To Evince the Blue Munia Khan,2014-10-29 This book provides a contrast between a worldly life of learning and pleasure This is not merely a book of poetry but a serene place to align our minds with a union of words and images Here all the poems have their own melody which deal with simplicity of language written on themes as mortality love life death the relationship of human spirit to the senses and so on Imagery here is almost tangible every image having a stamp of reality It is meant to be a reminder to the readers of life's mystical elements its beauty and darkness where truths are directed towards an undefined freedom that each can partake *Hands-On Bible 365 Devotions for Kids* Jennifer

Philosophical Provocations Colin McGinn, 2017-08-18 Pithy direct and bold essays that propose new ways to think about old problems spanning a range of philosophical topics In *Philosophical Provocations* Colin McGinn offers a series of short sharp essays that take on philosophical problems ranging from the concept of mind to paradox altruism and the relation between God and the Devil Avoiding the usual scholarly apparatus and embracing a blunt pithiness McGinn aims to achieve as much as possible in as short a space as possible while covering as many topics as possible Much academic philosophical writing today is long leaden citation heavy dense with qualifications and painful to read The essays in *Philosophical Provocations* are short direct and engaging often challenging philosophical orthodoxy as they consider issues in mind language knowledge metaphysics biology ethics and religion McGinn is looking for new ways to think about old problems Thus he writes about consciousness I think we have been all wrong and goes on to suggest that both consciousness and the unconscious are mysteries Summing up his proposal on altruism he remarks My suggestion can now be stated somewhat brutally as follows human altruism is the result of parasitic manipulation He takes a moment to reflect I really don't know why it is good to be alive though I am convinced that the standard suggestions don't work McGinn gets straight to the point and states his position with maximum clarity These essays offer provocative invitations to think again
