The political economy of food and nutrition policies Per Pinstrup-Andersen, 1993-01-01 Few nutritionists and economists fully appreciate how the political environment shapes policy and subsequently affects the relevance of their policy recommendations When governments fail to follow the recommendations of nutritionists and economists and are unable to design and implement cost effective nutrition programs and policies it is often attributed to politics or to lack of political will on the part of decisionmakers Past nutrition planning efforts frequently failed to understand the goals and behavior of the various agents and institutions inside and outside the government that in the final analysis determine whether the planning effort is successful In *The Political Economy of Food and Nutrition Policies* Per Pinstrup Andersen brings together a group of distinguished authorities to improve the understanding of how nutrition policies are formulated within larger political and economic contexts and how public sector agencies behave with regard to food and nutrition **Revolutionizing**

Development Andrea Cornwall, Ian Scoones, 2022-03-28 This book tells the story of development studies in practice over the last fifty years through the work of one remarkable individual Robert Chambers His work has taken him from being a colonial officer in Kenya through training and managing large rural development projects to a fundamental critique of top down development and the championing of participatory approaches The contributors eloquently demonstrate how he has been at the centre of major shifts in development thinking and practice over this period popularising terms that are now at the centre of the development lexicon such as vulnerability multi dimensional poverty sustainable livelihoods and farmer first Robert Chambers played a major role in the massive growth in participatory approaches to development and particularly the application of participatory methods in development research and appraisal This has led to fundamental challenges to development practice ranging from approaches to monitoring and evaluation to institutional learning and professional training There is probably no one who has had more influence on approaches to development in the past decades

Revolutionizing Development offers a unique overview of these contributions in thirty two concise chapters from authors who have been intimately involved as collaborators critics and colleagues of Robert Chambers *Development Policy in Africa* G. Kararach, 2014-10-28 The author investigates the agenda for transformation in contemporary African development studies policy studies strategic studies international relations and economic diplomacy With a focus on the capacity dimension he proposes critical policy and action oriented recommendations on how to overcome present and future emergencies in Africa
