O. Sadiku,Janet O. Sadiku,2022-11-29 This book is probably the best book on marriage you have ever seen It shows you how God wants you to have a happy and successful marriage However nothing in life is free If you want your marriage to be happy and successful you must be willing to discover the secrets and put them into practice This book gives you those secrets The Secret of a Christ Centered Home The Secret of Prayer The Secret of Vigilance The Secret of Communication The Secret of Understanding The Secret of Love and Appreciation The Secret of Commitment The Secret of Maturity The Secret of Financial Stewardship The Secret of Parenting The is a comprehensive guide on marriage but yet an easy read and very practical The book also offers insightful practical guides on how to apply the secrets The principles offered in this book will help you overcome the incredible array of spiritual and social forces working against your marriage The book will challenge and stimulate you to be the best person you can be and build the best marriage you can have Love, Joy, and Sex Stan Chu Ilo,2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as Pope Francis s Amoris Laetitia This document which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life This volume has gathered seminal commentaries on Amoris Laetitia by African Catholic theologians social scientists and pastoral workers They offer African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage and reception and denial of Holy Communion in the church among other divisive issues These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling The authors here also call for the inclusion of Africa s own unique challenges like polygamy childless marriages

and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the global discussion on marriage and family life They also challenge uncritical cliches in world Christianity that Africa's opposition to same sex marriages or Western propaganda about population or birth control and contraception are conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent

[The Meaning of Love](#) Vladimir Solovyov, 1985-10 Written in 1894 CW 4

Materialism can never provide a satisfactory explanation of the world For every attempt at an explanation must begin with one's forming thoughts for oneself about the phenomena of the world Materialism therefore takes its start with the thought of matter or of material processes Thus it already has two different realms of facts before it the material world and thoughts about it It seeks to understand the latter by grasping them as a purely material process It believes that thinking takes place in the brain in about the same way as digestion does in the animal organs Just as it attributes to matter mechanical and organic effects so it also ascribes to it the capability under specific conditions to think It forgets that it has now only transferred the problem to another place It attributes the capability of thinking not to itself but to matter An in doing so it is back again at its starting point The materialistic view is not able to solve the problem but only to shift it pp 18 19 Of all of his works The Philosophy of Spiritual Activity is the one that Steiner himself believed would have the longest life and the

greatest spiritual and cultural consequences It was written as a phenomenological account of the results of observing the human soul according to the methods of natural science This seminal work asserts that free spiritual activity understood as the human ability to think and act independently of physical nature is the suitable path for human beings today to gain true knowledge of themselves and of the universe This is not merely a philosophical volume but rather a warm heart oriented guide to the practice and experience of living thinking Readers will not find abstract philosophy here but a step by step account of how a person may come to experience living intuitive thinking the conscious experience of a purely spiritual content During the past hundred years since it was written many have tried to discover this new thinking that could help us understand the various spiritual ecological social political and philosophical issues facing us But only Rudolf Steiner laid out a path that leads from ordinary thinking to the level of pure spiritual activity intuitive thinking in which we become co creators and co redeemers of the world This volume is arguably the most essential of Steiner s works The thoughts in this book establish the foundation for all of Anthroposophy The Philosophy of Spiritual Activity is a translation from German of *Die Philosophie der Freiheit* GA 4 *Love is the Way* Bishop Michael Curry,Sara Grace,2020-09-22 Walk the path of love with one of the warmest most beloved spiritual leaders of our time and learn how to put faith into action As the descendant of slaves and the son of a civil rights activist Bishop Michael Curry s life illustrates massive changes in our times Much of the world met Bishop Curry when he delivered his sermon on the redemptive power of love at the royal wedding of Prince Harry and Meghan Markle at Windsor Castle Here he expands on his message of hope in an inspirational road map for living the way of love illuminated with moving lessons from his own life Through the prism of his faith ancestry and personal journey *Love Is the Way* shows us how America came this far and more important how to go a whole lot further The way of love is essential for addressing the seemingly insurmountable challenges facing the world today poverty racism selfishness deep ideological divisions competing claims to speak for God This book will lead readers to discover the gifts they need in order to live the way of love deep reservoirs of hope and resilience simple wisdom the discipline of nonviolence and unshakable regard for human dignity **Love in Sufi Literature** Omneya Ayad,2023-09-27 Focused on A mad Ibn Aj ba an eighteenth century Moroccan Sufi scholar renowned for his contribution to Sufi Qur nic exegesis this book engages critically with his theory of divine love to elucidate his impact on the wider field of Qur nic scholarship The principal source of analysis is Ibn Aj ba s *Oceanic Exegesis of the Qur n* which connected theoretical works on the concept of divine love to their practical application a breakthrough in Sufi literature Close analysis of this text is supplemented by a comparative approach focusing on several other eminent Sufi commentaries including those of Ab al Q sim al Qushayr and R zbih n Baql Sh r z This comparative approach situates Ibn Aj ba s thought in theological and historical perspective engaging with his mystical approach which integrates his theory of divine love with other Sufi doctrines in an accessible manner This approach it is argued left an indelible impact on future generations of Qur nic exegetes within North Africa and across the Islamic world

The book will prove an important resource for academic researchers who wish to explore the vast intellectual heritage that Ibn Aj ba left as well as to those interested in Sufi literature and Islamic theology in general *Secrets of Relationships* Sri Sri Ravi Shankar,2014-02-17 Head to head communication happens through thoughts and words while heart to heart communication happens through feelings People throughout the ages have felt that they cannot communicate their feelings If we could communicate all our feelings through words then we would be leading very shallow lives Life is rich because feelings cannot be captured in words So we use all these gestures we hug so that hearts come closer we give flowers so that feelings are conveyed We put all our efforts into expressing our feelings and still feelings remain unexpressed His Holiness Sri Sri Ravi Shankar a spiritual leader and humanitarian was born in 1956 in southern India He was often found deep in meditation as a child At the age of four he astonished his teachers by reciting the Bhagavad Gita To globalise the knowledge of leading a happy stress free life H H Sri Sri Ravi Shankar established an international educational and humanitarian NGO The Art of Living in 1982 Today with a presence in over 151 countries The Art of Living is one of the largest voluntary organizations in the world **The Art of Being Free** James Poulos,2017-01-17 Most folks probably don't learn about Alexis de Tocqueville in school anymore but his seminal work Democracy in America is still surprisingly resonant When he came to America in 1831 to study our great political experiment he reported that the main issues were religion money sex death love gender inequality work and politics Clearly we haven't come as far as one might hope But it wasn't all doom and gloom De Tocqueville not only cataloged our problems he also provided a manual on how to solve them In The Art of Being Free journalist and scholar James Poulos parses de Tocqueville's advice for a modern audience showing us how to live a sane healthy and happy life regardless of the hectic world around us Poulos dives into the original beloved text to see what Tocqueville would say about our relationship to technology our methods for coping with stress our obsession with appearances our workaholism and our physical indolence He explores how our uniquely American malaise might be alleviated not by the next wellness or self help craze but by the kind of inner inventory taking that has fallen out of fashion Like Sarah Bakewell's How to Live or Alain de Botton's How Proust Can Change Your Life The Art of Being Free offers a vital new twist on a collection of timeless wisdom for Americans of all ages Dante's Aesthetics of Being Warren Ginsberg,1999 Explores the domain of the aesthetic in Dante **Knowing God's Secrets** John Hunter,2011-03-01 It is sad indeed that there are so many true and earnest believers who think of a victorious Christian life as a super deluxe version instead of normality and in the words of the author are so busy enduring their failure that they have no time to enjoy their faith The mystery of how to be what as Christians we have been born again to become is now an open secret in Jesus Christ that the secret of a changed life is an exchanged life **The Ten Secrets of Heaven** Theresa Cheung,2016-07-14 What is heaven like What is your soul's purpose Can you unlock your divine potential With advances in modern medicine enabling more and more people to be brought back from the brink of death it is now possible to paint a vibrant picture of what lies beyond It is

also possible to discover more about our spiritual destiny from near death experiences Each afterlife experience offers us powerful clues into our soul s purpose and in this fascinating new book Theresa Cheung unveils these life changing truths or insights as the Ten Secrets of Heaven It is only through our understanding of their meaning on earth that we can discover heaven and eternal life After explaining each of the ten secrets Theresa will show how heaven can disguise itself in aspects of daily life such as health career money love relationships and life goals and also during times of crisis such as when we are depressed grieving lacking direction or experiencing heartbreak Truly understanding how the Ten Secrets of Heaven can be harnessed for our wellbeing will bring enlightenment peace and joy It will also leave no doubt that nothing in this life is as it seems and death is not the end
