Postality Marxism And Postmodernism:

Post-ality Mas'ud Zavarzadeh, Teresa L. Ebert, Donald E. Morton, 1995 These are not friendly times for starting a new Marxist journal and yet these are exactly the times in which a new Marxist journal is urgently needed to provide transformative knowledges for social change Transformation is a response to the crisis of revolutionary theory and praxis The post modern left has abandoned the project of revolution in favor of bourgeois democracy marginalized problems of labor class and exploitation and elided the centrality of need More to the point left theory has deserted economic and labor issues at a time of increasing class differences between North and South the poor and the rich the world over a time when the workers of the world are increasingly subjected to exploitation by ever more innovative technologies and subtle forms of management to keep the rate of profit high for transnational cartels In opposition to the post al left and its ludic politics Transformation deploys classical Marxist theory to provide boundary explanations of contemporary capitalism without borders It places classical Marxist theory in new terrains and brings it to bear on understanding the emerging contradictions in post al societies from labor relations to sexuality from markets to the cyberspaces of virtual reality from health care to crime and family values from post al forms of racism to hyper colonialism and welfare Transformation is a vanguard journal opposing both nostalgia and utopia and insisting on developing rigorous materialist boundary explanations of post al social totality the boundary analyses in short that are necessary for sustained intervention by revolutionary praxis in ending private ownership of the means of production and establishing international socialism BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Marxism Against Postmodernism in Educational Theory Mike Cole, Dave Hill, Peter McLaren, 2002-12-11 Postmodernism has become the orthodoxy in educational theory It heralds the end of grand theories like Marxism and liberalism scorning any notion of a united feminist challenge to patriarchy of united anti racist struggle and of united working class movements against capitalist exploitation and oppression For postmodernists the world is fragmented history is ended and all struggles are local and particularistic Written by internationally renowned British and American educational theorists Marxism Against Postmodernism in Educational Theory a substantially revised edition of the original 1999 work Postmodernism in Educational Theory critically examines the infusion of postmodernism and theories of postmodernity into educational theory policy and research The writers argue that postmodernism provides neither a viable educational politics nor the foundation for effective radical educational practice and offer an alternative politics of human resistance which puts the challenge to capitalism firmly on the agenda of educational theory politics and practice **Marxism Against Postmodernism in Educational Theory** Dave Hill, 2002-01-01 Written by renowned British and American educational theorists Marxism Against Postmodernism in Educational Theory a substantially revised edition of the original 1999 work examines the infusion of postmodernism and theories of postmodernity into educational theory policy and research **On Your Marx** Randy Martin, 2002 Reclaims Marx for today through a fundamental reconsideration of how

his works should be read Why and how does Marx speak to our day Seeking to reestablish the link between Marx socialism and the Left this book negotiates the common ground between orthodox marxism and postmarxism to show how Marx can elaborate the present More than a claim for his relevance this book is also a forceful statement about how theory relates to political project and organization What Randy Martin asks does Marx have to say to the discourses of radical democracy postmodernism and globalization all of which purport to solve problems that emerge in Marx s writings A reading of Marx can in fact disclose the limitations of the contemporary modes of criticism identifying the difficult conceptual problems that cannot be avoided or overcome Using readings of Marx to restage contemporary political discussions On Your Marx reengages orthodox and postmarxist understandings in a critical and constructive conversation In doing so the book points to powerful new alliances between cultural and political theorists and activists opening new possibilities for mobilization and social justice

The SAGE Handbook of Marxism Beverley Skeggs,Sara R. Farris,Alberto Toscano,Svenja Bromberg,2021-11-17 The past decade has witnessed a resurgence of interest in Marxism both within and without the academy Marxian frameworks concepts and categories continue to be narratively relevant to the features and events of contemporary capitalism Most crucially an attention to shifting cultural conditions has lead contemporary researchers to re confront some classical and essential Marxist concepts as well as elaborating new critical frameworks for the analysis of capitalism today The SAGE Handbook of Marxism showcases this cutting edge of today s Marxism It advances the debate with essays that rigorously map and renew the concepts that have provided the groundwork and main currents for Marxist theory and showcases interventions that set the agenda for Marxist research in the 21st century A rigorous and challenging collection of scholarship this book contains a stunning range of contributions from contemporary academics writers and theorists from around the world and across disciplines invaluable to scholars and graduate students alike Part 1 Reworking the critique of political economy Part 2 Forms of domination subjects of struggle Part 3 Political perspectives Part 4 Philosophical dimensions Part 5 Land and existence Part 6 Domains Part 7 Inquiries and debates

The A to Z of Marxism David Walker,Daniel Gray,2009-08-13 Marxism one of the few philosophies that turned into an effective movement not so long ago was the official ideology in one form or another of much of humanity It was promulgated initially by the Soviet Union then imposed on much of Central and Eastern Europe later emerged in the People s Republic of China and gradually spread to other parts of Asia and even bits of Africa and Latin America Although declining in its initial popularity it still remains strong in several countries and is supported by numerous communist and other parties and countless individuals around the world The A to Z of Marxism covers the history of Marxism and all its thinkers and schools of thought in a comprehensive manner This is done through a chronology an introductory essay a bibliography and hundreds of cross reference dictionary entries on basic terms and concepts significant thinkers and doers and also the parties and countries that followed it

Textual Practice Alan Sinfield,Lindsay Smith,1998-04-09 The split between national and popular interests

is examined through an analysis of Branagh's multicultural *Much Ado a Shakespeare* film for the world and analysis of other popular works including Cocteau's *Woolf* and Neil Jordan's *Growing Up Postmodern* Ronald Strickland, 2002-06-25 This collection takes its inspiration from Paul Goodman's *Growing Up Absurd* a landmark critique of American culture at the end of the 1950s Goodman called for a revival of social investment in urban planning public welfare workplace democracy free speech racial harmony sexual freedom popular culture and education to produce a society that could inspire young people and an adult society worth joining In postmodernity Goodman's enlightenment era vision of social progress has been judged obsolete For many postmodern critics subjectivity is formed and expressed not through social investment but through consumption the freedom to consume has replaced political empowerment But the power to consume is distributed very unevenly and even for the affluent it never fulfills the desire produced by the advertising industry The contributors to this volume focus on adverse social conditions that confront young people in postmodernity such as the relentless pressure to consume social disinvestment in education harsh responses to youth crime and the continuing climate of intolerance that falls heavily on the young In essays on education youth crime counseling protest movements fiction identity formation and popular culture the contributors look for moments of resistance to the subsumption of youth culture under the logic of global capitalism

A Pedagogy of Anticapitalist Antiracism Zachary A. Casey, 2016-10-24 Argues that the economic system itself is culpable in maintaining our oppressive educational status quo Through an analysis of whiteness capitalism and teacher education *A Pedagogy of Anticapitalist Antiracism* sheds light on the current conditions of public education in the United States We have created an environment wherein market based logics of efficiency lowering costs and increasing returns have worked to disadvantage those populations most in need of educational opportunities that work to combat poverty This book traces the history of whiteness in the United States with an explicit emphasis on the ways in which the economic system of capitalism functions to maintain historical practices that function in racist ways Practitioners and researchers alike will find important insights into the ways that the history of white racial identity and capitalism in the United States impact our present reality in schools Casey concludes with a discussion of revolutionary hope and possibilities for resistance to the barrage of dehumanizing reforms and privatization engulfing much of the contemporary educational landscape This book is groundbreaking It stands alone in its sophisticated use and explanation of theory praxis and their interrelationship in the field of critical whiteness studies Jeremy N Price author of *Against the Odds: The Meaning of School and Relationships in the Lives of Six Young African American Men*

Communist Study Derek R. Ford,2022-01-14 In the second edition of this groundbreaking work Derek R Ford contends that radical politics needs educational theory posing a series of educational questions pertinent to revolutionary movements How can pedagogy bridge the gap between what is and what can be while respecting the gap and its uncertainty and contingency How can pedagogy accommodate ambiguity while remaining faithful to the communist project In answering these questions Ford develops a dynamic pedagogical constellation that radically opens up what education is and what it can mean for revolutionary struggle In charting this constellation Ford takes the reader on a journey that traverses disciplinary boundaries innovatively reading theorists as diverse as Lenin Agamben Marx Lyotard Althusser and Butler Demonstrating how learning underpins capitalism and democracy Ford articulates a theory of communist study as an alternative and oppositional logic that perhaps paradoxically demands the revolutionary reclamation of testing Poetic performative and provocative Communist Study is oriented toward what Ford calls the sublime feeling of being in common which as he insists is always a commonness against

Writing the Body Politic Mark Featherstone,Thomas Kemple,2019-08-08 This book brings together key essays from the career of social theorist John O Neill including his uncollected later writings focusing on embodiment to explore the different ways in which the body trope informs visions of familial economic personal and communal life Beginning with an exploration of O Neill s work on the construction of the biobody and the ways in which corporeality is sutured into social systems through regimes of power and familial socialisation the book then moves to concentrate on O Neill s career long studies of the productive body and the ways in which the working body is caught in and resists disciplinary systems that seek to rationalise natural functions and control social relations The third section considers O Neill s concern with the ancient early modern and psychoanalytic sources of the post modern libidinal body and a final section on the civic body focuses specifically on the ways in which principles of reciprocity and generosity exceed the capitalist individualist body of neo liberal political theory The volume also includes an interview with O Neill addressing many of the key themes of his work a biographical note with an autobiographical postscript a select bibliography of O Neill s many publications and an extensive introduction by the editors A challenging and innovative collection Writing the Body Politic A John O Neill Reader will appeal to critical social theorists and sociologists with interests in the work of one of sociology s great critical readers of classical and contemporary texts

Marx, Women, and Capitalist Social Reproduction Martha E. Giménez,2018-10-08 In Marx Women and Capitalist Social Reproduction Martha E Gimenez offers a distinctive perspective on social reproduction which posits that the relations of production determine the relations of social reproduction and links the effects of class exploitation and location to forms of oppression predominantly theorised in terms of identity Grounding her analysis on Marx s theory and methodology Gimenez examines the relationship between class reproduction and the oppression of women in different contexts such as the

reproduction of labour power domestic labour feminisation of poverty and reproductive technologies Because most women and men whether members of dominant or oppressed groups are working class she argues that the future of feminist politics is inextricably tied to class politics and the fate of capitalism *Absolutely Postcolonial* Peter Hallward, 2001 This innovative book provides an incisive critique of well established positions in postcolonial theory and a dramatic expansion in the range of interpretative tools available Peter Hallward gives substantial readings of four significant writers whose work invites to varying degrees a singular interpretation of postcolonialism Edouard Glissant Charles Johnson Mohammed Dib and Severo Sarduy Using a singular interpretation of postcolonialism is central to the argument this book makes and to understanding the postcolonial paradigm **Otherwise Occupied** Dorothy M. Figueira, 2008-10-23 Tracing the historical development of recent identity based trends in literary theory to their roots in structuralism Dorothy M Figueira questions the extent to which theories and pedagogies of alterity have actually enabled us to engage the Other She tracks academic attempts to deal with alterity from their inception in critical thought in the 1960s to the present Focusing on multiculturalism and postcolonialism as professional and institutional practices Figueira examines how such theories and pedagogies informed the academic and public discourse regarding September 11 She also investigates the theories and pedagogies of alterity as crucial elements in the bureaucratization of diversity within academe and discusses their impact on affirmative action

Working Through the Contradictions Epifanio San Juan, 2004 Gathering together classic and new essays by the internationally renowned US based Filipino artist and thinker E San Juan Jr Working through the Contradictions addresses major issues of cultural theory comparative politics and international relations Committed to the ideal of a popular egalitarian democracy San Juan exposes the limits of the current vogue of transnationalism cosmopolitan humanitarianism and varieties of dissensual multiculturalism Opposing the triumphalist discourse of US centered globalization San Juan reaffirms the value and power of a historical materialist critique of the new world order Connecting the theoretical debates in American Studies to the recent US intervention in the Philippines against the Abu Sayyaf guerillas Spinoza s philosophy to current racism against Asian Americans European surrealism to Caribbean history San Juan s dialectical method illuminates the contractions of thought and practice that open up opportunities for social transformation and spiritual renewal

Performing Marx Bradley J. Macdonald, 2012-02-01 Performing Marx looks at what it means to be a Marxist dealing with contemporary political and theoretical developments in the twenty first century Drawing upon Marx s work Western Marxism and poststructuralist theory Bradley J Macdonald explores how a living tradition of Marx s ideas can constructively engage a politics of desire and pleasure ecological sustainability a politics of everyday life that takes seriously popular culture and the nature of globalization and of the radical forces being arrayed against the logics of global capitalism By engaging such crucial issues Macdonald also provides important clarifications of the work of William Morris Guy Debord and the situationists Michel Foucault Antonio Negri Ernesto Laclau and Chantal Mouffe as they relate to Marx
