Lost In Space Saved By Grace:

Making Space for Grace Art McNeese, 2020-04-23 Too often grace is treated as an afterthought even though it is foundational. A proper understanding of grace is essential to our spiritual and emotional health. That's why it's crucial that we make space for grace. In this inspiring book Art McNeese explores how Christians can move from a theory of grace to living a life of grace. The author draws on his observations of thousands of people who could say the right things but who seemed to lack an internalized reality of grace to answer questions such as: How do you learn to experience grace in the deepest part of your soul? How do you move grace from your head to your heart? How can you practice a grace-filled life on a daily basis? How can you exchange perfectionism for peace? Masterfully Art McNeese uses the art of the pen to paint a portrait of the beauty of God's grace on a canvas of His love. Laymen and Pastors will find *Making Space for Grace* instructive, enjoyable, and helpful in applying God's Amazing Grace. Dr. Donald Brake, PhD, Dean Emeritus, Multnomah Biblical Seminary, Delightful! That's the word that comes to mind as I read Art McNeese's book on Grace. This is a practical, inspiring, attitude-changing book. It will lift your mind and soul. Greg Pruett, President of Pioneer Bible Translators and author of *Extreme Prayer*. *Lost in Space* Rob Kitchin, James Kneale, 2005-10-23 Science fiction, one of the most popular literary, cinematic, and televisual genres, has received increasing academic attention in recent years. For many theorists, science fiction opens up a space in which the here and now can be made strange or remade, where virtual reality and cyborg are no longer gimmicks or predictions but new spaces and subjects. *Lost in space* brings together an international collection of authors to explore the diverse geographies of space, exploring imagination, nature, scale, geopolitics, modernity, time, identity, the body, power relations, and the representation of space. The essays explore the writings of a broad selection of writers, including J. G. Ballard, Frank Herbert, Marge Piercy, Kim Stanley Robinson, Mary Shelley, and Neal Stephenson, and films from *Bladerunner* to *Dark City*, *The Fly*, *The Invisible Man*, and *Metropolis*. *Lost in Space, Saved by Grace* Mark W.
