour united and divided from the 1830s to the present* Emmanuelle Avril, Yann Béliard, 2018-08-31 This book seeks to renew and expand the field of British labour studies setting out new avenues for research so as to widen the audience and academic interest in the field in a context which makes the revisiting of past struggles and dilemmas more pressing than ever *Masters and servants* Claire Lowrie, 2016-05-01 Illustrates the centrality of domestic politics to colonial rule and the ways in which mastery over servants was a key expression of colonial power **Menials** Kristina Booker, 2017-11-20 Menials argues that British writers of the long eighteenth century projected their era's economic and social anxieties onto domestic servants Confronting the emergence of controversial principles like self interest emulation and luxury writers from Eliza Haywood Daniel Defoe and Samuel Richardson to Mary Shelley Charles Dickens and William Thackeray used literary servants to critique what they saw as problematic economic and social practices A cultural history of economic ideology as well as a literary history of domestic service Menials traces the role of the domestic servant as a representation of the relationship between the master's ideal self and the cultural forces that threaten it *Servants and Masters in 18th-Century France* Sarah C. Maza, 2014-07-14 Here is the first major study of domestic service in France from the late seventeenth century to the early nineteenth century describing its transformation from a male oriented occupation aristocratic in style and often geared to public display to one that was female middle class and centered on the household Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in

Sex and Class in Women's History Judith L. Newton, Mary P. Ryan, Judith R. Cruelty and Companionship A. James Hammerton, 2002-09-11 *Cruelty and Companionship* is an account of the intimate but darker sides of marriage in Victorian and Edwardian England Hammerton draws upon previously unpublished material from the records of the divorce court and magistrates courts to challenge many popular views about changing family patterns His findings open a rare window onto the sexual politics of everyday life and the routine tensions which conditioned marriage in middle and working class families Using contemporary evidence ranging from prescriptive texts and public debate to autobiography and fiction Hammerton examines the intense public scrutiny which accompanied the routine exposure of marital breakdown and charts a growing critique of men s behaviour in marriage which increasingly demanded regulation and reform The critical discourse which resulted ranging from paternalist to feminist casts new light on the origins and trajectory of nineteenth century feminism legal change and our understanding of the changing expression of masculinity

Women, Social Leadership, and the Second World War James Hinton, 2002-11-21 The associational life of middle class women in twentieth century England has been largely ignored by historians During the Second World War women s clubs guilds and institutes provided a basis for the mobilization of up to a million women mainly housewives into unpaid part time work Women s Voluntary Service which was set up by the Government in 1938 to organize this work generated a rich archive of reports and correspondence which provide the social historian with a unique window into the female public sphere Questioning the view that the Second World War served to democratize English society James Hinton shows how the war enabled middle class social leaders to reinforce

their claims to authority Displaying character through their voluntary work the leisured women at the centre of this study made themselves indispensable to the war effort James Hinton delineates these continuities of class reconstructing intimate portraits of local female social leadership in contrasting settings across provincial England towns large and small shire counties the Durham coalfield tracing complex and often acerbic rivalries within the voluntary sector and uncovering gulfs of mutual distrust and incomprehension dividing publicly active women along gendered frontiers of class and party This study reminds us how much Britain's wartime mobilization relied on a Victorian ethos of public service to cope with the profoundly un-Victorian problems of total war The women's associations so evocatively explored here reached the apex of their effectiveness during the Second World War sustaining an uneasy balance between voluntarism and the expanding power of the state In the longer term female social leaders found themselves marginalized by bureaucracy and professionalization The stories told here demonstrate that the Second World War changed English society far less than is often assumed It was not until the 1950s and 1960s that practices and attitudes laid down in the nineteenth century finally lost their purchase
