Bevington, 2010-06-10 From Reviews of Earlier Volumes **Shakespeare's Extremes** Julián Jiménez Heffernan, 2015-08-18 Shakespeare's Extremes is a controversial intervention in current critical debates on the status of the human in Shakespeare's work By focusing on three flagrant cases of human exorbitance Edgar Caliban and Julius Caesar this book seeks to limn out the domain of the human proper in Shakespeare Worldly Shakespeare Richard Wilson, 2016-02-02 In Worldly Shakespeare Richard Wilson proposes that the universalism proclaimed in the name of Shakespeare's playhouse was tempered by his own worldliness the performative idea that runs through his plays that if All the world's a stage then all the men and women in it are merely players Situating this playacting in the context of current concerns about the difference between globalization and mondialisation the book considers how this drama offers itself as a model for a planet governed not according to universal toleration but the right to offend But with good will For when he asks us to think we have but slumbered throughout his offensive plays Wilson suggests Shakespeare is presenting a drama without catharsis which anticipates post structuralist thinkers like Jacques Rancière and Slavoj Žižek who insist the essence of democracy is dissent and the presence of two worlds in one Living out his scenario of the guest who destroys the host by welcoming the religious terrorist paranoid queen veiled woman papist diehard or puritan fundamentalist into his play world Worldly Shakespeare concludes the dramatist instead provides a pretext for our globalized communities in a time of Facebook and fatwa as we also come to depend on the right to offend with our good will Shakespeare and Religious Change K. Graham, P. Collington, 2009-07-16 This balanced and innovative collection explores the relationship of Shakespeare's plays to the changing face of early modern religion considering the connections between Shakespeare's theatre and the religious past the religious identities of the present and the deep cultural changes that would shape the future of religion in the modern world
