secrecy May's study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period's emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian *Mediocre GDC* Abiodun Olayinka Bamgbelu, 2016-01-21 It is naivety that borders upon dishonesty to suggest that Britain's mediocre General Dental Council GDC is untouched by the decline in the general educational standard To disagree with three fourths of the British public on all points is one of the first elements of sanity one of the deepest consolations in all moments of spiritual doubt Oscar Wilde In November 2008 the mediocre GDC belatedly and retrospectively charged and found the first ever and only Negro dentist in Bedford guilty of using kavoklave instead of autoclave for two months in 1996 twelve years earlier In 1996 the Caucasian predecessor at the dental practice had used the same autoclave for several years before the Negro took over from her No advance in wealth no softening of manners no reform or revolution has ever brought human equality a millimetre nearer George Orwell The GDC charged that there was The need for an autoclave for sterilisation as opposed to the kavoklave that was in sole use In 2007 in order to corroborate allegations by a racist and dishonest senior National Health Service NHS nurse Rachael Bishop the GDC went back to the year 1996 to find that kavoklave isn't an autoclave The confused council didn't know that kavoklave is an autoclave Dr Anand Kamath actually died in his home upon being threatened to be reported to the GDC Dr Prasad the widow of Dr Anand Kamath told an inquest he felt bullied and harassed after being summoned for a meeting and sent a letter warning he could be reported to the General Dental Council Daily Mail Eleanor Harding 11 08 2013 **The Brandeis-Frankfurter Connection: The Secret Political Activities of Two**

**Supreme Court Justices** Bruce Allen Murphy, 2019-11-20 Originally published in 1982 by Oxford University Press and featured in a front page story in the Sunday New York Times this book describes the relationship between Justice Louis D Brandeis and then Harvard law professor Felix Frankfurter While on the Court Brandeis provided Frankfurter with funds to promote a variety of political reforms The book sparked a debate about the ethics of extrajudicial activities by Supreme Court justices This book sets out an historical narrative of hitherto unknown undiscovered yet rather extensive political activities by two major highly respected justices of the United States Supreme Court It now appears that in one of the most unique relationships in the Court's history Brandeis enlisted Frankfurter then a professor at Harvard Law School as his paid political lobbyist and lieutenant Working together over a period of twenty five years they placed a network of disciples in positions of influence and labored diligently for the enactment of their desired programs This adroit use of the politically skillful Frankfurter as an intermediary enabled Brandeis to keep his considerable political endeavors hidden from the public Not surprisingly after his own appointment to the Court Frankfurter resorted to some of the same methods to advance governmental goals consonant with his own political philosophy As a result history virtually repeated itself with the student placing his own network of disciples in various agencies and working through this network for the realization of his own

goals Bruce Allen Murphy in the Introduction to The Brandeis Frankfurter Connection This study of the extrajudicial activities of two celebrated Justices of the Supreme Court makes a valuable and fascinating if somewhat schizophrenic book Murphy has done a first class job of research supplementing his labors in the Brandeis and Frankfurter papers by extensive investigation in other manuscript collections and the Columbia University oral histories and by fruitful interviews with survivors The Brandeis Frankfurter Connection is a useful book It is useful because it makes us think hard about standards of judicial behavior And it is useful because it makes us think realistically about the Court itself Arthur Schlesinger Jr The New York Times The Brandeis Frankfurter Connection contains at once a great historical find and a thoughtful and at times brilliant essay on judicial propriety This book deals superbly with questions not only of a citizen s legitimate expectations for Supreme Court behavior but also of the broader role and hope for the performance of government Murphy is a very reluctant muckraker who after laying out the details tries in a four page conclusion to take much of it back insisting that both the late justices will survive as giants of twentieth century America Bob Woodward The Washington Post Fascinating reading a serious and commendable work of scholarship a partial but engaging and persuasive portrait of the Washington political community for a good slice of the 20th century Nelson W Polsby Commentary Magazine A valuable study the views of Brandeis and Frankfurter and their efforts to win acceptance for them have never been so searchingly studied and evaluated Frank Freidel The American Historical Review Murphy has authored a solidly researched and important book Murphy amply demonstrates both his thorough research abilities and his talent for weaving material together to produce a work that flows like a well written mystery and deserves much credit for assembling hitherto known and unknown facts and placing them in a useful perspective an important work Alan Betten University of Baltimore Law Review Murphy s book persuasively demonstrates that Brandeis and Frankfurter never ceased to be the kind of men they were before they went to the bench political men Not that their behavior was unique or unprecedented Murphy reminds readers that two thirds of those who have sat on the highest court have engaged in off the bench political activity Perhaps this book continues to stir emotions precisely because it establishes so convincingly the political effectiveness of two remarkable judges men who have too long been esteemed as models of a pristine judicial probity that in our nation probably cannot exist Victoria Schuck The Wilson Quarterly Secret Corruption Scott Wallis, 2012-02 This book will refresh and revive you to the beginning stages of a new revolution JEREMY LOPEZ D D Identity Network Inc President I recommend this book to everyone who is concerned about truth and justice being smothered and suppressed within the U S MARYAL BOUMANN Pray California Director DO NOT go to court without FIRST reading this book Reading it could save you BIG money Not Reading it will cost you more Rev Scott Wallis a leading pro se litigator has represented himself in 50 cases worth 5 billion dollars before Illinois state and federal courts against top law firms To date his largest victory the reversal of his 500 million dollars lawsuit against parties that bankrupted USA Baby R Inc America s Leading Specialty Retailer of Infant and Children s Furniture and Accessories R Court

In both cases the bodies bear startling wounds yet the actual cause of death is unknown. It's a doubly challenging case for the cop and the coroner to be taking on at a fraught time for both of them. As Jane struggles to save her mother from the crumbling marriage that threatens to bury her, Maura grapples with the imminent death of her own mother, infamous serial killer Amalthea Lank. While Jane tends to her mother, there's nothing Maura can do for Amalthea except endure one final battle of wills with the woman whose shadow has haunted her all her life. Though succumbing to cancer, Amalthea hasn't lost her taste for manipulating her estranged daughter this time by dangling a cryptic clue about the two bizarre murders. Maura and Jane are desperately trying to solve. But whatever the dying convict knows is only a piece of the puzzle. Soon the investigation leads to a secretive young woman who survived a shocking abuse scandal, an independent horror film that may be rooted in reality, and a slew of martyred saints who died cruel and unusual deaths.
