Journeys of Desire Alastair Phillips, Ginette Vincendeau, 2019-07-25 A comprehensive guide to European actors in American film this book brings together 15 chapters with A Z entries on over 900 individuals It includes case studies of prominent individuals and phenomena associated with the emigres such as the stereotyping of European actresses in bad women roles and the irony of Jewish actors playing Nazis **Legendary Watering Holes** Richard F. Selcer, 2004 Saloons barrooms honky tonks or watering holes by whatever name they are part of the mythology of the American West and their stories are cocktails of legend and fact as Richard Selcer David Bowser Nancy Hamilton and Chuck Parsons demonstrate in these entertaining and informative accounts of four legendary Texas establishments In most Western communities the first saloon was built before the first church and the drinking establishments far outnumbered the religious ones Beyond their obvious functions saloons served as community centers polling places impromptu courtrooms and public meeting halls The authors of this volume discuss both the social and operational aspects of the businesses who the owners were what drinks were typically served the democratic ethos that reigned at the bars the troubling issues of social segregation by race and gender within each establishment and the way order was maintained if it was at all Here the spotlight is thrown on four saloons that were legends in their day Jack Harris's Saloon and Vaudeville Theater in San Antonio Ben Dowell's Saloon in El Paso the Iron Front of Austin and the White Elephant of Fort Worth Together with architectural renderings of the floor plans and old photographs of the establishments and some of their more famous customers the history of each is woven into the history of its city Fatal shootings are recounted and forms of entertainment are described with care and verve One of this book's most fascinating aspects is the sharp detail that brings to life the malodorous smoky interiors and the events that took

place there Selcer and his co authors are experts on their respective watering holes They start with the origins of each establishment and follow their stories until the last drink was served and the places closed down for good There are stops along the way to consider the construction of the ornate bars the suppliers of the liquor served the attire of the gentlemen gamblers the variety of casino games that emptied men s pockets and more Through the wealth of detail and the animated narrative a crucial part of Texas Western heritage becomes immediately accessible to the present **Of Gods and**

Monsters John T. Soister,2015-09-18 While Universal s Dracula and Frankenstein both 1931 have received the most coverage of any of the studio s genre releases it is the lesser known films that have long fascinated fans and historians alike Starting with The Last Warning a 1929 movie released as both a silent and a talkie Universal provided a decade of films that entertained audiences and sometimes frustrated critics Each of Universal s horror science fiction and twisted mystery films receives an in depth essay for each film The focus is first on the background to the making of the movie and its place in the Universal catalog A detailed plot synopsis with critical commentary follows Filmographic data for the film conclude the entry Universal s The Shadow short film series is covered in an appendix Many rare illustrations and movie posters are also included *Stars at War* Marvin D. Pipher,2022-11-30 This book outlines the lives and achievements of one hundred entertainers and athletes mostly Americans who served their nations well both in times of war and in times of peace It spans the period from the Spanish American War 1898 up to 2020 but concentrates most heavily on World War II The book was initiated in response to an apparent difference noted between the reactions of entertainers and athletes to the events of September 11 2001 and those following the attack on Pearl Harbor on December 7 1941 It began as an effort to understand who those earlier people were what they did and why to identify the one hundred who did the most during World War II and to rank them in accordance with their achievements This proved to be an impossible task since there was no way to identify the one hundred and there was no common basis for comparison some were truly heroic some were wounded and some killed while others simply served to the best of their abilities The best that could be done was to categorize the men and women selected and subjectively rank them with their peers Over time this effort expanded to be more inclusive touching lightly upon the Spanish American War World War I the Korean War Vietnam the war on terror and upon more recent events Some of those presented herein served before becoming famous some after some volunteered and some were drafted while others served as civilians in their chosen fields Two became presidents of the United States Three won the Congressional Medal of Honor Aside from their service however these were truly remarkable men and women whose stories deserve to be told if for no other reason than to give us a glimpse into the kinds of people who made the United States the greatest nation in the history of the world *Hollywood's War with Poland, 1939-1945* M.B.B. Biskupski,2010-01-08 During World War II Hollywood studios supported the war effort by making patriotic movies designed to raise the nation s morale They often portrayed the combatants in very simple terms Americans and their allies were heroes and everyone else was a villain

Norway France Czechoslovakia and England were all good because they had been invaded or victimized by Nazi Germany Poland however was represented in a negative light in numerous movies In Hollywood s War with Poland 1939 1945 M B B Biskupski draws on a close study of prewar and wartime films such as To Be or Not to Be 1942 In Our Time 1944 and None Shall Escape 1944 He researched memoirs letters diaries and memoranda written by screenwriters directors studio heads and actors to explore the negative portrayal of Poland during World War II Biskupski also examines the political climate that influenced Hollywood films

Soister, JoAnna Wioskowski, 2015-09-02 The career of Claude Rains is often and unfairly overshadowed by the careers of the ever popular Karloff Lugosi Chaney and Rathbone but few can dispute that he was truly one of the world s foremost character actors The Invisible Man ironically made him quite the visible star In his own inimitable way Rains later became John Jasper in *Mystery of Edwin Drood* Louis Renault *Casablanca* *Julius Caesar* *Caesar and Cleopatra* and *Mr Dryden Lawrence of Arabia* While concentrating on Rains more than fifty films this book also comprehensively examines his work in other media the stage radio television and recordings His only child Jessica in the foreword provides a brief biography of her father There are many rare photographs
