**Love, Truth & Psychological Security** Franklin S. Helsinger, 1989-05-01      Entrapment Ilona Schultz and Roman Harnburg, 2013-12 Life is becoming increasingly more complicated speeding up to the point where we don't have enough time to achieve everything we'd like to compensate we seek fulfillment and enrichment outside of ourselves in an attempt to bring clarity and happiness into our lives and to find some meaning and purpose Yet we rarely question why we feel the way we do or how we ended up in the situations we find ourselves in today In Entrapment authors Ilona Schultz and Roman Harnburg seek to address those questions to help us understand ourselves and to show we are completely responsible for both what we experience and how we process and comprehend those experiences Schultz and Harnburg provide tools to help us carry out the necessary self examination through which we can achieve personal happiness This guide acts as a starting point to help you understand how you have become the person you are today what has shaped your understanding your beliefs and your fears and how these have impacted your life on a daily basis and overall the lessons presented in Entrapment help you pinpoint what is holding you back from finding and maintaining personal happiness and fulfillment
