The Second Wives Club Lenore Fogelson Millian, Stephen Jerry Millian, 2011 Are you or someone you know a second wife Are you tired of arguing about your husband s first marriage THE SECOND WIVES CLUB is the book you ve been waiting for Join the Club and learn the six secrets of successful second marriages Learn how you can have wedded bliss while avoiding the pitfalls that second marriages bring Don t be put off by his ex wife Help him get rid of his old baggage and make space in your relationship to be lovers for life *Polygynous Marriages among the Kyrgyz* Michele E. Commercio, 2022-12-06 During Soviet rule the state all but imposed atheism on the primarily Islamic people of Kyrgyzstan and limited the tradition of polygyny a form of polygamy in which one man has multiple wives Polygyny did continue under communism though chiefly under concealment In the decades since the fall of the Soviet Union the practice has reemerged Based on extensive fieldwork *Polygynous Marriages among the Kyrgyz* argues that this marriage practice has become socially acceptable and widely dispersed not only because it is rooted in customary law and Islamic practice but because it can also enable men and women to meet societal expectations and solve practical economic problems that resulted from the fall of the Soviet Union Michele E Commercio s analysis suggests the normalization of polygyny among the Kyrgyz in contemporary Kyrgyzstan is due both to institutional change in the form of altered governmental rules and expectations and to institutional endurance in the form of persistent hegemonic constructions of gender *Marabout Women in Dakar* Amber B. Gemmeke, 2008 This rich ethnographic study explores the life and work of successful marabout women in Dakar It is set against the background of

their private family lives of developments in Senegalese society and of global changes While including female experts in spirit possession and plant based healing it also gives a rare insight in the work of women who offer Islamic knowledge such as Arabic astrology numerology divination and prayer sessions With the analysis of marabout women s work this study sheds light on the ways in which women s authority in esoteric knowledge is negotiated legitimated and publicly recognised in Dakar The study focuses especially upon marabout women s strategies to gain their clients trust Reference to rural areas is a significant element in this process This study thus contributes to an understanding of the gendered way in which trust and scepticism are related to marabouts work and of the role of a connection between Dakar and the rural areas therein

Arranged Marriage and the Vanishing Roots Dr Oliver Akamnonu,2010-08-12 A poor barely educated village boy Eberechi works his way through life and makes a success of his retail clothing business He decides to compensate for his lack of formal education by sending his teenage twin sons overseas to study in the United States He spares no finances in the education of his sons The latter do not take into consideration the enormous sacrifices being made by their father They live luxuriously and squander their funds They enter into marriages of convenience which are later to blossom into true love after the twins sons settle down to raise families But the marriages are not in conformity with what the twins parents are familiar with and so fail to gain the necessary recognition and support of the twins parents These latter connive with each other and secure a wife by arranged marriage for each of their twin sons The twin sons lured home by the huge financial benefits which acceptance of the arranged marriages would bring acquiesce to the arranged marriages collect the benefits abandon their new brides and disappear back to America Fame and fortune smile on the abandoned brides when two of the biggest economic pillars of the community fall in love with and marry the abandoned brides bringing them over to America Mischance and curiosity again bring one of the twins into an unplanned collision course with his abandoned former bride and the law The law of retributive justice appears to take its toll on the estranged former bridegroom and his brother who had

grossly alienated themselves from their roots and denied their children the opportunity of speaking even the language of their fathers Time the healer of wounds is expected to bring about the healing even in the midst of the failed expectations of a distraught father a garrulous society and a rapidly changing world A compelling story plays out with intrigues deep cultural attachment squander mania manipulations financial arm twisting love cheating and a mother s unflinching devotion to his children *The Law-dictionary, Explaining the Rise, Progress, and Present State of the British Law* Thomas Edlyne Tomlins,1835

Tajikistan on the Move Marlene Laruelle,2018-05-25 The southernmost and poorest state of the Eurasian space Tajikistan collapsed immediately upon the fall of the Soviet Union and plunged into a bloody five year civil war 1992 1997 that left more than 50 000 people dead and more than half a million displaced After the 1997 Peace Agreements Tajikistan stood out for being the only post Soviet country to recognize an Islamic party the Islamic Renaissance Party of Tajikistan IRPT as a key actor in the civil war as well as in postwar reconstruction and democratization Tajikistan s linguistic and cultural proximity to Iran notwithstanding the balance of external powers over the country remains fairly typical of Central Asia with Russia as the major security provider and China as its principal investor Another specificity of Tajikistan is its massive labor migration flows toward Russia Out of a population of eight million about one million work abroad seasonally one of the highest rates of departure in the world Migration trends have impacted Tajikistan s economy and rent mechanisms half of the country s GDP comes from migrant remittances a higher share than anywhere else in the world However it is in the societal and cultural realms that migration has had the most transformative effect Migrants cultural and societal identities are on the move with a growing role given to Islam as a normative tool for regulating the cultural shock of migration Islam and especially a globalized fundamentalist pietist movement regulates both physical and moral security in workplace and other settings and brings migrants together to make their interactions meaningful and socio politically relevant It offers a new social prestige to those who work in an environment seen as threatening to their Islamic identity The first section of this volume investigates the critical question of the nature of the Tajik political regime its stability legitimacy mechanisms and patterns of centralization In the volume s second part we move away from studying the state to delve into the societal fabric of Tajikistan shaped by local rural specificities and social vulnerabilities in the health sector and gender relationships The third section of the volume is devoted to identity narratives and changes While the Tajik regime works hard to control the national narrative and the interpretation of the civil war society is literally and figuratively on the move as migration profoundly reshapes societal structures and cultural values

Stepchildren of Progress Kathryn M. Robinson,1986-08-30 Dramatic changes caused by a foreign owned nickel mining company in an Indonesian town provide the setting for this ethnographic study Robinson notes the changes that took place in Soroako a village in Sulawesi The book outlines the effects of this new development principally in regard to the 1 000 indigenous Soroakans whose former agricultural land is now the site for the mining town It presents an analysis of developing capitalist relations in the mining

town investigating changes not only in the sphere of production manifested in daily life as new forms of work but also in culture and ideology The book also investigates related changes in other areas of social life in particular that of women's roles marriage and the family and the importance of ideologies of race and ethnicity in regulating relations between different groups in the mining town Furthermore Robinson shows that new ideological forms have arisen in the context of the evolving class structure
