## Loves Of The Orient:

**Loves of the Orient** Giovanni CAMISSO,1965      **Love and Poetry in the Middle East** Atef Alshaer,2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian ancient Egyptian Classical and Modern Standard Arabic Persian Hebrew Turkish and Kurdish including literary materials that have been discovered and highlighted for the first time Together the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities styles and techniques used to convey it They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times Offering a snapshot of the diverse literary languages and their relationship to the theme of love the book will be of interest to scholars of Near and Middle Eastern Literature and Culture      *Proceedings, American Philosophical Society (vol. 97, no. 1)* ,      The New Orient ,1924      *Love's Wounds* Cynthia N. Nazarian,2017-01-10 Love s Wounds takes an in depth look at the widespread language of violence and abjection in early modern European love poetry Beginning in fourteenth century Italy this book shows how Petrarch established a pattern of inequality between suffering poet and exalted Beloved rooted in political parrh sia Sixteenth and early seventeenth century French and English poets reshaped his model into an idiom of extravagant brutality coded to their own historical circumstances Cynthia N Nazarian argues that these poets exaggerated the posture of the downtrodden lover adapting the rhetoric of powerless desire to forge a new countersovereignty from within the heart of vulnerability a potentially revolutionary position through which to challenge cultural religious and political authority Creating a secular equivalent to the martyr early modern sonneteers crafted a voice that was both critical and unstoppable because it suffered Love s Wounds tracks the development of the countersovereign voice from Francesco Petrarca to Maurice Sc ve Joachim du Bellay Th odore Agrippa d Aubign Edmund Spenser and William Shakespeare Through interdisciplinary and transnational analyses Nazarian reads early modern sonnets as sites of contestation and collaboration and rewrites the relationship between early modern literary forms      **The Orient and the Young Romantics** Andrew Warren,2014-11-06 Through close readings of major poems this book examines why the second generation Romantic poets Byron Shelley and Keats stage so much of their poetry in Eastern or Orientalized settings It argues that they do so not only to interrogate their own imaginations but also as a way of criticizing Europe s growing imperialism For them the Orient is a projection of Europe s own fears and desires It is therefore a charged setting in which to explore and contest the limits of the age s aesthetics politics and culture Being nearly always self conscious and ironic the poets treatment of the Orient becomes itself a twinned criticism of Romantic egotism and the Orientalism practised by earlier generations The book goes further to claim that poems like Shelley s *Revolt of Islam* Byron s *Eastern Tales* or even Keats s *Lamia* anticipate key issues at stake in

postcolonial studies more generally

**Paradisaal Love** John D. Baillam,1999-01-01 This is the first comprehensive study of Herder's preoccupation with the Song of Songs Baillam considers the importance of this poetry in his thinking and examines his commentaries and translations of 1776 and 1778 Despite Herder's claims to the contrary his own cultural position is revealed in his translations and in his unique interpretation of the work as the voice of pure paradisaal love Starting with Herder's interest in the Song of Songs between 1765 and 1778 this book sets his reflections in the wider context of his relativistic views on the nature of poetry contemporary German culture and the importance of primitive poetry in general and the poetry of the Bible in particular Then Baillam looks at current literary critical theories with implications for Herder's translations of these Lieder der Liebe and discusses Herder's theories of language and translation in comparison with German translation theories Herder's reading of the Song as the most primitive natural and sublime example of Hebrew poetry is placed in the context of earlier and contemporary interpretations his opinion of which is examined In the last part of the book there is an appraisal first of Herder's commentaries themselves analysing how the details reflect his overall concept of the work and then of his translations comparing them with each other with the Lutheran text to which Herder ultimately directed his readership and with the Hebrew text A concluding chapter reviews the reception of Herder's work and three appendices offer a parallel presentation of Herder's translations of 1776 and 1778 Luther's translation of 1545 and Goethe's translation of 1775

**Racist Love** Leslie Bow,2021-12-13 In Racist Love Leslie Bow traces the ways in which Asian Americans become objects of anxiety and desire Conceptualizing these feelings as racist love she explores how race is abstracted and then projected onto Asianized objects Bow shows how anthropomorphic objects and images such as cartoon animals in children's books home decor and cute tchotchkes contemporary visual art and artificially intelligent robots function as repositories of seemingly positive feelings and attachment to Asianness At the same time Bow demonstrates that these Asianized proxies reveal how fetishistic attraction and pleasure serve as a source of anti Asian bias and violence By outlining how attraction to popular representations of Asianness cloaks racial resentment and fears of globalization Bow provides a new means of understanding the ambivalence surrounding Asians in the United States while offering a theory of the psychological affective and symbolic dynamics of racist love in contemporary America

Coy,Henry Burnside Smith,William Barnard Mooney,1928 *Courtly Love Undressed* E. Jane Burns,2014-07-09 Clothing was used in the Middle Ages to mark religious military and chivalric orders lepers and prostitutes The ostentatious display of luxury dress more specifically served as a means of self definition for members of the ruling elite and the courtly lovers among them In Courtly

Love Undressed E Jane Burns unfolds the rich display of costly garments worn by amorous partners in literary texts and other cultural documents in the French High Middle Ages Burns reads through clothes in lyric romance and didactic literary works vernacular sermons and sumptuary laws to show how courtly attire is used to negotiate desire sexuality and symbolic space as well as social class Reading through clothes reveals that the expression of female desire so often effaced in courtly lyric and romance can be registered in the poetic deployment of fabric and adornment and that gender is often configured along a sartorial continuum rather than in terms of naturally derived categories of woman and man The symbolic identification of the court itself as a hybrid crossing place between Europe and the East also emerges through Burns s reading of literary allusions to the trade travel and pilgrimage that brought luxury cloth to France

**Pluriform Love** Thomas Jay Oord, 2022-02-25 A masterpiece from the preeminent theologian of love A strong case can be made that love is the core of Christian faith And yet Christians often fail to give love center stage in biblical studies and theology And most fail to explain what they mean by love Why is this Thomas Jay Oord explores this question and offers ground breaking answers Oord addresses leading Christian thinkers today and of yesteryear He explains biblical forms of love such as agape philia hesed and ahavah We should understand love s meaning as uniform he says but its expressions are pluriform Widely regarded as the world s foremost theologian of love Thomas Jay Oord tackles our biggest puzzles about the nature and meaning of love divine and creaturely His proposals are novel They align with love described in scripture and expressed in everyday experience Oord also provides radical and yet persuasive answers to questions about evil hell the Big Bang divine violence divine abandonment and more Pluriform Love changes the landscape of Christian love studies What they re saying Thomas Jay Oord is the first to systematically clarify a variety of types of love and show that all are characteristic of God This is an original contribution to theology Though a complex task Oord writes in an accessible and attractive way John B Cobb Jr Cobb Institute Author of Salvation Jesus s Mission and Ours Christian theology in the years to come will need a facelift a true restoration of the biblical witness to the centrality of God s love If we wish to help make the faith truly relatable to our world today Oord s clear compassionate and compelling voice is one we will be thankful for Peter Enns Eastern University and Co host of The Bible for Normal People Thomas Jay Oord adds to his proposals on open and relational theology developing a theology of love which is both uniform in meaning and pluriform
