Language Teachers' Stories from their Professional Knowledge Landscapes Lesley Harbon, Robyn Moloney, 2017-06-23 *Language Teachers Professional Knowledge Landscapes* is a collection of fourteen narratives from teachers of different languages at different school levels in different contexts across Australia This volume brings together not simply language teacher stories but also more political stories of the problems associated with school programs and contexts Highlighted through these stories are some of the major political issues in schools that impact language teachers work and their students success in sustained language study The book is conceptually framed by the work of Clandinin and Connelly 1996 and their notion of levels of stories told by teachers about their classrooms the secret the sacred and the cover stories The term professional knowledge landscape is used to indicate how teachers can critically situate their work and thereby understand it better The collection includes the stories of two outstanding primary language educators and a story of mixed success in a rural program in

teaching the local Aboriginal language Ngarrabul There are stories of frustration with policy failures particularly in supporting the learning of Asian languages Many of the teacher narrators ask the confronting question What blocks language learning in Australia They offer the strategies which they have developed that they see making a difference Other narratives offer autoethnographic tracking of careers for example as a teacher of Latin and Classics Japanese French Spanish Russian and of teachers ongoing vigour and creativity in advocacy A number of teachers examine their own identity story for the intercultural learning which they then offer and extend in student learning Consistently expressed there is the need for teachers to take up individual responsibility while still being strongly supported by their professional community It is us who make the difference one teacher concludes Supported by a strong Foreword by Canadian scholar F Michael Connelly this ground breaking collection of narratives represents a form of social research in providing critical illustrations of the issues needing attention for national language education enhancement It is the only extended inquiry into language teaching in the context of an active policy initiative environment and the first volume to address the language education landscape through the voices of active language teachers

Stories We've Heard, Stories We've Told Jeffrey A. Kottler, 2015 If you ask someone the question Tell me a story that changed your life there will almost certainly be a thoughtful pause before a huge grin emerges Everyone's life has been guided and impacted by stories beginning with the earliest fables and nursery rhymes our parents used to instill moral values to the last time you wanted to illustrate a point in a meeting or get a laugh out of a friend over dinner Storytelling is a uniquely human activity among our first and most enduring forms of communication This is a book about the meaning of stories in people's lives especially those that have produced enduring changes in their values behavior lifestyle and worldview Carefully documented and supported by research from the social sciences as well as from neurobiology the humanities media studies and arts Jeffrey Kottler will explore how and why stories are so powerfully influential in people's lives especially those that lead to major life transformations

Dante's Masterplot and Alternative Narratives in the Commedia Nicolò Crisafi, 2022 Alongside traditional notions of Dante's trademark plurality of linguistic registers and styles this book argues that his narrative pluralism can and should play a key role in contemporary and future readings of the *Commedia*

Secret Stories of Nature Saskia Gwinn, 2023-10-03 In every part of the globe in every pocket of the sea in ancient ground beneath your feet up tall mountains you can't see in stones in plants in birds and beasts lie nature's secret stories This beautiful field guide explores the histories and mysteries hidden in the wild just waiting to be shared Readers are invited on a journey around our wonderful world through wild forests over mountains high to the bottom of our oceans and the earth beneath us Each chapter investigates a different environment and within the pages tell the secret stories of the animals plants and natural phenomena of these habitats Some secrets tell us of links between species or unusual adaptations and features others tell us how nature has evolved and many hold the keys to understanding our planet's past Readers will come away with a wealth of knowledge and discover how looking at nature today can help us understand

and unlock mysteries from long ago from bygone weather to the dinosaurs They ll learn how resin and rock can preserve long lost plants and creatures how the rings inside coral skeletons can reveal weather patterns from the distant past how layers of the seabed can indicate a previous mass extinction occurred how ice can trap gases and tell us the make up of our ancient atmosphere and much more The text also touches on how these secrets are often uncovered through scientific research observation fossil records as well as using modern inventions and techniques like carbon dating Spreads at the back of the book encourage readers to search for secrets in nature close to home and explore how we can all help protect the animals plants and natural features of today so we can continue to enjoy and learn from them The fascinating information is brought to life with meticulously detailed vintage style artwork from Vasilisa Romanenko making this book a true treasure trove for the whole family to enjoy

Professional Learning Through Transitions and Transformations Judy Williams, Mike Hayler, 2015-10-09 Through a narrative inquiry approach this book examines the personal professional journeys of teacher educators who have undertaken self studies and or researched the professional development of teacher educators The theme of the book is how change through professional transitions and transformations and notably through self study research has shaped the professional identities and practices of these teacher educators Each chapter is an exploration of how the author s became teacher educators in relation to personal and or professional transitions such as transitioning from teacher to teacher educator moving between different institutional and geographic contexts or from changes in philosophical policy and or pedagogical understandings over time Each narrative draws on the author s self study experience and develops their knowledge further by presenting the wisdom they have gained over their career as teacher educators The book concludes with a discussion of the connections between the diverse experiences of the authors and what can be learned from their accumulated wisdom about what it means to become a teacher educator in a dynamic and ever changing educational landscape

Secret Stories of Lost Beasts Saskia Gwinn, 2025-05-20 The secret lives and amazing adaptations of past creatures are revealed in this beautifully illustrated compendium of Earth s long gone beasts Buried far beneath the ground are secret stories of ancient lands Stories from a time when dinosaurs with tails as big as whales towered over trees birds had teeth and super fast sharks with saws for jaws swam through oceans and seas Earth s amazing animals may be lost in time but they are no longer forgotten From dinosaurs and sea beasts to giant bugs birds and Ice Age mammals these spectacular species were once to be seen stomping roaring soaring and crawling across land sky and sea but are now extinct and lost forever In this beautifully illustrated follow up to Secret Stories of Nature you can uncover the fascinating histories of Earth s most astounding extinct animals from iconic beasts such as Tyrannosaurus rex the woolly mammoth and the dodo to jaw dropping creatures such as a dragonfly relative the size of a pigeon and a tiny sea beast that looked like a cartoon character When did giant bugs zoom through the skies and how did these creepy crawlies become so colossal Which dinosaurs had feathers and why is T rex the most famous dinosaur of all time How did mammals survive the giant asteroid

Which extinct animal had a boomerang shaped head and which one was a mishmash of a bird pig crocodile and armoured armadillo The answers to these secrets are waiting for you within You ll discover how scientists past and present have used research observation and fossil records to piece these stories together and unravel their secrets Intriguingly some secrets are yet to be revealed while others are rewritten when exciting new information changes what we think we know As well as discovering ancient animals you can learn about beautiful beasts that have sadly been lost in recent years but also the remarkable stories of animals once thought to be extinct but which have been rediscovered Finally at the back of the book you can learn how to help protect creatures that are critically endangered and their habitats We can all work together to preserve our beautiful planet and its rich biodiversity The fascinating text from children s author Saskia Gwinn is brought to life by gorgeously detailed vintage style artwork from Vasilisa Romanenko making this a perfect gift book for the whole family to share

Cultural Sociology of the Middle East, Asia, and Africa Andrea L. Stanton,Edward Ramsamy,Peter J. Seybolt,Carolyn M. Elliott,2012-01-05 In our age of globalization and multiculturalism it has never been more important for Americans to understand and appreciate foreign cultures and how people live love and learn in areas of the world unfamiliar to most U S students and the general public The four volumes in our cultural sociology reference encyclopedia take a step forward in this endeavor by presenting

concise information on those regions likely to be most foreign to U S students the Middle East Asia and Africa The intent is to convey what daily life is like for people in these selected regions It is hoped entries within these volumes will aid readers in efforts to understand the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions *Textual Practice* Terence Hawkes,2005-07-18 First Published in 1987 Routledge is an imprint of Taylor Francis an informa company On Histories and Stories A. S. Byatt,2002-03-30 In a series of essays on the complicated relations between reading writing and remembering A S Byatt sorts the modish from the merely interesting and the truly good to arrive at a new view of British writing in our time Whether writing about the renaissance of the historical novel discussing her own translation of historical fact into fiction or exploring the recent European revival of interest in myth folklore and fairytale Byatt s abiding concern here is with the interplay of fiction and history **Unveiling hidden heritage** Peter Bille Larsen,Florence Graezer Bideau,2025-09-15 How to make sense of hidden heritage and the stories we tell about it From benign neglect to censorship in times of persecution hidden layers buried stories and other silenced heritage phenomena are widespread This book points to the substantive concerns involved ranging from heritage politics and nationalism to new geopolitical configurations and tourism spectacles that render heritage visible valuable and consumable It is rarely only found in the monumental but more often constituted by small acts objects and phenomena that come into existence between or beneath the lines of official heritage discourse **Mixed-Race Identity in the American South** Julia Sattler,2021-05-04 This interdisciplinary investigation argues that since the 1990s discourses about mixed race heritage in the United States have taken the shape of a veritable literary genre here termed memoir of the search The study uses four different texts to explore this non fictional genre including Edward Ball s *Slaves in the Family* and Shirlee Taylor Haizlip s *The Sweeter the Juice* All feature a protagonist using methods from archival investigation to DNA testing to explore an intergenerational family secret photographs and family trees and the trip to the American South which is identified as the site of the secret s origin and of the family s past As a genre these texts negotiate the memory of slavery and segregation in the present In taking up central narratives of Americanness such as the American Dream and the Immigrant story as well as discourses generating the American family the texts help inscribe themselves and the mixed race heritage they address into the American mainstream In its outlook this book highlights the importance of the memoirs negotiations of the past when finding ways to remember after the last witnesses have passed away and contributes to the discussion over political justice and reparations for slavery **Inside Teacher Education: Challenging Prior Views of Teaching and Learning** S.M. Bullock,2011-07-23 Learning to teach is complex Teacher candidates begin a preservice program with powerful tacit assumptions about how teachers teach based on lengthy apprenticeships of observation over many years as students Virtually all teacher education programs provide a mixture of coursework and classroom experience Much has been written about the theory into practice approach in teacher education an approach that

assumes teacher candidates who have been provided with instructions about how to teach will be able to recall and apply them in a school setting In reality teacher candidates report considerable difficulty enacting theory in practice to the point that many question the value of coursework This book takes an in depth look at five future teachers in one teacher education program analyzing and interpreting how they and their teacher educators learn from experience during both coursework and practicum experiences Many assumptions about the complex challenges of teaching teachers are called into question Is the role of a teacher educator to synthesize research based best practices for candidates to take to their field placements Does the preservice practicum experience challenge or reinforce a lifetime of socialized experiences in schools Must methods courses always be seen by most teacher candidates as little more than sites for collecting resources Where and how do candidates construct professional knowledge of teaching The data illustrate clearly that methods courses can be sites for powerful learning that challenges tacit assumptions about how and why we teach

Engaging in Narrative Inquiry D. Jean Clandinin, 2022-09-01 In *Engaging in Narrative Inquiry* Second Edition D Jean Clandinin a pioneer in narrative research updates her classic formulation on narrative inquiry clarifying extending and refining methods This updated edition looks at changes and developments in the field since the publication of the first edition in 2013 exploring how narrative inquiry explores human lives through a narrative lens that honors experience as a source of important knowledge and understanding The book includes several exemplary cases with the author's critique and analysis of the work The following are new to this edition New exemplary cases including Menon's autobiographical narrative inquiry as the starting point for framing a research puzzle and justifying a study Chung's account of a study that begins with living alongside participants and a paper from Swanson's autobiographical narrative inquiry An expanded discussion of the philosophical grounding of narrative inquiry An expanded discussion of relational ethics in narrative inquiry that highlights links to a relational ontology An updated account of the field of narrative inquiry that highlights future directions including the necessity of response groups and questions of responsibility and community The increasing interest in narrative inquiry as research methodology across disciplines makes this book an essential guide and an excellent text for graduate courses in qualitative inquiry education and nursing research sociology and all courses in autobiographical and narrative research and inquiry

Satire and Secrecy in English Literature from 1650 to 1750 M. Rabb, 2007-12-09 This book revises assumptions about satire as a public masculine discourse derived from classical precedents in order to develop theoretical and critical paradigms that accommodate women popular culture and postmodern theories of language as a potentially aggressive injurious act Although Habermas places satirists like Swift and Pope in the public sphere this book investigates their participation in clandestine strategies of attack in a world understood to be harboring dangerous secrets Authors of anonymous pamphlets as well as major figures including Behn Dryden Manley Swift and Pope share at times what Swift called the writer's life by stealth
