The Girl with the Secret Name Yael Zoldan, 2025-05-30

We are guardians of a great treasure. We are links in a precious chain. Papa paused, and Beatriz felt her heart pounding. This sounded very exciting. Her Papa looked up, and his dark eyes caught hers. My daughter, we are Jews. The Girl with the Secret Name tells the inspiring true story of Beatriz de Luna, or Do a Gracia Mendes Nasi, the 16th-century Jewish Portuguese philanthropist who saved the lives of hundreds of conversos across Europe during the Inquisition by establishing an escape network for them. The book recounts almost all of Do a Gracia's remarkable life, beginning in 1522 on the eve of her 12th birthday when she learns that her family are secretly Jewish. It then follows her journey throughout the 1500s as she and her family move from Portugal to the Netherlands and on to Italy and Turkey, trying to escape danger while saving the lives of conversos, as they went up to her death in Istanbul in 1569. Highly informative and moving, Yael Zoldan's retelling of Do a Gracia's story will teach young readers about the importance of family, community, and

standing up for yourself and others when you know something is not right *The Disappearance of Literature* Aaron Hillyer, 2013-09-26 In this book Aaron Hillyer considers the implications of Maurice Blanchot's strange formulation Literature is heading to its essence which is its disappearance This quest leads Hillyer to stage a dialogue between the works of Blanchot and Giorgio Agamben Despite being primary points of reference for literary theory no significant critical work has examined their literary writings together The Disappearance of Literature initiates this new trajectory through readings of Blanchot's *The Unavowable Community* and Agamben's *The Open* two short books that harbor their most enigmatic writings A series of related concepts study community mysticism and friendship emerges from this pairing and Hillyer argues forms the basis of a new vein of contemporary literature found in the novels and hybrid fictions of Enrique Vila Matas Anne Carson and Cesar Aira *Caleb's Eye: a Spy's Journey Through Genesis* Carroll W. Boswell, 2011-07-19 This book is a commentary in the form of a journal It is meant to be something like a diary kept by a tourist or a spy of his travels in a strange land recording questions and observations and opinions on everything he sees for other travelers on the same road It could be also called a dialogue because the author records the conversation that he has with Genesis as he moves along and the conversation he has with himself in the privacy of his motel room In both ways it is the account of a journey with the idea that it may be of some use to others traveling the same road The author is writing as an amateur to other amateurs He is not a professional theologian nor a biblical scholar and while his intent is to think as deeply and truly as he can he is not doing so as a professional There are several advantages that an amateur may have over a professional in a case like this First the amateur can be much bolder in what he questions and in the answers he considers The professional always has something on the line always something at risk namely his reputation He cannot venture far off the beaten path without being in some danger of losing his respectability The amateur on the other hand has little respectability to lose and little reputation to risk What Dr Boswell would not be able to risk in mathematical writing he can be quite at liberty to risk in this project It can be exhilarating Secondly the amateur has a much friendlier connection with the average reader The amateur is something of an equal with the average reader though presumably with something to say worth the hearing Since they are introduced as equals the reader can feel safer less threatened more entitled to join in the conversation that the author is trying to create With a professional author there is always the sense of obligation that one should not argue back with the scholar only another scholar has the credentials to join in their conversation and the rest of us must sort it all out as best we can But with this book there is no need of restraint anyone can be drawn in to the discussion anyone can feel entitled to disagree with impunity It can be exhilarating This book is not meant to be a Bible made simple book It is written by someone who loves to think and is written for others who love to think It is written by someone who is not timid about difficult questions and is written for others who have no fear of such things But most of all it is a book written for the pure joy of the thing and for those who might share that joy *The Complete Kane Chronicles* Rick Riordan, 2013-05-14 A collection fit for the Egyptian
