Love Meets Wisdom A Christian Experience Of Buddhism Faith Meets Faith:

Love Meets Wisdom Aloysius Pieris, 1988 Crucified Wisdom S. Mark Heim, 2018-12-04 Winner of the Frederick Streng Book Award for Excellence in Buddhist Christian Studies This work provides the first systematic discussion of the Bodhisattva path and its importance for constructive Christian theology Crucified Wisdom examines specific Buddhist traditions texts and practices not as phenomena whose existence requires an apologetic justification but as wells of tested wisdom that invite theological insight With the increasing participation of Christians in Buddhist practice many are seeking a deeper understanding of the way the teachings of the two traditions might interface Christ and the Bodhisattva are often compared superficially in Buddhist Christian discussion This text combines a rich exposition of the Bodhisattva path using ntideva s classic work the Bodhicaryavatara and subsequent Tibetan commentators with detailed reflection on its implications for Christian faith and practice Author S Mark Heim lays out root tensions constituted by basic Buddhist teachings on the one hand and Christian teachings on the other and the ways in which the Bodhisattva or Christ embody and resolve the resulting paradoxes in their respective traditions An important contribution to the field of comparative theology in general and to the area of Buddhist Christian studies in particular Crucified Wisdom proposes that Christian theology can take direct instruction from Mahayana Buddhism in two respects deepening its understanding of our creaturely nature through no self insights and revising its vision of divine immanence in dialogue with teachings of emptiness Heim argues that Christians may affirm the importance of novelty in history the enduring significance of human persons and the Trinitarian reality of God even as they learn to value less familiar nondual dimensions of Christ s incarnation human redemption and the divine life Crucified Wisdom focuses on questions of reconciliation and atonement in Christian theology and explores the varying interpretations of the crucifixion of Jesus in Buddhist Christian discussion The Bodhisattva path is central for major contemporary Buddhist voices such as the Dalai Lama and Thich Nhat Hanh who figure prominently as conversation partners in the text This work will be of particular value for those interested in dual belonging in connection to these traditions The End of Divine Truthiness: Love, Power, and God Paul Joseph Greene, 2017-08-01 In The End of Divine Truthiness Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love With urgent resolve Greene answers Martin Luther King Jr s pointed challenge to overcome reckless and abusive power without love and sentimental and anemic love without power Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty Wielding Stephen Colbert s word truthiness as a scalpel Greene slices out one perilous theology after another to restore the wholesome truth that God is love Supported by three world religions Buddhism Christianity and Taoism he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love To reunify love and power here in the world as King challenges it is time to abandon ideologies of divine power that devastate divine love and promote atrocities Greene s call for the end of divine truthiness heralds a new day for

the God whose love is power and whose power is love *News of Boundless Riches* Max L. Stackhouse, Lalsangkima Pachuau, 2007 **A Theology of Dao** Kim, Heup Young, 2017-06-22 **Beyond the Academy** David Thang Moe, 2024-10-11

The term public theology was introduced by Martin E Marty in a 1974 article. Since then, scholarly discussions on public theology have become more popular in academic circles. This book, however, is about the invitation for moving beyond the academy. It provides two reasons for doing so. First, an overtly academic public theology is in crisis today. Although public theology may be flourishing in the academy, its relevance for real life is limited. Second, there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life. Their voices are largely unheard due to the gaps between the academy and the church. This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology. The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices.

Buddhist-Christian Dialogue as Theological Exchange Ernest M. Valea, 2015-04-14

This book is intended to encourage the use of comparative theology in contemporary Buddhist-Christian dialogue as a new approach that would truly respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange. As a result of the impasse reached by the current theologies of religious exclusivism, inclusivism, and pluralism in formulating a constructive approach in dialogue, this volume assesses the thought of the founding fathers of an academic Buddhist-Christian dialogue in search of clues that would encourage a comparativist approach. These founding fathers are considered to be three important representatives of the Kyoto School: Kitaro Nishida, Keiji Nishitani, and Masao Abe, and John Cobb, an American process theologian. The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity. Following Abe's methodology in dialogue, an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections.

Religious Diversity—What's the Problem? Rita M. Gross, 2014-04-24

Once upon a time, on grounds of both religion and common sense, people assumed that the earth was flat and that the sun literally rose and set each day. When newly developing knowledge made those beliefs untenable, giving them up was difficult. Today, the belief that only one of the world's various religions is true for all people on earth is equivalent to the belief in a flat earth. Both notions have become untenable given contemporary knowledge about religion. Even though many people are still troubled by the existence of religious diversity today, that diversity is a fact of life. Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun. This provocative book, based on the author's longtime practice of Buddhism and comparative study of religion, provides tools with which one can truly appreciate religious diversity as a gift.
