Step-by-Step Low-Fat Cooking,1999 Today more and more people are concerned about their diet and are conscious that they should be eating healthy food with a reduced fat content But eating low fat foods doesn t mean that you have to be restricted to a selection of lettuce leave or dishes that are bland or served without a sauce Now Good Housekeeping comes to the rescue once again with the most wonderful collection of low fat recipes from Starters and Snacks through to Main Courses Desserts and even Biscuits and Cakes that will appeal to all tastes In addition to the fat content each recipe is

accompanied by a clear nutritional analysis so you can see whether it is right for you especially if you are on a low cholesterol or low sodium diet As with all Good Housekeeping recipes all those in this collection have been double tested so you can cook them with confidence and know that they will work The step by step photographs make the recipes even easier to follow and the colour index at the front of the book which features every finished dish makes it easy to plan your meals at a glance With over 150 recipes all illustrated in colour GH LOW FAT COOKING the first in the STEP BY STEP ESSENTIALS series is a valuable companion for every cook who wants to cook and eat delicious healthy meals Low-Fat Cooking for Good Health Gloria Rose,1996 Gloria Rose director of the Gourmet Long Life Cooking Schools has carefully designed and kitchen tested traditional family favorites for maximum taste and nutrition but with absolutely no added fat sugar or salt She has created a cookbook that offers over 220 recipes And to make life just a little easier she includes brand names of recommended products The Best Ever Low Fat Recipes Parragon, 2004 LOW FAT RECIPES - Lose Weight While Enjoying Delicious Meals and Reaping the Be Travis Mackensie, 2015-10-04 Low Fat Recipes Lose Weight While Enjoying Delicious Meals And Reaping The Benefits Of Low Fat Cooking We live in a world where we are constantly bombarded with easy food choices that are unhealthy for us Many of these types of foods are loaded with the kind of fat that is really detrimental to our health These are the dangerous fats that can make you overweight create cardiovascular issues lead to pancreatic disorders or worse In spite of this situation you should know that you have options for food that is both tasty and good for you Welcome to the world of low fat cooking Not all fat is bad there is such a thing as good fat and bad fat in this world By eating the types of food with good fat we can have meals that are tasty without feeling like you re dieting yet enjoying healthful benefits like low cholesterol A lot of times when people say they re dieting to lose weight it conjures up images of eating boring food eating like a rabbit or just not enjoying the food you re eating because a myth that has been ingrained in our minds that if you re eating diet food it must not taste good Nothing could be further from the truth By using the right ingredients in your meals you can come up with tasty delicious meals that you ll eat again and again And all the time you re losing weight because you re eating meals that have low fat low cholesterol meals that are healthy for you And so I got the idea to create a low fat cookbook that would allow people to explore a low fat diet while at the same time enjoying new dishes or traditional dishes whose ingredients have been modified so that you can have this type of food only without the bad fats and calories These low fat recipes are geared for all types of cooking and cooking situations Some you can make quickly but others allow to come up with a great meal for the whole family for which you ll probably have leftovers that you ll be looking forward to Good eating doesn't have to be boring in order to be healthy and you don't have to take part in it at the expense of it tasting bad Here's a preview of the kinds of recipes available in this book Main Dishes Breakfast Main Dishes Chicken Main Dishes Pork Main Dishes Beef Main Dishes Seafood Main Dishes Veggies As you can see you re going to be eating food that is familiar to you but prepared in a way that minimizes its fat content I tried to cover a good spectrum from meats to low fat
