

Old Testament Bibliography

There have been numerous requests for a bibliography in the various areas of the theological curriculum. Therefore, we are beginning a series of brief bibliographical lists. In this issue of the Review and Expositor, the members of the Old Testament department print a guide for a basic Old Testament library. Space will not permit an exhaustive bibliography. Consequently, there has been a concentration on standard works and those which present the new trends and insights of Old Testament scholarship. This list attempts to provide a list which would guide the reader in scholarship as a whole. A brief annotation is given only where such description is useful or necessary. The very fact of listing recommends the book without annotation.

The following abbreviations are noted:

- (CB)—The Cambridge Bible for Schools and Colleges
- (EPC)—Epworth Preacher's Commentary
- (IB)—The Interpreter's Bible
- (ICC)—The International Critical Commentary
- (LBC)—The Layman's Bible Commentary
- (TB)—The Torch Bible Commentaries
- (WC)—Westminster Commentaries
