Spies Nigel West, 2016-10-14 The Cold War with its air of mutual fear and distrust and the shadowy world of spies and secret agents gave publishers the chance to produce countless stories of espionage treachery and deception What Nigel West has discovered is that the most egregious deceptions were in fact the stories themselves In this remarkable investigation into the claims of many who portrayed themselves as key players in clandestine operations the author has exposed a catalogue of misrepresentations and falsehoods Did Greville Wynne really exfiltrate a GRU defector from Odessa Was the frogman Buster Crabb abducted during a mission in Portsmouth Harbour Did the KGB run a close guarded training facility as described by J Bernard Hutton in School for Spies which was modelled on a typical town in the American mid west so agents could be acclimatised to a non Soviet environment With the help of witnesses with first hand experience and recently declassified documents Nigel West answers these and other fascinating questions from a time when secrecy and suspicion allowed the truth to be concealed **Martial Arts Biographies** Rob Jacob, 2005 Martial Arts Biographies An Annotated Bibliography

The Post-Truth Era

Ralph Keyes, 2004-10-03 Dishonesty inspires more euphemisms than copulation or defecation This helps desensitize us to its implications In the post truth era we don't just have truth and lies but a third category of ambiguous statements that are not exactly the truth but fall just short of a lie Enhanced truth it might be called Neo truth Soft truth Faux truth Truth lite Deception has become the modern way of life Where once the boundary line between truth and lies was clear and distinct it is no longer so In the post truth era deceiving others has become a challenge a game a habit High profile dissemblers compete for news coverage from journalists like Jayson Blair and professors like Joseph Ellis to politicians of all stripes executives and creative accountants Research suggests that the average American tells multiple lies on a daily basis often for no good reason Not a finger wagging scolding The Post Truth Era is a combination of Ralph Keyes's investigative journalism and solid science The result is a spirited exploration of why we lie about practically everything and the consequences such casual dishonesty has on society American society has become permeated from top to bottom by deception Its consequences for the nature of public discourse media business literature academia and politics are profound With dry humor passionate fervor and deep understanding Ralph Keyes takes us on a tour of a world where truth and honesty are no longer absolutes but mutable fluid concepts
