Lord Jim Trade:

East Kalimantan Burhan Djabier Magenda, 2010 In recent studies of Indonesia's regional politics one important aspect has largely been neglected the role of the local aristocracies which dominated many of the regions outside Java from the precolonial period through to the formation of the independent Republic of Indonesia in 1949 In his work Burhan Magenda has begun to remedy this neglect He has studied the aristocracies in various regions of the Outer Islands from the colonial period through into the New Order government of President Suharto In covering their history he has examined the strategies used by the local aristocrats to survive and attempt to continue their domination of political power in their regions The focus of this present monograph is East Kalimantan where the local aristocracy was commercial in nature tracing its origin back to the establishment of a spice trade route in the sixteenth century The decline in the nineteenth century of the main harbor principality of Borneo Banjarmasin on the south coast opened the way for other states on the island to play a greater role in particular the sultanate of Kutai in eastern Borneo Burhan Magenda's well documented study opens a new perspective of fundamental importance to our understanding of both the past and current political and economic development of East Kalimantan and of its relationship with the central power in Jakarta It provides an illuminating analysis of strategies by which members of the aristocracy have succeeded in surviving under widely varying conditions Clearly despite the challenges they have encountered over the past 45 years these aristocrats have shown a surprising political resilience Audrey Kahin Ithaca August 1991 The Trading Post Larry Ketron, 1981 THE STORY The place is a secondhand shop in rural Tennessee the time the recent past Wallace the middle aged owner of the shop is about to bid a reluctant farewell to his long time lady friend Claudia who is going off to Canada to care for h Bookseller and the Stationery Trades' Journal, 1910 The Bookseller and the Stationery Trades' Journal, 1922 Conrad's Eastern World Norman Sherry, 1966 A book for those interested in Conrad's life and work and or literary detection convincingly performed Professor Sherry establishes how well Conrad knew the East and how the original material he garnered there was supplemented from other sources he also shows what Conrad made of his experiences thus revealing clearly what the artist's own contribution was Trading Stones, D.L. Rutledge, 2021-01-25 My name is Daniel I'm seventy one years old and I'm dying This is my love story of loving women young and old some with great passion others delicately but always profoundly Love is profound Love is very profound And for me being aware of that truth the epiphany came to me late It would be best to learn it early but the knowledge is available always It's my story of the love I have for my best buddy a friendship that's endured and has been important for over a half century the undemanding love of dog and master and the special love of mentor and prodigy I have always felt a bit like an alien in this world I've looked at myself from the outside looking inward judging my actions my behaviors what I thought what I felt Sometimes I was glad at what I saw and other times deeply disappointed but my view was always objective Never a cheerleader yelling wanting a particular outcome always looking back with cool maybe even cold

objectivity With a few rare exceptions people under fifty have little concern about their mortality They think they ll live forever Death is a foreign thought I understand I didn t spend much time thinking about it either That s natural But you re wrong Death is closer than you realize sometimes a blink away *The Longest Journey* Eric Tagliacozzo,2013-04-25 A

comprehensive history of the hajj from Southeast Asia from precolonial times to the present **Conradian Contracts** Tamas Juhasz,2011-04-28 This book treats Joseph Conrad s simultaneous interests in exchange contracts and the condition of displacement The central hypothesis is that the novelist s characters face the option of signing or rejecting what might with some generalization be called a social covenant These individuals conduct a lonely or marginal existence and to ease their isolation they would like to re enter a community For this reason they are ready to contribute to larger collective causes and comply with those restrictions that social life in its contractual aspect requires As Julia Kristeva puts it The foreigner is the one who works yet engagement in transactions in order to earn a social position is fraught with difficulties In return for their contribution these hard working characters do not always receive the compensation that they had in mind especially when their definition of companionship violates the boundaries of legality and social propriety Their private illicit interests are bound to clash with communal ones and the ensuing negotiating readjustment or compromise seeking either crush the individual party or result in a redefinition of the notion of contract This link between exchange and displacement is explored in nine narratives Just as the concept of exile is used in a broad often metaphorical sense ranging from characters who are actual migrants through individuals who occupy a marginal position within their native community to individuals who are caught between conflicting cultural economic models the trade or contractual alliance that can create or at least promise a sense of communal belonging and personal recognition is also manifold in its definition Although it always includes if to varying degrees the transference of economic goods or entering a specific agreement exchange is never limited to legal material procedures Joseph Conrad and Postcritique Jay Parker,Joyce Wexler,2021-09-17 This book takes a postcritical perspective on Joseph Conrad s central texts including *Heart of Darkness* *The Secret Agent* *Under Western Eyes* and *Lord Jim* Whereas critique is a form of reading that prioritizes suspicion unmasking and demystifying postcritique ascribes positive value to the knowledge affect ethics and politics that emerge from literature The essays in this collection recognize the dark elements in Conrad s fiction deceit vanity avarice lust cynicism and cruelty yet they perceive hopefulness as well Conrad s skepticism unveils the dark heart of politics and his critical heritage can feed our fear that humanity is incapable of improving This Conrad is a well known figure but there is another neglected Conrad that this book aims to bring to light one who delves into the politics of hope as well as the politics of fear Chapters 1 and 2 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com **Secret Trades, Porous Borders** Eric Tagliacozzo,2008-10-01 Over the course of the half century from 1865 to 1915 the British and Dutch delineated colonial spheres in the process creating new frontiers This book analyzes the development of these frontiers in Insular Southeast Asia

as well as the accompanying smuggling activities of the opium traders currency runners and human traffickers who pierced such newly drawn borders with growing success The book presents a history of the evolution of this 3000 km frontier and then inquires into the smuggling of contraband who smuggled and why what routes were favored and how effectively the British and Dutch were able to enforce their economic moral and political will Examining the history of states and smugglers playing off one another within a hidden but powerful economy of forbidden cargoes the book also offers new insights into the modern political economies of Southeast Asia

Empires of Print Patrick Scott Belk, 2017-05-08 At the turn of the twentieth century the publishing industries in Britain and the United States underwent dramatic expansions and reorganization that brought about an increased traffic in books and periodicals around the world Focusing on adventure fiction published from 1899 to 1919 Patrick Scott Belk looks at authors such as Joseph Conrad H G Wells Conan Doyle and John Buchan to explore how writers of popular fiction engaged with foreign markets and readers through periodical publishing Belk argues that popular fiction particularly the adventure genre developed in ways that directly correlate with authors experiences and shows that popular genres of the late nineteenth and early twentieth centuries emerged as one way of marketing their literary works to expanding audiences of readers worldwide Despite an over determined print space altered by the rise of new kinds of consumers and transformations of accepted habits of reading publishing and writing the changes in British and American publishing at the turn of the twentieth century inspired an exciting new period of literary invention and experimentation in the adventure genre and the greater part of that invention and experimentation was happening in the magazines

Heroes, Saints, and Ordinary Morality Andrew Michael Flescher, 2003-11-25 Most of us are content to see ourselves as ordinary people unique in ways talented in others but still among the ranks of ordinary mortals Andrew Flescher probes our contented state by asking important questions How should ordinary people respond when others need our help whether the situation is a crisis or something less Do we have a responsibility an obligation to go that extra mile to act above and beyond the call of duty Or should we leave the braver responses to those who are somehow different than we are better somehow heroes or saints Traditional approaches to ethics have suggested there is a sharp distinction between ordinary people and those called heroes and saints between duties and acts of supererogation going beyond the expected Flescher seeks to undo these standard dichotomies by looking at the lives and actions of certain historical figures Holocaust rescuers Martin Luther King Jr Dorothy Day among others who appear to be extraordinary but were in fact ordinary people *Heroes Saints and Ordinary Morality* shifts the way we regard ourselves in relationship to those we admire from afar it asks us not only to admire but to emulate as well further it challenges us to actively seek the acquisition of virtue as seen in the lives of heroes and saints to learn from them a dynamic aspect of ethical behavior that goes beyond the mere avoidance of wrongdoing Andrew Flescher sets a stage where we need to think and act calling us to lead lives of self

examination even if that should sometimes provoke discomfort He asks that we strive to emulate those we admire and therefore allow ourselves to grow morally and spiritually It is then that the individual develops a deeper altruistic sense of self a state that allows us to respond as the heroes of our own lives and therefore in the lives of others when times and circumstance demand that of us *DK Eyewitness Travel Guide: Malaysia and Singapore* Andrew Forbes,E Ulrich Kratz,2012-05-02 Malaysia beckons with an astounding mix of lush rainforests gorgeous beaches and precipitous mountains Nature lovers can swim with colorful fish off the shores of numerous islands or spot orangutans and other exotic jungle dwellers in Sarawak The ultra modern skyscrapers of Kuala Lumpur and Singapore overwhelm the colonial buildings still found in the centre of both metropolises These transport hubs benefit from a heady mix of Malay Chinese and Indian multiculturalism with stunning food and great markets on offer Whether exploring the slopes of Mount Kinabalu or shopping in KL the Eyewitness Guide to Malaysia and Singapore is indispensable Whether you are planning to visit a city a region or a country DK s foolproof Eyewitness approach makes learning about a place a pleasure in itself All the traditional guidebook subject matter is covered descriptions of sights opening times hotels restaurants shopping entertainment phrase books etc but with the help of specially commissioned illustrations and maps DK makes essential information easy to access and quick to absorb No other guides explain the history of a place as clearly in words and pictures DK Eyewitness Travel Guides the best guides ever created *Opium, Empire and the Global Political Economy* Carl Trocki,2012-11-12 Drug epidemics are clearly not just a peculiar feature of modern life the opium trade in the nineteenth century tells us a great deal about Asian heroin traffic today In an age when we are increasingly aware of large scale drug use this book takes a long look at the history of our relationship with mind altering substances Engagingly written with lay readers as much as specialists in mind this book will be fascinating reading for historians social scientists as well as those involved in Asian studies or economic history Culture and Commerce in Conrad's Asian Fiction Andrew Francis,2015-04-23 Andrew Francis Culture and Commerce in Conrad s Asian Fiction is the first book length critical study of commerce in Conrad s work It reveals not only the complex connections between culture and commerce in Conrad s Asian fiction but also how he employed commerce in characterization moral contexts and his depiction of relations at a point of advanced European imperialism Conrad s treatment of commerce Arab Chinese and Malay as well as European is explored within a historically specific context as intricate and resistant to traditional readings of commerce as simple and homogeneous Through the analysis of both literary and non literary sources this book examines capitalism colonialism and globalization within the commercial political and social contexts of colonial Southeast Asia **Indian Ocean Cruising Guide** Rod Heikell,2019-01-01 A good general cruising guide covering the routes from Europe to Australia and points in between The Indian Ocean Cruising Guide covers all the usual points of interest for cruising yachtsmen from history to climate weather patterns formalities route planning and so on The general sections are followed by a country by country round up in which key ports are described in detail with the
