Second Signs Reader Feminist Scholarship 1983 1996:

The Second Signs Reader Ruth-Ellen B. Joeres, Barbara Laslett, 1996 The 13 contributions making up this volume reveal some of the subtleties and nuances of recent feminist work providing an interdisciplinary focus and addressing the ever wider and more complex relationships between issues of gender and race class and sexuality Paper edition unseen 18 95 Annotation copyrighted by Book News Inc Portland OR Deconstructing Psychotherapy Ian Parker, 1999-05-17 I enjoyed this book and think that it should find a grateful and attentive readership in the practical field as well as being a central text in academic settings It will also be well received by those like myself for whom the interest is more in deconstructing than psychotherapy Dialogues This book takes the discursive and postmodern turn in psychotherapy a significant step forward and will be of interest to all those working in mental health who are concerned with challenges to oppression and processes of emancipation It achieves this by reflecting on the role of psychotherapy in contemporary culture developing critiques of language in psychotherapy that unravel its claims to personal truth **Visualizing Women in the Middle Ages** Madeline Harrison Caviness, 2001 For Caviness an awareness of historical context places pressure upon contemporary theories like that of the male gaze changing their shapes and creating even richer dialogues with the past BOOK JACKET Learning from Scant Beginnings John V.
