## Loves Body:

Love's Body, Reissue of 1966 edition Norman O. Brown, 1990-09-12 Originally published in 1966 and now recognized as a classic Norman O Brown's meditation on the condition of humanity and its long fall from the grace of a natural instinctual innocence is available once more for a new generation of readers Love's Body is a continuation of the explorations begun in Brown's famous Life Against Death Rounding out the trilogy is Brown's brilliant Apocalypse and or Metamorphosis Love's Body Speaks Caitlin Adair, 2017-11-28 Caitlin has offered the courageous and authentic voice of a wisewoman in Love's Body Speaks Her lived experience and the lifetransitions and transformations she weathered on her way to that wisdom will resonate with many women Her exploration of the interconnected flow of life and growth in our species gives us hope for a new day beyond gender duality and divisiveness Love's Body Speaks is a call to humanity to mature into an adult species which cares for its members and its home **The Body** ??, 1987-01-01 This book explores mind body philosophy from an Asian perspective It sheds new light on a problem central in modern Western thought Yuasa shows that Eastern philosophy has generally formulated its view of mind body unity as an achievement a state to be acquired rather than as essential or innate Depending on the individual's own developmental state the mind body connection can vary from near dissociation to almost perfect integration Whereas Western mind body theories have typically asked what the mind body is Yuasa asks how the mind body relation varies on a spectrum from the psychotic to the yogi from the debilitated to the athletic from the awkward novice to the master musician Yuasa first examines various Asian texts dealing with Buddhist meditation kundalini yoga acupuncture ethics and epistemology developing a concept of the dark consciousness not identical with the psychoanalytic unconscious as a vehicle for explaining their basic view He shows that the mind body image found in those texts has a striking correlation to themes in contemporary French phenomenology Jungian psychoanalysis psychosomatic medicine and neurophysiology The book clears the ground for a provocative meeting between East and West establishing a philosophical region on which science and religion can be mutually illuminating Nondual Love A. H. Almaas, 2023-03-21 From beloved author and teacher A H Almaas an exploration of love beyond the boundaries of the individual self revealing that nondual love is the nature of everything including ourselves Love is a transformative aspect of the spiritual path and in fact it is our very nature A H Almaas takes us on a journey beyond a narrow individual understanding of love to an exploration of what he calls the boundless dimension of Divine Love This is not the kind of love that we feel toward somebody else it is nondual a love without boundaries Or put another way it is universal true nature experienced as love By shifting our focus beyond our individual human experience to the experience of the whole of existence we are able to see the true richness of the universe All of reality takes on a quality of inner light of softness and ease of sweetness and holding When we are open to the dimension of nondual love we can relax and trust our inner ground that is also the ground of everything our true nature free from limitations a sense of complete release freedom and delight that is free of conflict fear insecurity and

worry Almaas discusses the obstacles that make it difficult to awaken to true nature in this form such as our belief in a separate self and our past conditioning Each chapter includes an inquiry or practice such as explorations of attachments and worldly desires as well as inquiries into union surrender and grace      **Self-interest** Kelly Rogers,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company      The Trinity Saint Augustine (of Hippo),1990 A splendid translation made from a trustworthy Latin text of what is for some of us the foundation work of Christian theology He has fitted out his translation clearly the best of the four that have been made into English with notes that go well beyond the perfunctory and a 38 page introduction that is a delight to read Journal of Religion and Health Barry Ulanov      Love's Body Norman O.
