LOST LEMON MINE

*According to legend, the legendary
miner who discovered it was a man of
great wealth and power.*

In the early 1900s, a man named
James W. Smith, who had been mining
for years in the area, discovered a large
deposit of silver and gold. He was
so excited that he called it the "Lost
Lemon Mine" because it was so rich and
valuable.

The mine was so rich that it was
said to be worth millions of dollars. It was
so rich that it was said to be worth
millions of dollars. It was so rich that it
was said to be worth millions of dollars.

But the mine was so rich that it was
said to be worth millions of dollars. It was
so rich that it was said to be worth
millions of dollars. It was so rich that it
was said to be worth millions of dollars.

All this time, the mine was so rich that it was
said to be worth millions of dollars. It was
so rich that it was said to be worth
millions of dollars. It was so rich that it
was said to be worth millions of dollars.
