

In my bed all safe and warm
I like to listen to the storm.
The thunder rumbles loud and grandThe rain goes splash and whisper; and
The lightning is so sharp and bright
It sticks its fingers through the night.

Mack Horton, 2020-03-17 In the in 1934 sixth month of 736 a Japanese diplomatic mission set out for the kingdom of Silla on the Korean peninsula The envoys undertook the mission during a period of strained relations with the country of their destination met with adverse winds and disease during the voyage and returned empty handed The futile journey proved fruitful in one respect its literary representation a collection of 145 Japanese poems and their Sino Japanese kanbun headnotes and footnotes made its way into the eighth century poetic anthology Man y sh becoming the longest poetic sequence in the collection and one of the earliest Japanese literary travel narratives Featuring deft translations and incisive analysis this study investigates the poetics and thematics of the Silla sequence uncovering what is known about the actual historical event and the assumptions and concerns that guided its re creation as a literary artifact and then helped shape its reception among contemporary readers H Mack Horton provides an opportunity for literary archaeology of some of the most exciting dialectics in early Japanese Political Poetry in the Wake of the Second Spanish Republic Grant D. Moss, 2017-12-06 From notions of art for art s sake to committed poetry it may seem that poets cannot achieve reconciliation between the politics and poetry However among committed Communist poets of the 20th century of the Spanish speaking world three poets stand out as examples of a search to bring together their political and their poetic commitments Rafael Alberti Nicol s Guill n and Pablo Neruda Political Poetry in the Wake of the Second Spanish Republic analyzes the simultaneous development of politics and poetics in these three Spanish language poets as it was nurtured by the Second Spanish Republic 1931 1939 Beginning in these years Alberti Guill n and Neruda strove to tackle the challenge of committing to their own independent poetic projects and to their politics at the same time Later these three poets maintained their Communist Party affiliation until their deaths and produced collection after collection of quality poetry Despite the differences in their overall poetic trajectories and projects the ability to maneuver between politics and poetry without sacrificing either one is common among them Because of their unique experiences during the time of the Second Spanish Republic in Spain each author explicitly denounced the injustices that the opposing Franquist forces had committed against the Republic After the fall of the Republic in 1939 Alberti Guill n and Neruda continued to intertwine their politics with their poems only in a less obvious manner Therefore each could solidify his position within the poetic canon while at the same time each could maintain his position as a committed or at least card carrying Communist Poetry Amorak Huey, W. Turning Children on to Poetry Lee F. Oliver, 2001-05 In a school atmosphere where faculty must of necessity adhere to rather strict rules of teaching the author was given the opportunity to work with a group of 50 students in a non traditional teaching environment The children were taught to write and appreciate poetry in an experimental setting with almost unbelievable results One newspaper reporter covering one of their meetings wrote Watching Lee Oliver coax words and smiles from the handful of young poets before him is nearly as beautiful as the poems themselves The youngsters here produce verse that inspires reactions like they must have had help or I bet their parents wrote that until you watch them
