Love A Fantasy:

Love and the Soul Robert Sardello, 2011-06-28 With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner *Love and the Soul* helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community

Love and the World Robert Sardello, 2001-04 From the translator's introduction In picking up this book you are about to embark on a fascinating journey It is a journey to places where according to the author many of us have already been but about which we have forgotten It is also a journey within into that psychological space where our ideas and beliefs about God spirituality and religion reside During both journeys we are likely to encounter wonder and recognition skepticism and acceptance rejection and admiration confusion and long sought understanding For some this journey will be the start of a much larger one for some it is but one more leg of a journey undertaken earlier in any case The Rose of the World is not a final destination Completed in 1959 hidden from the Soviet secret police for twenty years The Rose of the World was first made public through excerpts in the magazine *Novy Mir* in 1989 The Rose of the World is a unique and poetic cosmological treatise passionately written out of personal spiritual experience It offers a prophetic call for the spiritual reunification of all people and an open and harmonious relationship among the great world religions For Daniel Andreev The Rose of the world is a spiritual flower whose roots are in heaven each petal is a unique image of the great world religions and cultures and the whole flower is their joint co creation with God Lindisfarne Books is proud to publish the first English translation of this masterpiece of contemporary Russian spiritual literature a work that belongs to Russian religious thought in the tradition of Vladimir Soloviev and to the West in the tradition of Dante and Blake truly a work for the twenty first century
