Loving Evangeline:

Loving Evangeline Linda Howard, 2008-05-01 There was no doubt that the woman who called herself Evie Shaw was the key to the high tech conspiracy that threatened Robert Cannon's computer company and he meant to take her down personally But as he trailed her into the heart of a long hot Southern summer he found himself questioning everything he believed For he was face to face with a breathtaking passion for a woman who had to be as guilty as sin **Jeopardy** Linda Howard, 2016-01-26 Two fan favorite tales of romance and suspense from New York Times bestselling author Linda Howard A Game of Chance On the trail of a vicious criminal agent Chance Mackenzie finds the perfect bait for his trap the target's daughter Sunny Miller Chance makes himself the only man she can trust and then arranges for her elusive father to find out about them But Chance doesn't know that Sunny has her own reasons for hiding from her father His deception puts them in danger of losing everything including their hearts Loving Evangeline There's no doubt that the woman calling herself Evie Shaw is the key to the high tech conspiracy that's threatening Robert Cannon's computer company and he means to take her down personally But trailing her into the heart of a long hot Southern summer he finds himself questioning everything he thought he knew Can she really be innocent Or are Robert's feelings clouding his judgment when it comes to the woman who has to be guilty as sin **Making Meaning in Popular Romance Fiction** Jayashree Kamblé, 2014-08-07 Despite pioneering studies the term romance novel itself has not been subjected to scrutiny This book examines mass market romance fiction in the U K Canada and the U S through four categories capitalism war heterosexuality and white Protestantism and casts a fresh light on the genre **Historical Dictionary of African American Cinema** S. Torriano Berry, Venice T. Berry, 2015-05-07 As early as 1909 African Americans were utilizing the new medium of cinema to catalogue the world around them using the film camera as a device to capture their lives and their history The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century and due to the effect of certain early films specific television images and an often biased news media it still plagues us today As new technologies bring the power of the moving image to the masses African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web These independently produced visions will add to the diverse cache of African American images being displayed on an ever expanding silver screen This wide range of stories topics views and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen This second edition of Historical Dictionary of African American Cinema covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1400 cross referenced entries on actors actresses movies producers organizations awards and terminology this book provides a better understanding of the role African Americans played in film history This book is an excellent access point for students researchers and anyone wanting to know more about African American cinema **New Approaches to Popular Romance Fiction** Sarah S.G. Frantz, Eric Murphy

Selinger,2014-01-10 Despite the prejudices of critics popular romance fiction remains a complex dynamic genre It consistently maintains the largest market share in the American publishing industry even as it welcomes new subgenres like queer and BDSM romance Digital publishing originated in erotic romance and savvy online communities have exploded myths about the genre s readership Romance scholarship now reflects this diversity transformed by interdisciplinary scrutiny new critical approaches and an unprecedented international dialogue between authors scholars and fans These eighteen essays investigate individual romance novels authors and websites rethink the genre s history and explore its interplay of convention and originality By offering new twists in enduring debates this collection inspires further inquiry into the emerging field of popular romance studies
