Dark Fairies Dr. Bob Curran,2010-07-20 We all know about fairies they're usually helpful ethereal creatures in children's stories and Walt Disney films flitting about doing good right Wrong In ancient times the concept of fairies was rather different They were the often dangerous embodiment of the land dark and unpredictable spirits that watched Humanity with a jaundiced and hostile eye And according to conventional folk wisdom they were to be feared rather than trusted Indeed in their original form many of our fairy tales read more like late night horror stories Dr Bob Curran investigates the folkloric roots of the fairy kind tracing their origins from the sprites and maenads of Classical times to the sanitized versions of the English Victorians Among other aspects he examines the connections in the Christian mind between the fairy kind and demons the links between fairies and ancient pagan gods and the often strained relations between fairies and humans across the ages This is not a book for those who believe that fairies are friendly kindly creatures With the growing and anticipated interest in fairies particularly given the forthcoming Disney film Wings starring Miley Cyrus **Dark Fairies** is a timely and valuable new title
