Bullying and Teasing Gayle L. Macklem,2012-12-06 Current research demonstrates that bullying affects all children in schools not simply the several students who may be most visibly involved in an individual incident In order to prevent escalation or to stop the action something different must happen The victim or bully must change but this may not be easy Importantly the classmates or the adults who witness the interaction have the power to change the interaction as well Bullying and Teasing Social Power in Children s Groups frames bullying and teasing as part of the critical foundations of elementary and middle school planning

that will allow children to experience the sense of personal safety needed to learn and grow Bullying and Teasing is designed for school psychologists and other school mental health workers including school counselors social workers and school nurses who want to address the ways bullying and teasing impact both individual students and the school as a whole The book will also be of interest to school administrators health coordinators special educators and school board members

Children and Animals Frank R. Ascione, 2005 Animal abuse has been an acknowledged problem for centuries but only within the past few decades has scientific research provided evidence that the maltreatment of animals often overlaps with violence toward people The variants of violence including bullying or assaults in a schoolyard child abuse in homes violence between adult intimate partners community hostility in our streets and neighborhoods and even the context of war are now the subject of concerted research efforts Very often the association of these forms of violence with cruelty to animals has been found The perpetrators of such inhumane treatment are often children and adolescents How common are these incidents What motivates human maltreatment of animals Are there cultural societal neighborhood and family contexts that contribute to cruelty to animals How early in a child's life does cruelty to animals emerge and are these incidents always a sign of future interpersonal violence Are there ways of preventing such cruelty Can we intervene effectively with children who already have a history of abuse and violence Children and Animals Exploring the Roots of Kindness and Cruelty presents the current scientific and professional wisdom about the relation between the maltreatment of animals and interpersonal violence directed toward other human beings However the author Frank R. Ascione a noted expert in these areas writes in a style and presents the findings in a language that will be understandable to parents teachers counselors clergy animal welfare professionals foster parents mental health professionals youth workers law enforcement professionals and anyone else whose work or interest crosses into the lives of children and adolescents Handbook of Psychological Services for Children and Adolescents Jan N. Hughes, Annette Marie La Greca, Jane Close Conoley, 2001 This handbook provides a comprehensive discussion of the key elements which should be part of any successful program tailored to the needs of children with diagnosable mental behavioral or emotional disorders The overall goal of the book is to provide an overview of the psychological services available to children and adolescents in school and community settings The book is divided into five parts Framing the Issues Delivering Psychological Services in Diverse Settings Preventive Interventions Treatments with Specific Populations and System Level Consultation Settings Preventive Interventions
