Lost London A Century Of Demolition And Decay:

Lost London Hermione Hobhouse, 1976 This book then is primarily a catalogue of destruction a list of buildings which were obsolescent or economic or stood in the way of progress in the form of a new road or a new bridge or of an institution like a hospital or a university Throughout the hundred years it covers there were voices raised against the destruction merely deprecatory at first but leading to the formation of pressure groups who gradually achieved legislative protection for historic buildings in London Introduction p 1

The Lost Book of Sun Yatsen and Edwin Collins Patrick Anderson, 2016-11-25 Sun Yatsen 1866 1925 occupies a unique position in modern Chinese history he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan The first president of the Republic of China in 1911 12 the peasant born yet Western trained Dr Sun was also a dedicated political theorist constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution A decade before the public emergence in Japan of his Three Principles of the People and weeks before even his first slim publication in 1897 Kidnapped in London Sun was already hard at work in the Reading Room of the British Museum planning his most ambitious book yet a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty Started then abandoned twice over destined never to be completed let alone published we can only conjecture what title this revolutionary book might have had The Lost Book of Sun Yatsen and Edwin Collins is the first study of this lost work in all scholarship Western or Chinese It draws its originality and its themes from three primary sources all presented here for the first time The first is a series of interconnected lost writings co authored by Sun Yatsen between 1896 and 1898 The second is the mass of lost political interviews with and articles dedicated to Sun Yatsen and his politics first published in the British press in the aftermath the dramatic world famous rescue of Sun from inside the Chinese Legation in London in 1896 The third source is the Apostle of the Simple Life for Children the Anglo Jewish Rabbi Edwin Collins 1858 1936 a devotee and practitioner of Jean Jacques Rousseau's mile and the New Education movement it inspired who became Sun's writing collaborator of choice during his years of political exile from China Drawing on this wealth of neglected material Patrick Anderson's book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs

A City Lost and Found Robyn Annear, 2014-03-26 Old landmarks fall in nearly every block and the face of the city is changing so rapidly that the time is not too far distant when a search for a building 50 years old will be in vain Herald 1925 The demolition firm of Whelan the Wrecker was a Melbourne institution for a hundred years 1892 1992 Its famous sign Whelan the Wrecker is Here on a pile of shifting rubble was a laconic masterpiece and served as a vital sign of the city's progress It's no stretch to say that over three generations the Whelan family changed the face of Melbourne demolishing hundreds of buildings in the central city alone In *A City Lost and Found* Robyn Annear uses Whelan's demolition sites as portals to explore layers of the city laid bare by their pick axes and iron balls Peering beneath the rubble she brings to light fantastic stories about

Nixon, 2004-08-20 This collection of essays attempts to address the disparate historical and critical ways religion informs the literature and culture of nineteenth century England showing how a representative group of major Victorians negotiated its impact The collection attempts to present Victorian religious discourse not as monologic but as dialogic if not protean It seeks to make available new understandings of nineteenth century British literature as well as to elucidate the extent to which religious discourse is vested in Victorian cultural thoughts and practice **The New Blackwell Companion to The City** Gary Bridge, Sophie Watson, 2011-02-23 This book considers the state of the city and contemporary urbanisation from a range of intellectual and international perspectives The most interdisciplinary collection of its kind Provides a contemporary update on urban thinking that builds on well established debates in the field Uses the city to explore economic social cultural environmental and political issues more broadly Includes contributions from non Western perspectives and cities **An Economic History of London 1800-1914** Professor Michael Ball, David T Sunderland, 2001-04-26 This is the first comprehensive survey of the economic development of the world's first great industrial metropolis Modern theories of urban economics are used to shed new light on the process of change in the city *The Magic Screen* Joost Hunningher, Rikki Morgan-Tamosunas, Guy Osborn, Ro Spankie, 2015-01-01 The story of the now restored Regent Street Cinema is the fourth volume exploring the University of Westminster's long and diverse history This multi authored volume tells its history from architectural educational legal and cinematic perspectives and is richly illustrated throughout with images from the University of Westminster archive **Untied Kingdom** Stuart Ward, 2023-02-16 How did Britain cease to be global In Untied Kingdom Stuart Ward tells the panoramic history of the end of Britain tracing the ways in which Britishness has been imagined experienced disputed and ultimately discarded across the globe since the end of the Second World War From Indian

independence West Indian immigration and African decolonization to the Suez Crisis and the Falklands War he uncovers the demise of Britishness as a global civic idea and its impact on communities across the globe He also shows the consequences of this diminished global reach in Britain itself from the Troubles in Northern Ireland to resurgent Englishness and the startling success of separatist political agendas in Scotland and Wales Untied Kingdom puts the contemporary travails of the Union for the first time in their full global perspective as part of the much larger story of the progressive rollback of Britain s imaginative frontiers **Catalog of Copyright Entries.
