Glimcher, California State University, Long Beach. Art Galleries, 1975 This richly illustrated book documents the 1973-75 photographic work of Greek born American artist Lucas Samaras. The PHOTO TRANSFORMATIONS made with the Polaroid SX 70 camera represent the extension of his unique self-referential surrealist imagery into the medium of experimental photography. This new series of tableaux catalogued here for the first time demonstrates Samaras' versatility in the artistic exploration of the human condition through an almost hallucinatory examination of himself, his environment, and his fantasies. Photographer, painter, sculptor, Lucas Samaras is one of the most influential and provocative artists of our time. Once again available to readers, this long out of print volume presents a thorough compilation of Samaras's photographic work beginning with his earliest Auto Polaroids. This exhaustive body of work paved the way for a generation of contemporary photo artists, expanding the expressive possibilities of the medium. Using Polaroid materials, large, sometimes life-sized formats, manipulated imagery, and composites, Samaras helped forge a vocabulary employed by artists and photographers throughout the eighties. In his most profound achievement, he adopted one of photography's basic genres, portraiture, and used it as a basis for an inquiry into the self, which remains unmatched in its intensity and boundless in its ramifications. Photography critic Ben Lifson provides a trenchant critique and history of Samaras's work. Samaras split himself into model, actor, director, audience, and critic. Lifson writes, "To each of these roles, he brought a skilled artist's hand and an eye deeply informed by the historical traditions and motifs of art and by the vernacular and popular traditions of photography. He became a rare figure in American art, not an artist who occasionally uses photography for tactical reasons, but an artist who made photography central to his aesthetic campaign." Art Of The Postmodern Era Irving Sandler, 2018-05-30 Sandler discusses the major and minor artists and their works, movements, ideas, attitudes, and styles, and the social and cultural context of the period. He covers postmodernist art theory, the art market, and consumer society. American and European art and artists are included.

Impure Vision Moa Goysdotter, 2015-01-01 American staged art photography is the focus of this unique, in-depth study. Offering a new methodological strategy for viewing photographs, this fascinating account analyzes the work of four of the leading names in this new genre: Les Krims, Duane Michals, Arthur Tress, and Lucas Samaras, and applies new perspectives to 1970s art photography. As it sheds fresh light on the four artists' critiques of purist ideals, it also looks closely at their efforts to transcend the limitations of the purely visual effect of photography. Not only does this book tell the history of American staged photography in broad terms by drawing on theories and methods new to the field, but it also presents the latest approaches to photography history and theory. *Photography* Mary Warner Marien, 2006 Each of the eight chapters takes a

period of up to forty years and examines the medium through the lenses of art science social science travel war fashion the mass media and individual practitioners Back Cover

The Selfie, Temporality, and Contemporary Photography Claire Raymond, 2021-05-09 This book is a theoretical examination of the relationship between the face identity photography and temporality focusing on the temporal episteme of selfie practice Claire Raymond investigates how the selfie's involvement with time and self emerges from capitalist ideologies of identity and time The book leverages theories from Katharina Pistor Jacques Lacan Ragnvaldur Ingthorsson and Hans Belting to explore the ways in which the selfie imposes a dominant ideology on subjectivity by manipulating the affect of time The selfie is understood in contrast to the self portrait Artists discussed include James Tylor Shelley Niro Ellen Carey Graham MacIndoe and LaToya Ruby Frazier The book will be of interest to scholars working in visual culture history of photography and critical theory It will also appeal to scholars of philosophy and in particular of the intersection of aesthetic theory and theories of ontology epistemology and temporality

Photography as Fiction Erin C. Garcia, 2010 From as early as 1839 artists began exploring photography's enormous potential for storytelling and often went to great lengths to create pictures for the camera Here a short introductory essay summarizes the history of staged photography highlighting key debates on the medium's blunt factuality and its capacity for deception

The Camera Does the Rest Peter Buse, 2016-05-27 In a world where nearly everyone has a cellphone camera capable of zapping countless instant photos it can be a challenge to remember just how special and transformative Polaroid photography was in its day And yet there's still something magical for those of us who recall waiting for a Polaroid picture to develop Writing in the context of two Polaroid Corporation bankruptcies not to mention the obsolescence of its film Peter Buse argues that Polaroid was and is distinguished by its process by the fact that as the New York Times put it in 1947 the camera does the rest Polaroid was often dismissed as a toy but Buse takes it seriously showing how it encouraged photographic play as well as new forms of artistic practice Drawing on unprecedented access to the archives of the Polaroid Corporation Buse reveals Polaroid as photography at its most intimate where the photographer photograph and subject sit in close proximity in both time and space making Polaroid not only the perfect party camera but also the tool for frankly salacious pictures taking Along the way Buse tells the story of the Polaroid Corporation and its ultimately doomed hard copy wager against the rising tide of digital imaging technology He explores the continuities and the differences between Polaroid and digital reflecting on what Polaroid can tell us about how we snap

photos today Richly illustrated The Camera Does the Rest will delight historians art critics analog fanatics photographers and all those who miss the thrill of waiting to see what develops

In the digital age, access to information has become easier than ever before. The ability to download Lucas Samaras Photos Polaroid Photograph has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Lucas Samaras Photos Polaroid Photograph has opened up a world of possibilities. Downloading Lucas Samaras Photos Polaroid Photograph provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Lucas Samaras Photos Polaroid Photograph has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Lucas Samaras Photos Polaroid Photograph. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Lucas Samaras Photos Polaroid Photograph. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Lucas Samaras Photos Polaroid Photograph, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Lucas Samaras Photos Polaroid Photograph has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
