association of love and sexual activity is unknown to most cultures of the world Examines the following societies Northern Athabascan Indians Apaches Mohave Hehinaku Kagwahiv Normanby Islanders Sambia and Gebusi of New Guinea Manganians Turu the people of Lusaka and Zambia the Anyi of the Ivory Coast **Sexual Nature/Sexual Culture** Paul R.

Abramson, Steven D. Pinkerton, 1995-07 In this multidisciplinary study of human sexuality an international team of scholars looks at the influences of nature and nurture biology and culture and sex and gender in the sexual experiences of humans and other primates Using as its center the idea that sexual pleasure is the primary motivational force behind human sexuality and that reproduction is simply a byproduct of the pleasurable nature of sex this book examines sexuality at the individual societal and cultural levels Beginning with a look at the evolution of sexuality in humans and other primates the essays in the first section examine the sexual ingenuity of primates the dominant theories of sexual behavior the differences in male and female sexual interest and behavior and the role of physical attractiveness in mate selection The focus then shifts to biological approaches to sexuality especially the genetic and hormonal origins of sexual orientation gender and pleasure The essays go on to look at the role of pleasure in different cultures Included are essays on love among the tribespeople of the Brazilian rain forest and the regulation of adolescent sexuality in India Finally several contributors look at the methodological issues in the study of human sexuality paying particular attention to the problems with research that relies on people's memories of their sexual experiences The contributors are Angela Pattatucci Dean Hamer David Greenberg Frans de Waal Mary McDonald Pavelka Kim Wallen Donald Symons Heino Meyer Bahlburg Jean D Wilson Donald Tuzin Lawrence Cohen Thomas Gregor Lenore Manderson Robert C Bailey Alice Schlegel Edward H Kaplan Richard Berk Paul R Abramson Paul Okami and Stephen D Pinkerton Spanning the chasm of the nature versus nurture debate *Sexual Nature Sexual Culture* is a look at human sexuality as a complex interaction of genetic potentials and cultural influences This book will be of interest to a wide range of readers from scholars and students in psychology anthropology sociology and history to clinicians researchers and others seeking to understand the many dimensions of sexuality If we ever expect to solve the sexually based problems that modern societies face we must encourage investigations of human sexual behavior Moreover those investigations should employ a broad range of disciplines looking at sex from all angles which is precisely what *Sexual Nature Sexual Culture* does Mike May American Scientist This timely and relevant book reminds us that we cannot rely on simple solutions to complex problems It represents a transdisciplinary approach integrating knowledge from diverse fields and provides the reader with a

challenging and rewarding experience Especially for those who are involved in teaching human sexuality to medical students and other health care professionals this book is highly recommended Gerald Wiviott M D Journal of Nervous and Mental Disease In short this volume contains much to stimulate inform and amuse in varying proportions What more can one ask Pierre L van den Berghe Journal of the History of Sexuality the book succeeds in bring together some of the sharpest thinkers in the field of human sexuality and goes a long way toward clarifying the diverse perspectives that currently exist David M Buss and Todd K Shackelford Quarterly Review of Biology

Love & Eroticism Mike Featherstone,1999-09-20 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Erotici

International Handbook of Love Claude-Hélène Mayer, Elisabeth Vanderheiden,2021-05-04 This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research This handbook includes state of the art research on love in classical modern and postmodern perspectives It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation globalisation and the fourth industrial revolution The handbook covers a vast range of topics in relation to love aging health special needs sexual preferences spiritual practice subcultures family and other relationships and so on The chapters look at love not only in terms of the universal concept and in private intimate relationships but apply a broad concept of love which can also for example be referred to in postmodern workplaces This volume is of interest to a wide readership including researchers practitioners and students of the social sciences humanities and behavioural sciences In the 1970s through the 90s I was told that globalization was homogenizing cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures are proves otherwise The authors revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that s what love does It communicates what is offers what can be and pleads for what must be I know you ll enjoy this wonderful book as much as I do Jeffrey Ady Associate Professor retired Public Administration Program University of Hawaii at Manoa Founding Fellow International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium It is a breath taking attempt to synthesize our anthropological

and sociological knowledge on love It illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva Illouz author of *The End of Love A sociology of Negative relationships* Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer s interview related to the handbook in LeanHealth Talks published by Bernadette Bruckner <https://www.youtube.com/watch?v=yVNXA9sWuWo> Please see Claude H l ne Mayer s interview related to the handbook published In Iran News Daily <https://newspaper.irandaily.ir/nid/6941/pid/6/type/0> ,

The Domesticated Penis Loretta A. Cormier, Sharyn R. Jones, 2015-11-30 The Domesticated Penis is the first anthropological history of the penis incorporating evidence from evolutionary theory primatology archaeology and cultural anthropology

Romantic Passion William Jankowiak, William R. Jankowiak, 1997-02-13 Observers from the West the book contends have incorrectly projected rigid ethnocentric notions of love and marriage onto cultures around the world Contributors look beyond each society s official institutions to explore expressions of love offering new perspectives on arranged marriages and polygamy and reexamining as well the other side of the equation rejection and grief

Romantic Love Yolanda van Ede, 2006

Research Handbook on the Sociology of the Family Norbert F. Schneider, Michaela Kreyenfeld, 2021-06-25 Exploring how family life has radically changed in recent decades this comprehensive Research Handbook tracks the latest developments and trends in scholarly work on the family With a particular focus on the European context it addresses current debates and offers insights into key topics including the division of housework family forms and living arrangements intergenerational relationships partner choice divorce and fertility behaviour

Romantic Love in Cultural Contexts Victor Karandashev, 2016-12-24 This volume presents a conceptual historical anthropological and sociological review of how culture affects our experience and expression of romantic love What is romantic love and how is it different from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world s cultures Yet love displays in different ways because culture has an impact on people s conceptions of love and the ways they feel think and behave in

romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations Flix Neto Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal

The Origins of the Love Song Nino Tsitsishvili, 2022-11-18 The book offers a radically new perspective on the origins of the love song and human sexuality in an evolutionary context By comparing different human societies and animal species past and present it reveals that love songs romantic love and exclusive pair bonds are not the original evolutionary features of Homo sapiens One of the key findings of the book is that early humans practiced multiple partner sexual relations similar to our closest relatives bonobos and chimpanzees but with the emergence of culture and sexual taboo their behaviour had to adjust It contends that since the exodus from Africa and the rise of culture humans started to distance themselves from the rest of the animal kingdom drastically restraining their innate sexual nature The book will appeal to both scholars and laypeople with an interest in evolutionary theory socio biology anthropology and the origins of culture With Pleasure Paul R.

Abramson, Steven D. Pinkerton, 2002-10-17 Challenging everything from the mandates of the Catholic Church to the hotly debated ethics of pornography and from the controversy surrounding gay rights to issues of gender and feminism With Pleasure explores a new theory of human sexuality that ignites every hot topic in the public domain What role authors Paul Abramson and Steven Pinkerton ask does sexual pleasure play in our lives Is the pursuit of sexual enjoyment in our blood Our brains Our very nature Regardless of the source it can be agreed that the joys of sex are widely appreciated Why then is pleasure so often overlooked in discussions of sexual behaviour and why do cultural historical and religious treatises so often

fail to emphasise or outright ignore this obvious aspect of human sexuality Responding to these and many other questions about our most private affairs *With Pleasure* provides a profoundly original challenge to the cherished truisms of human sexuality Abramson and Pinkerton proclaim the paramount importance of pleasure while at the same time overthrowing traditional ideas about gender pornography contraception homosexuality abortion and much more Supported by rigorous research and co written by one of the foremost authorities on sex *With Pleasure* argues that human sexuality cannot be understood if its significance is limited to reproduction alone The authors posit that in humans reproduction itself occurs as a byproduct of pleasure not the other way around and that it is the strong drive for pleasure that makes people overcome many obstacles and even life threatening dangers such as AIDS to have sex Ranging from discussions about the church to current debates about pornography and from evolutionary theory to questions about the future of sex and pleasure Abramson and Pinkerton argue persuasively that the pleasurable of sex cannot be restricted to purely reproductive behaviour *With Pleasure* advances a startling and original new theory about human sexuality one which the authors believe will replace all existing notions about sex The book standing in direct and deliberate opposition to traditions that try to confine sexuality to procreation is sure to ignite a firestorm of controversy Cross-Cultural Marriage Rosemary Breger, Rosanna

Hill, 2021-02-25 As societies world wide become increasingly multicultural so the issues of identity belonging tolerance and racism become imperative to understand in their various forms This book adds to the discussion by examining the interface between the lived personal experiences of people in cross cultural marriages and wider socio political issues One major contribution this book offers is that the marriages discussed are from a very broad range of cultures and classes Amongst other issues contributors examine the legal and social factors influencing cross cultural marriages the personality factors and positive or negative stereotypes of otherness that influence spouse choice notions of identity gender and personhood and definitions of difference and how these are often tied up in emotive stereotypes how all these factors affect the ongoing process of living together and the ability to cope and how the children of such marriages come to terms with identity choices This book should be highly relevant to the growing number of people in cross cultural marriages as well as to professionals in the fields of marriage guidance child welfare and academics interested in ethnicity and kinship **Migrating Genders**

Johanna Schmidt, 2016-04-22 *Migrating Genders* presents a sustained description of male to female transgendered identities explaining how the fa'afafine fit within the wider gender system of Samoa and examining both the impact of Westernization on fa'afafine identities and lives and the experiences of fa'afafine who have migrated to New Zealand Informed by theories of sex gender and embodiment this book explores the manner in which the expression and understanding of non normative gendered identities in Samoa problematizes dominant western understandings of the relationship between sex and gender Drawing on rich empirical material this book tells of both the diversity and the uniqueness of fa'afafine identities aspects which fa'afafine have maintained in the face of Westernization migration and cultural marginalization in both Samoa and

New Zealand As such in addition to anthropologists it will be of interest to geographers sociologists and other readers with interests in gender and sexuality *Love and Liberation* Sarah H. Jacoby,2014-09-16 *Love and Liberation* reads the autobiographical and biographical writings of one of the few Tibetan Buddhist women to record the story of her life Sera Khandro Dew Dorj 1892 1940 was extraordinary not only for achieving religious mastery as a Tibetan Buddhist visionary and guru to many lamas monastics and laity in the Golok region of eastern Tibet but also for her candor This book listens to Sera Khandro s conversations with deities dakinis bodhisattvas lamas and fellow religious community members and investigates the concerns and sentiments relevant to the author and to those for whom she wrote Sarah H Jacoby s analysis focuses on the status of the female body in Sera Khandro s texts the virtue of celibacy versus the expediency of sexuality for religious purposes and the difference between profane lust and sacred love between male and female Tantric partners Her findings add new dimensions to our understanding of Tibetan Buddhist consort practice complicating standard scriptural presentations of a male subject and a female aide Sera Khandro depicts herself and her guru and consort Drim zer as inseparable embodiments of insight and method that together form the Vajrayana Buddhist vision of complete buddhahood By advancing this complementary sacred partnership Sera Khandro carved a place for herself as a female virtuoso in the male dominated sphere of early twentieth century Tibetan religion **How to Talk to a Borderline** Joan

Lachkar,2011-01-07 In *How to Talk to a Borderline* Joan Lachkar introduces Borderline Personality Disorder BPD and outlines the challenges and difficulties it presents to clinicians She expands current understanding of BPD by outlining eight different kinds of borderline personality disorders and how each of these requires specific communication techniques and methods Case examples are offered throughout the text and in some cases describe the kinds of partners borderlines attract This book offers new approaches to communicating working with and treating borderline personality disorders while integrating more contemporary treatment methods **Cross-Cultural Perspectives on the Experience and Expression**

of Love Victor Karandashev,2019-06-05 This ambitious volume integrates findings from various disciplines in a comprehensive description of the modern research on love and provides a systematic review of love experience and expression from cross cultural perspective It explores numerous interdisciplinary topics bringing together research in biological and social sciences to explore love probing the cross cultural similarities and differences in the feelings thoughts and expressions of love The book s scope which includes a review of major theories and key research instruments provides a comprehensive background for any reader interested in developing an enlightened understanding of the cultural diversity in the concepts experience and expression of love Included among the chapters How do people in different cultures conceptualize love How similar and different are the experiences and expressions of love across cultures What are the cultural factors affecting the experience and expression of love Cross cultural understanding of love as passion joy commitment union respect submission intimacy dependency and more A review of the past and looking into the future of

cross cultural love research Critical reading for our global age Cross Cultural Perspectives on the Experience and Expression of Love promotes a thorough understanding of cross cultural similarities and differences in love and in so doing is valuable not only for love scholars emotion researchers and social psychologists but also for practitioners and clinicians working with multicultural couples and families The most striking feature of this book is the broad array of perspectives that is covered Love is portrayed as a universally found emotion with biological underpinnings The text expands from this core incorporating a wide range of manifestations of love passion admiration of and submission to a partner gift giving and benevolence attachment and trust etc Information on each topic comes from a variety of sources cross culturally and interdisciplinary The text is integrative with a focus on informational value of ideas and findings If you take an interest in how love in its broadest sense is experienced and expressed you will find this to be a very rich text Ype H Poortinga Tilburg University The Netherlands Catholic University of Leuven Leuven Belgium In this wide ranging book Victor Karandashev expertly guides us through the dazzling complexity of our concept and experience of love Not only does he show the many different ingredients that make up our conceptions of love in particular cultures such as idealization of the beloved commitment union intimacy friendship and others he draws our attention to the bewildering array of differences between their applications in different cultural contexts or to their presence or absence in a culture In reading the book we also get as a bonus an idea of how an elusive concept such as love can be scientifically studied by a variety of methodologies all to our benefit A masterful accomplishment K vecses Zolt n E tv s Lor nd University Budapest Hungary Long considered a research purview of only a portion of the world s cultures we know today that love is universal albeit with many cultural differences in meaning form and expression Moreover love has a rich history of scholarship across multiple disciplines Within this backdrop Karandashev has compiled a remarkably comprehensive global review of how people experience and express their emotions in love Covering the topic from a truly international and interdisciplinary perspective this book is an indispensable source of knowledge about cultural and cross cultural studies conducted in recent decades and is a must read for anyone interested in the universal and culturally diverse aspects of love David Matsumoto San Francisco State University Director of SFSU s Culture and Emotion Research Laboratory

Love Relations Otto F. Kernberg, 1998-01-01 Internationally renowned psychoanalytic theorist and clinician Dr Otto Kernberg here examines the success and failure of sexual love in couples from adolescence to old age Dr Kernberg considers both normal and pathological relationships including the role of narcissism masochism and aggression in each The result expands the boundaries of our current understanding of love relations

Modern Loves Jennifer S. Hirsch, Holly Wardlow, 2006 Grounded in recent cutting edge feminist anthropological theory these essays discuss how women and men do courtship intimacy and marriage around the world
