**Dreams of Love and Fateful Encounters** Ethel S. Person, 2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis romantic passionate love Ethel Person views romantic love as a powerful agent of change arguing that it is as central to human culture as it is to human existence This new edition of Dreams of Love and Fateful Encounters emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love related issues from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts Employing a philosophical perspective in order to understand the existential dilemmas posed by love and a cultural perspective in order to understand its cultural variability Dr Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love

She acknowledges love's vital importance and power proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love. Among the issues she discusses are romantic love's sources in our early lives its relationship to imagination and creativity and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love love across generations and love triangles focusing on the individual growth that can result from such relationships. Citing accounts of love drawn from literature film and real life Person focuses on the lover's internal soliloquy and external dialogue with the beloved that can develop over an individual's life. An uplifting resource for people experiencing failing or unorthodox romances. *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers to professionals who encounter patients for whom key conflicts revolve around romantic love and to anyone who has struggled to understand the importance of romantic love in his or her own life.

*Love, Desire and Transcendence in French Literature* Paul Gifford, 2016-12-05 European literature and theory of the twentieth century have been intensely preoccupied with questions of Desire whereas love has increasingly represented a fractured and strange if not actually suspect proposal this is a prime symptom of an age of deep cultural mutation and uncertainty. Paul Gifford's book allows this considerable contemporary phenomenon to be observed steadily and whole with strategic understanding of its origins nature and meaning. Gifford paints a clear and coherent picture of the evolution of erotic ideas and their imaginary and formal expressions in modern French writing. He first retraces the formative matrix of French tradition by engaging with five classic sources: Plato's Symposium the Song of Songs the myth of Genesis the tension between Greek Eros and Christian Agape and the repercussions of Nietzsche's declaration of the death of God. Modern variations on these perennial problematics are then pursued in ten chapters devoted to Proust Valéry Claudel Breton Bataille Duras Barthes Irigaray Emmanuel Kristeva. Literary and theoretical perspectives are perfectly blended in his study of these attempts at deciphering Eros. The book will appeal not only to students of French literature but to all those interested in the cultural upheavals of the twentieth century.

[A Preface to Shakespeare's Comedies](#) Michael Mangan, 2014-06-06 This is an informative and interesting guide to the comedies of love: *The Two Gentlemen of Verona* *The Taming of the Shrew* *Love's Labour's Lost* *A Midsummer Night's Dream* *Much Ado About Nothing*

As You Like it and Twelfth Night which were written in the early part of Shakespeare's career As well as supplying dramatic and critical analysis this study sets the plays within their wider social and artistic context Michael Mangan begins by considering the social function of laughter the use of humour in drama for handling social tensions in Elizabethan and Jacobean society and the resulting expectations the audience would have had about comedy in the theatre In the second section he discusses the individual plays in the light of recent critical and theoretical research The useful reference section at the end gives the reader a short bibliographic guide to key historical figures relevant to a study of Shakespeare's comedies and a detailed critical bibliography

Chris Hassel, Jr., 2011-05-01 An enduring debate among scholars has focused on the degree to which Shakespeare's plays are indebted to the Christian culture in which they were created and the manner of demonstrating that indebtedness R Chris Hassel Jr points out informed allusions to familiar Pauline and Erasmian Christian passages and themes present in Love's Labor's Lost A Midsummer Night's Dream Much Ado about Nothing As You Like It Twelfth Night and The Merchant of Venice He argues that not only did Shakespeare's audience understand these allusions but also that these allusions led the audience to recognize their pertinence to the playwright's uniquely Christian comic vision Furthermore Hassel feels this understanding of the relationship between Shakespeare's comic artistry and Christianity leads to a greater appreciation of the plays Merchant of Venice. As you like it. Midsummer night's dream. Much ado about nothing. Love's labour's lost William Shakespeare, 1807 Merchant of Venice. As you live it. Midsummer night's dream. Much ado about nothing.
