Miller,2022-08-05

The pastoral counselor brings God's presence to the counseling session. The counselor radiates God's enormous unconditional love and forgiveness to the client. Clients come in because they are spiritually broken and prey to the allies of darkness: fear of abandonment from God and those they love, resentment, frustration, anxiety, and callousness. He is the prodigal son. Through empathy, compassion, and counseling skills, the pastoral counselor connects them to the God who runs to meet him with joy, throws his arms around him, kisses him, forgives him, and makes him psychologically and spiritually whole again by giving him the signet ring. The pastoral counselor's role is to facilitate this occurrence.

What the Bible Says about Love, Marriage & Sex David Jeremiah, 2025-05-01. With roughly a third of all marriages ending in divorce, there's never been a better time for this refresher course in the true meaning of a successful union. As New York Times bestselling author Dr. David Jeremiah reminds us, it's a biblical truth: Sex and passionate romantic love are God's ideas. Nothing rivals the beauty of the writing in the Song of Solomon, and nothing rivals the wisdom of Solomon on matters of love, romance, marriage, and sexual intimacy. Dr. Jeremiah's thoughtful interpretation of Solomon and Shulamith's relationship provides all of us, whether married or single, with valuable lessons for a better, happier, more fulfilling life and a long, loving marriage.

Queering Romantic Engagement in the Postal Age Pamela VanHaitsma, 2019-09-18. 2020 Winifred Bryan Horner Book Award Honorable Mention from the Coalition of Feminist Scholars in the History of Rhetoric and Composition. Romantic letters are central to understanding queer history. Debates about letters of romantic friendship, however, too often reduce them to unstudied expressions of heartfelt feeling. In *Queering Romantic Engagement in the Postal Age*, Pamela VanHaitsma shows how the genre should be understood as a learned form of rhetoric. VanHaitsma argues that epistolary instruction in the nineteenth-century United States shaped civic engagement in predictably heteronormative ways, even as it opened up possibilities for queer rhetorical practices. Her archival study draws on writings whose authors, diverse by gender, race, class, and education, all developed ways of queering cultural norms and

generic conventions in their same sex relationships VanHaitsma theorizes a new concept of rhetorical education for romantic engagement to account for the significant yet understudied role of such training in inventing both civic and romantic life
