sacraments cares for the suffering and liberates the oppressed This is where the task of theology begins In Love Makes No Sense each chapter engages central issues of theology but remains focused on the Christian life Although it is a book about doctrine Christian teaching it insists that one cannot present a doctrine of the Trinity or Incarnation or anything else in the abstract Teaching divorced from everyday life is not Christian teaching This does not mean this book is primarily practical as opposed to theological It is an invitation to Christian theology that refuses to separate the two The aim of this book is not to satisfy the intellect but to train its readers through approachable theological teaching to live the love that Christian theology proclaims Suitable for people looking to explore Christian theology more deeply be they life long Christians who want a deeper understanding of their faith new Christians or those who are interested in the Christian faith and looking to find out more

and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love s compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned
